

## 6.5. 2025/2026 FEES AND CHARGES SCHEDULE

**REPORT AUTHOR** Community Engagement Officer

**MANAGER** Chief Financial Officer

**DEPARTMENT** Community Services

### RECOMMENDATION

**That Council:**

- 1. Adopts the Schedule of Fees and Charges for the 2025-2026 financial year; and**
- 2. Delegates authority under s 257 of the *Local Government Act 2009* to the Chief Executive Officer to negotiate fees and charges where circumstances warrant and to make minor administrative amendments to the Schedule.**

### EXECUTIVE SUMMARY

The schedule of fees and charges for the 2025-2026 financial year has been developed with a focus on cost recovery for Council. In line with the Long-Term Financial Forecast, most fees will increase by approximately 3.9%, subject to rounding.

The proposed fees and charges were discussed with Councillors on 4 March 2025.

### BACKGROUND

In conjunction with the annual budget preparation, Council is required to adopt a schedule of fees and charges each financial year. Although the schedule is adopted for the full year, should circumstances warrant, new fees can be introduced, or fees amended throughout the year.

### COMMENTS

The 2025-2026 Schedule of Fees and Charges has been developed based on the fundamental principle of financial sustainability and ensuring the actual quantum of fees imposed more accurately represents the cost to Council of providing the applicable service.

This approach is consistent with a "user pays" system and reduces cross subsidisation of providing services from other revenue streams or other customers.

### PROPOSAL

The Schedule of Fees and Charges for the 2025-2026 financial year is presented to Council for adoption. All fees and charges come into effect from 1 July 2025.

### FINANCIAL/RESOURCE IMPLICATIONS

Fees and Charges are an integral component of the Council's revenue stream. Wherever possible, Council aims to recover the cost of providing the service. In other cases, Council subsidises the service in recognition of the broader community interest.

## RISK MANAGEMENT IMPLICATIONS

Obtaining appropriate fees for services provided will assist Council in its long-term objective of delivering balanced budgets and mitigate the risk of financial constraints restricting capacity on Council operations.

## SUSTAINABILITY IMPLICATIONS

<b>Economic:</b>	Council strives to achieve economic sustainability by recovering as many costs as possible through charging fees to the user.
<b>Environmental:</b>	Nil
<b>Social:</b>	New and revised fees have been introduced to support the delivery of services to the community.

## CORPORATE/OPERATIONAL PLAN, POLICY REFERENCE

This report has been prepared in accordance with the following:

### Corporate Plan 2019-2024 Initiatives:

#### Theme 5 - Robust Governance and Efficient Service Delivery

Strong governance and financial management are the foundations of the way in which Council will conduct its business and implement the initiatives of the Corporate Plan.

**Goal 3 - We will make sound financial decisions by ensuring robust strategic planning, financial management and reporting.**

### Operational Plan 2024-2025 Actions:

Legislative requirement.

## COUNCIL'S ROLE

Council can play a number of different roles in certain circumstances and it is important to be clear about which role is appropriate for a specific purpose or circumstance. The implementation of actions will be a collective effort and Council's involvement will vary from information only through to full responsibility for delivery.

The following areas outline where Council has a clear responsibility to act:

<b>Regulator</b>	Council has a number of statutory obligations detailed in numerous regulations and legislative Acts. Council also makes local laws to ensure that the Shire is well governed. In fulfilling its role as regulator, Council will utilise an outcomes based approach that balances the needs of the community with social and natural justice.
<b>Service Provider</b>	Council provides many services to the community from roads and waste services to libraries and recreational facilities. Services evolve over time and it is the Council's mission to ensure that these services are appropriate, delivered efficiently, and designed with the customer at the centre.

## CONSULTATION

**Internal:** Relevant officers, including management and staff, have been involved in the review of the Schedule of Fees and Charges and the proposed schedule has been subject to a workshop with Councillors on 4 March 2025.
