

5.4. REVOKE BUSKING GENERAL POLICY

REPORT AUTHOR Sara Roberts, Team Leader Local Laws

MANAGER Paul Hoye, Manager Environment and Planning

DEPARTMENT Environment and Planning

RECOMMENDATION

That Council revoke the Busking General Policy.

EXECUTIVE SUMMARY

Busking is a Prescribed Activity under *Local Law No. 1 (Administration) 2020*. As the activity is regulated by the local law, a policy is not required.

Furthermore, most local buskers use high foot traffic areas that do not require them to have a Council approval, such as the Port Village Shopping Centre, Port Douglas Markets and the front of Woolworths in Mossman.

BACKGROUND

Prior to the 2008 amalgamation with Cairns City Council (“Cairns”), Douglas Shire did not support busking activities within its CBD areas.

Cairns permits buskers in the city centre, particularly in the mall areas. Suitable areas were designated in Cairns to minimise disruption to retailers and add vibrancy to the area. Upon amalgamation, it was expected that areas in the Douglas Shire would be subject to the same policies and, as such, busking was permitted in Port Douglas and Mossman, despite no areas being identified as suitable.

Since then, busking has been permitted with mixed results. Council has received numerous complaints and Port Douglas Police have regularly had to shut down or move on performers who are causing a nuisance to accommodation houses and retailers. The activity is a favourite for backpackers who visit the area, usually during the high season, and seek to fund or extend their stay.

COMMENT

A soft review of the local laws will be undertaken in during the 2021/22 year. This will include making minor amendments and, after consulting Port Douglas Police and the Douglas Chamber of Commerce, it is proposed that busking be limited to the Port Douglas Markets and special events such as Carnivale. This will not affect buskers who currently utilise areas on private property, such as Port Village or Mossman Woolworths. Entertainment, exercise and similar activities in Council’s Parks and Reserves can be managed through Council’s Local Laws and Prescribed Activity approvals where appropriate.

PROPOSAL

That Council revoke the Busking General Policy.

FINANCIAL/RESOURCE IMPLICATIONS

Busking permits currently cost \$26.00 for a 3 month permit. Most of the “problem” buskers attempt to operate without an approval. In the 2018/19 financial year 6 permits were applied for, in the 2019/20 year 4 permits were applied for and in the current financial year, only 1 permit has been applied for. Any potential loss in revenue will be negligible.

RISK MANAGEMENT IMPLICATIONS

Revoking the policy will have no risk management implications as the activity and applicable conditions are covered by the local laws.

SUSTAINABILITY IMPLICATIONS

Economic: Nil

Environmental: Nil

Social: Limiting busking to private property and special events will remove the potential nuisance impact on retailers and accommodation houses, particularly in Macrossan Street.

ADOPTED: 16/06/2015
 DUE FOR REVISION: 16/06/2019
 REVOKED/SUPERSEDED:

Attachment 1: Pavement Art Code of Practice

- 1) This code of practice only covers the areas that are the responsibility of Douglas Shire Council.
- 2) Busking may include pavement art where it can be seen as a public form of entertainment under the guidelines of the Douglas Shire Council Busking Policy, with all of the Douglas Shire Council Busking Policy conditions applying and including the following specific applications of Douglas Shire Council policies to pavement art
- 3) Pavement art, for the purposes of this policy, is defined as Chalk Drawings rendered directly onto the pavement, or renderings done in other materials on removable surfaces, such as canvas or plastic, laid out onto the pavement.
- 4) Drawing directly onto the pavement may only occur where:
 - a. The material used is removable by water and does not leave a residue; and
 - b. The surface of the pavement is non-porous material, such as bitumen or concrete. Surfaces not able to be drawn upon directly include sandstone, granite and other porous surfaces.
- 5) Individual renditions of the artists work may not be offered for sale, or sold to the public.
- 6) Any proposed material to be used in carrying out pavement art must not be slippery (whether wet or dry) and must not be such as to be likely to cause a public hazard.
- 7) There must be no complaints received from shop owners regarding walking materials used in carrying out the pavement art into shops (such as chalk).

Attachment 2: Use of Dangerous Materials and Implements in Busking: Code of Practice

Douglas Shire Council recognises that many buskers use materials and/or implements in their performance that may reasonably be considered as dangerous. Council also acknowledges that, in the hands of skilled and experienced performers, the use of fire or superficially dangerous implements such as knives and swords within circus or juggling acts lends an appealing theatrical element that is popular with the viewing public.

The purpose of this code of practice is to ensure that the use of dangerous materials and implements is restricted to buskers who have highly developed skills and experience in their use and who are able to ensure the safety of both the performer and the viewing public.

1. Approval of the use of dangerous materials and/or implements

Buskers using dangerous materials and/or implements must hold a current Special Busking Permit to use such items in their performance. Buskers holding Special Busking Permits must adhere to all terms and conditions of the standard busking licence.

All dangerous implements to be used in the performance, as defined under the *Dangerous Goods Act*, Clauses 14, 31, 239, 240, 242, covering the use of prohibited items, must have edges blunted and rendered non dangerous (including chain saws and mechanical items). An implement is determined to be blunt if it is incapable of piercing human skin when pressure is directly applied to its edge or point against human skin.

Where flammable liquids are to be used, all storage and transport must be as per the Australian Dangerous Goods Code, section 7, including:

- Portable plastic containers to be no greater than 5 Litre capacity
- Containers to be conspicuously marked "HIGHLY FLAMMABLE"

2. Approved sites for the use of dangerous materials and implements.

Buskers may only use dangerous materials and/or implements within designated Special Busking Sites. Special Busking Sites will be recorded on a schedule of approved busking sites.

3. Process for Obtaining a Special Busking Permit

Special Busking Permits apply only to individual performers and not groups. All individual performers within a group must hold Special Busking Permits if they are to use dangerous materials and/or implements.

Special Busking Permits are available under the same terms and conditions as standard Busking Permits with the exception of the additional requirements nominated below:

A completed Risk Management Plan must accompany Special Busking Permit application. This risk Management Plan must include a minimum requirement the following items;

- Plan of performance area indicating minimum safety space between performer and audience
- Detail of means used to maintain safety space for duration of performance
- Detail of all dangerous implements and/or materials to be used in the performance.
- Detail of all safety devices on site during the performance
- Detail of first aid kit and First Aid Officer on site during performance
- Detail of all appropriate licences / certificates e.g. Chain Saw operators certificate, pyrotechnics certificate.
