

Daintree Coast to Cape Tribulation

The Daintree Rainforest is estimated at 140 million years old and is the oldest living tropical rainforest on earth. Cape Tribulation is the only place on earth where two World Heritage listed sites meet, the Daintree Rainforest and Great Barrier Reef.

The road is sealed to Cape Tribulation along which you can explore walking tracks, swim in pristine freshwater spots, take guided tours by day and night and go swinging through the treetops. Why not explore the reef from your own kayak, or snorkel from a high speed raft? Venture along the Bloomfield Track in a 4WD, discover the secrets of the rainforest at an interpretive centre or just relax.

Accommodation is available along the coast from the Daintree River, Cow Bay, Cooper Creek, Thornton Beach to Cape Tribulation and beyond. Stay in retreats, motels, holiday homes, B&Bs and campsites and indulge in gourmet restaurants and cafes, or chill out with a croc burger or wood fired pizza.

Daintree Village

A short 30 minute drive north of Mossman is Daintree Village, on the southern banks of the Daintree River. Daintree Village is known for its unique bird life and crocodile spotting tours, which are a must do for any visitor. There are walking tracks and waterfalls to explore, unique sightseeing tours, including one in an Argo and there's always time for fishing.

If that sounds a little too adventurous for you, why not indulge in a rainforest spa experience, or check out the local shops and art galleries. Tempt your tastebuds with a range of dining options, from casual cafes with barra and croc on the menu, teahouse and gourmet restaurants.

Stay overnight in a range of accommodation to suit all types from resorts, private and secluded B&B's, holiday houses and camping sites.
