WASTE AND RECYCLING								
CONDITIONS OF DISPOSAL								
Disposal methods and operational capacity varies at each transfer station, over-sized loads or items may not always be accepted.								
Charges are standard to all landfills / transfer stations unless stated.								
Where a weighbridge is available Council reserves the right to weigh any vehicle - domestic or commercial, and charge for the weight of waste carried.								
Volumetric measure is only applicable where a weighbridge is not available on site or has been authorised by the Council Manager.								
A standard trailer is considered to be a single axel 6 x 4 box trailer without side boards or without being over loaded or over hanging. All example vehicles and loads are considered to be a standard load to that vehicle, that is not overloaded, over hanging or extruding.								
Domestic loads are considered to be self-hauled waste generated from or taken to residential households, where the weight of the waste or reusable item, vehicle and/or trailer do not exceed 4.5t GVM or GCM and a maximum of 4m3.								
Cow Bay, Daintree & Newell Transfer Stations only accept maximum vehicle and loads of 4.5t GVM or GCM and a maximum of 4m3.								
Fee Waiver								
The Manager Environment and Planning has delegated authority to determine to partially or wholly waive any scheduled waste services fee if it is considered that the fee is unreasonable or inappropriate in any case.								
DOMESTIC DISPOSAL FEES								
Domestic waste is generated from households and carried in vehicles 4.5t GVM or GVM or less.								
Domestic Mixed Waste - All Sites								
Domestic Mixed Waste is inert mixed waste generated from households and carried in vehicles 4.5t GVM or GVM or less.
