### EXECUTIVE SUMMARY

The attached Financial Report details the progress of the 2019/20 budget for the period ended 31 October 2019. Key points to note include the following:

- Operating revenue is ahead of budget by \$82.7k.
- Operating expenditure is under budget by \$1.6m.
- The operating Surplus is currently \$6.8m, compared to a budgeted Surplus of \$5.1m.

### BACKGROUND

In accordance with section 204 of the Local Government Regulation 2012 the Chief Executive Officer must present to Council a financial report, which states the progress that has been made in relation to the current financial year's budget.

This report must be presented to Council on a monthly basis and cover the period up to a day as near as practicable to the end of the preceding month.

### COMMENT

The 2019/20 annual budget was adopted on 25 June 2019 and the attached financial report details progress against budget for the period ended 31 October 2019. The report is prepared on an accrual basis and includes revenue earned and expenditure incurred during this period.

The following information is provided to assist with interpreting the report, including the provision of relevant graphs.

### Operating Revenue and Expenditure

Key points:

- Council has received 46% of its annual budgeted operating revenue
- Year to date operating expenditure is currently under budget

Overall year to date operating revenue is ahead of budget, with variations occurring primarily within the categories as follows:

- Fees and charges are ahead of budget by \$9k. This is due to the following:
  - Daintree Ferry revenue currently \$4k ahead of budget
  - Refuse Tipping fees are currently \$25k behind budget
  - Other fees and charges are currently \$30k ahead of budget
- Grants and subsidies are behind of budget by \$123k. \$377k of budgeted Grant funding for Emergent works has been reclassified to Capital Revenue for Alexandra Range. This has been partially offset by Grant funding received in FY18/19 of \$114k for Storm Tide Study, \$40k for Hiptage & \$120k for Waste Levy. Audit advice has been to carry forward these grants to the FY 19/20. However
- Other recurrent income is ahead of budget \$165k primarily due to an increase in the Roads Maintenance Performance Contract.

On the operating expenditure side, year to date expenditure variations to budget are as follows:

- Materials and services expenditure is under budget \$1.3m. Committals are currently \$6.2m including Annual Expenditure purchase orders.
- Depreciation expense is currently under budget \$286k. This margin will close as projects are finalised throughout the year.

- Full budget amounts for capital revenue and expenditure are allocated to July. These amounts will be adjusted as part of a future budget review to take into account carry forwards (uncompleted works) from the previous financial year and any new capital projects.

It should be noted that in addition to year to date capital expenditure a further \$7.8m had been committed as at the end of September.
