DEPARTMENT: Finance and IT

RECOMMENDATION

That Council notes the Financial Report for the period ended 31 July 2016.

EXECUTIVE SUMMARY

The attached Interim Financial Report details the progress of the 2016/17 budget for the period ending 31 July 2016. Key points to note include the following:

- operating revenue currently exceeds budget expectations by \$31k.
- operating expenditure is under budget by \$235k.
- the operating surplus is currently \$10.7m compared to a budgeted surplus of \$10.4m.

BACKGROUND

In accordance with section 204 of the *Local Government Regulation 2012* the Chief Executive Officer must present to Council a financial report which states the progress that has been made in relation to the budget. This report must be presented to Council on a monthly basis and cover the period up to a day as near as practicable to the end of the preceding month.

COMMENT

The 2016/17 annual budget was adopted on 28 June 2016 and the attached financial report details progress against budget for the period ending 31 July 2016. The report is prepared on an accrual basis and includes revenue earned and expenditure incurred during this period.

The following information is provided to assist with interpreting the report and includes graphs which show both actual expenditure and committals relating to materials and services expenditure and capital expenditure.

Operating Revenue and Expenditure

Key points:

- Council has received 37% of its annual budgeted operating revenue
- year to date operating expenditure is currently under budget

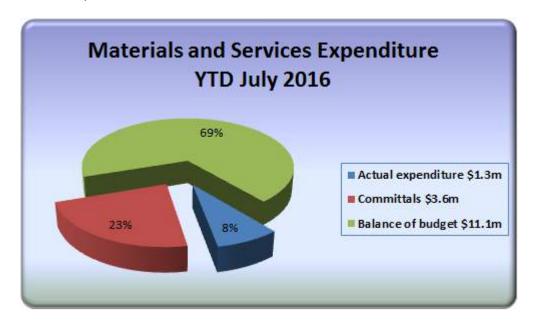

Overall year to date operating revenue is slightly ahead of budget, however there are a number of variations within the different categories as follows:

 Net rates and utility charges are \$19k ahead of budget due to greater than anticipated revenue from all categories of rates, mainly as a result of growth.

- Fees and charges are \$60k ahead of budget due to the following variations:
 - Ferry fares \$28k
 - Building and property related fees \$15k
 - Licences and Other fees and charges \$17k
- Grants and subsidies are \$40k under budget due to less than anticipated revenue from other grants and subsidies during July.
- Interest received is \$10k under budget due to less than anticipated revenue from overdue rates and utility charges and from investments.

On the operating expenditure side most categories of year to date operating expenditure are under budget as follows:

- Employee benefits expenditure is under budget by \$73k and can be impacted by various factors, such as staff vacancies, the amount and timing of leave taken and the allocation of costs to capital expenditure.
- Materials and Services expenditure is under budget by \$161k and whilst committals currently equal \$3.6m it should be noted that many of these committals relate to annual expenditure contracts.

 Depreciation expense has been accrued based on the budget forecast, as the asset register is still being finalised as part of the 2015/16 end of financial year process and cannot be updated with actual depreciation for the new financial year until this process is completed.

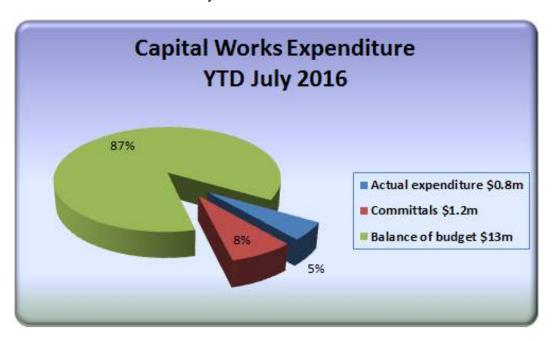

Capital Revenue and Expenditure

Key point:

 Council has received 17% of its annual budgeted capital grants and subsidies, which mainly relates to the new reservoir project

Full budget amounts for capital revenue and expenditure were allocated to July, as the timing of this work had not been fully determined when the original budget was prepared. These amounts will be subsequently adjusted as part of a future budget review to take into account carry forwards (uncompleted works) from the previous financial year and any new capital projects.

It should be noted that in addition to actual capital expenditure of \$779k a further \$1.2m had been committed as at the end of July.

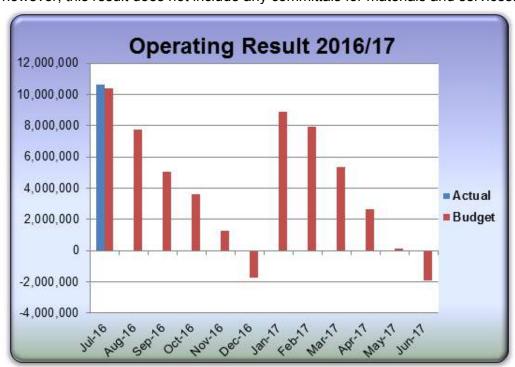

Operating Result

Key point:

the operating result is \$266k ahead of budget

As reflected in the attached report, total operating revenue at the end of July was slightly ahead of budget whereas operating expenditure was under budget. This has resulted in an operating surplus of \$10.7m compared to a budgeted surplus of \$10.4m. As mentioned above however, this result does not include any committals for materials and services.

The Financial Report for the period ending 31 July 2016 be received and noted by Council.

The interim results as at the end of July 2016 have not revealed any significant negative impacts on the 2016/17 budget.
