Douglas Shire Council – 2019-068 Daintree River Ferry Contract

Overview

The current Daintree River Ferry Services contract commenced on 1 July 2006 and is due to expire on 30 June 2021.

To ensure a seamless transition from the current contract to a new contract, sufficient time has to be allowed for potential service providers to submit their tender and to ensure any vessel is ready to commence operations by 1 July 2021.

To facilitate this end result it is planned to be in a position to invite Expressions of Interest in February 2019 and Tender submissions by no later than 30 June 2019 and to award the contract by no later than 31 December 2019.

It is expected that this would allow the successful tenderer to implement all necessary arrangements to effect a seamless transition to the new contract.

The Scope of the contract is yet to be finalised, but is expected to be outcome focussed, performance based in nature.
