RECOMMENDATION

1. That pursuant to section 174 of the Local Government Regulations 2012, Council adopt the Operational Plan 2020-2021 as presented; and
2. Council require quarterly updates from the Chief Executive Officer regarding the implementation of the Operational Plan for the 2020-2021 financial year.

EXECUTIVE SUMMARY

This report provides Council with a proposed Operational Plan for the financial year 2020-2021 for consideration and adoption. The *Local Government Act 2009* (the Act) and *Local Government Regulation 2012* (the Regulations) require that Council prepare and adopt an Annual Operational Plan for each financial year.

BACKGROUND

Section 104 of the Act requires local governments to develop and implement an Operational Plan as part of its financial management system. A proposed Operational Plan for 2020-2021 has been developed concurrently with the budget and in consultation with Council's Executive Management Team and Councillors.

Section 175 of the Regulations states:

175 Annual operational plan contents

- (1) The annual operational plan for a local government must:
 - (a) Be consistent with its annual budget; and
 - (b) State how the local government will:
 - (i) Progress the implementation of the 5-year corporate plan during the period of the annual operational plan; and
 - (ii) Manage operational risks; and
 - (c) Include an annual performance plan for each commercial business unit of the local government.

The proposed Operational Plan 2020-2021 meets these requirements and is attached.

The proposed Operational Plan 2020-2021 is developed in alignment with the themes, and areas of focus of the Douglas Shire Corporate Plan 2019-2024, together with identified strategic projects. Key performance indicators are nominated against each of the deliverables, which provides a process for the measurement of Council's performance against its objectives. Furthermore, the proposed Operational Plan 2020-2021 integrates budget allocations against the objectives, which provides more transparent and accountable reporting against Council's key objectives.

COMMENT

Quarterly reports are provided from the Chief Executive Officer to Council to track the organisation's progress in delivering the nominated deliverables and strategic projects, in line with the reporting timeframes nominated in section 174(3) of the Regulations.

It is a legislative and regulatory requirement that the Council adopt an Operational Plan that outlines how the five year Corporate Plan will be implemented.

PROPOSAL

That pursuant to section 174 of the Local Government Regulations 2012, Council adopt the Operational Plan 2020-2021 as presented; and Council require quarterly updates from the Chief Executive Officer regarding the implementation of the Operational Plan for the 2020-2021 financial year

FINANCIAL/RESOURCE IMPLICATIONS

The deliverables and strategic projects outlined in the Operational Plan 2020-2021 have significant budget implications in that they are funded in the budget in the 2020-2021 financial year.

RISK MANAGEMENT IMPLICATIONS

Loss of public confidence (majority of population) and credibility in Councillors, staff and organisation on Operational Plan objectives are not achieved – This moderate risk will be minimized by the review of KPIs, linkages of the operational plan deliverables and reporting against the plan quarterly.

Introduction

Douglas Shire Council's Annual Operational Plan 2020-2021 provides the operational focus that will guide the organisation to deliver the Corporate Plan 2019-2024 objectives and work towards realising the shared vision for the Shires future.

The Operational Plan provides the framework to support the organisation to operationalise the goals of the Corporate Plan by setting out the specific activities, timelines, budget and measures, which helps to maintain focus and provide transparency as Council progresses the delivery of the Operational Plan objectives.

This Operational Plan details the activities that will be implemented and reported on quarterly, over the 2020-2021 financial year.

The operational activities are aligned with the themes as outlined in the Corporate Plan. These themes reflect the vision, provide the areas of focus and direct the strategic direction for Council's planning and service delivery. There are five themes:

- Celebrating our Communities
- Fostering Sustainable Economic Growth
- Leading Environmental Stewardship
- Inclusive Engagement, Planning and Partnership
- Robust Governance and Efficient Service Delivery

Executive Summary

Douglas Shire Council's Annual Operational Plan 2020-2021 has been developed in alignment with the themes and areas of focus of the Corporate Plan 2019-2024, as required by section 175 of the *Local Government Regulation 2012*. Identified key strategic projects and services are also incorporated into this Operational Plan.

Each of the key objectives are aligned with the respective financial allocation, to provide better transparency and accountability. Furthermore, each of the objectives have defined key performance indicators, to facilitate a process for the measurement of Council's performance against its key objectives.

Progress against the delivery of the objectives outlined in this plan are reported regularly throughout the year to Council and the community via quarterly performance reports and the Annual Report.

Planning

The Operational Plan is a key component of Council's strategic planning framework and should be considered in conjunction with other planning documents, including the long-term financial forecast, annual budget and corporate reporting.

The purpose of the Douglas Shire Corporate Plan is to clearly outline the strategic approach that Council will take over the next five years in furthering the goals and objectives of the Douglas Shire. This Operational Plan and the 2020-2021 Annual Budget details the actions Council will take in furthering the delivery of the strategic direction of the Corporate Plan.

Risk Management

Council is committed to implementing a systematic risk management methodology that identifies and addresses areas of potential risk within Council in a manner that is consistent with Australian Standards. Effective risk management is governed by an Enterprise Risk Management Framework that establishes the relationship between Council's various risk management components and processes.

A key element of the Risk Management Framework is Council's Risk Register. This register details how significant risks to the organisation are described, assessed and managed. It is maintained in accordance with Council's Risk Management Policy and the Enterprise Risk Management Guidelines.

Corporate and strategic risks are reviewed on a quarterly basis in alignment with the nominated review dates. Operational risks are monitored and reviewed on a regular basis and escalated where appropriate.

Ongoing and Recurring Operational Responsibilities

In addition to the specific initiatives identified for the 2020-2021 financial year, the ongoing work of each department/branch of Council forms part of Council's 'business as usual' operations. A summary of the ongoing responsibilities is listed below:

- **Good Governance** – Facilitating the decision making and leadership of Council through provision of advice and information.
