COMMENT

The 2020/21 annual budget was adopted on 30 June 2020 and revised on the 24 November 2020. The attached financial report details progress against revised budget for the period ended 28 February 2021.

The following information is provided to assist with interpreting the report, including the provision of relevant graphs.

Operating Revenue and Expenditure

Key points:

- Council has received 86% of its annual budgeted operating revenue
- Year to date operating expenditure is currently under budget.

Operating revenue is currently ahead of budget, with variations occurring primarily within the categories as follows:

- Rates and utility charges are currently \$9k behind budget this is due to several factors including a recorded decrease in water consumption \$24k to budget. This is offset by an increase in other charges \$17k which includes the Aged Care facility. Pension remission costs exceed budget by \$2k.
- Daintree Ferry revenue is currently \$105k behind budget. This includes refunds of \$19k for Covid Relief measures. This variance will continue to be monitored closely.
- Other fees and charges are currently online with budget, however there are a number of variances within this category:
 - Refuse Tipping fees are currently \$24k ahead of budget.
 - Licence Fees are currently \$14k behind budget. A delay in issuing prescribed activity fees \$38k causes this variance but is partially offset by issuing of film permits.
 - Property fees are currently \$110k ahead of budget. This includes Search Fees which are \$40k ahead of budget, which continues to reflect the reported increased movement in properties.
 - Other fees and charges are currently \$120k behind budget. Mossman Pool is \$26k behind and Facility hire is \$106k behind. This includes Port Douglas Markets which is \$64k behind budget and \$14k in refunds due to venue cancellations.
- Grants and subsidies are \$30k ahead of budget and includes funding for Sustainable Fishing \$13.5k & \$7.5k for Wangetti revegetation.
- Interest Income is currently \$17k ahead of budget.
- Other recurrent income is ahead of budget \$81k. An additional State works contract for Alchera drive works has impacted this result. Budgeted Income has also been moved to offset waste levy expense as per Audit advice. Other revenue can also be impacted by the timing of income from the sale of recycled materials.

On the operating expenditure side, year to date expenditure variations to budget are as follows:

- Materials and services expenditure is currently under budget \$1.1M. This variance is primarily due to timing of receipt of invoices and commencement of operational projects, Committals are currently \$2.0M, which include Annual purchase orders for major contracts such as Ferry, Waste removal, etc.
- Employee benefits are currently \$441k under budget. This can be impacted by various factors, such as staff vacancies, the amount and timing of leave taken and the allocation of costs to capital expenditure. This variance includes an allowance for the impact of an EBA change. Employee voting has completed, and the EBA has now moved forward in the process and has been sent to Queensland Industrial Relations commission for finalisation.
- Depreciation expense is currently \$269k under budget and is impacted by completion of projects.
- Finance Costs are currently \$8k under budget, this is due to timing of bank merchant fees charged.
