Dear Sir

RE: APPLICATION FOR A DEVELOPMENT PERMIT FOR MATERIAL CHANGE OF USE ('MULTI-UNIT HOUSING') AND RECONFIGURATION OF A LOT (1 LOT INTO 2 LOTS) OVER LAND LOCATED AT 6 MUDLO STREET, PORT DOUGLAS, DESCRIBED AS LOT 915 ON PTD2092

Planning Plus Pty Ltd has been engaged by Ms Paula Newman ('The Applicant') to prepare and lodge the abovementioned development application.

In support of the application, please find **attached**:

- Completed IDAS Forms 1, 5 and 7 (**Annexure 1**); and
- Cheque for the relevant application fee of **\$4,102.60** in accordance with Council's 2014 - 2015 Schedule of Fees & Charges.

In addition to the above, the following submission has been prepared to assist Council and other relevant authorities with their assessment of the application.

1 Site Information

1.1 Site Details

Key details of the subject site include:

Address:	6 Mudlo Street, Port Douglas QLD 4877
Real Property Description:	Lot 915 on PTD2092 <i>Refer to Figure 1 – Google Earth Globe Image</i>
Site Area:	1,012m ²

Land Owner:	Paula Nicole Newman <i>Refer to Annexure 2 –Title Search</i>
--------------------	------------------------------------------------------------------------

1.2 Planning Context

The planning context of the site includes:

Regional Plan designation:	Urban Footprint.
Planning Scheme Locality:	Port Douglas and Environs.
Planning Area:	Tourist and Residential.
Planning Scheme Overlays:	Bushfire Hazard Overlay; and Acid Sulfate Soils Overlay.

1.3 Site Characteristics

Key site characteristics include:

Topography:	Generally flat.
Vegetation:	No remnant vegetation.
Wetlands:	None.
Conservation:	None.
Services:	The site is connected to, or has access to, all of the following urban infrastructures: <ul style="list-style-type: none"> ▪ Reticulated water supply; ▪ Sewerage; ▪ Telecommunications; ▪ Electricity; and ▪ Roads.
Waterways:	None.
Road frontages and length:	Approximately 20 meters to Mudlo Street.
Existing use of site:	Vacant.

1.4 Surrounding Land Uses

The subject site is located in an established residential area and is generally surrounded by multi-unit and holiday accommodation complexes. The site is also located opposite a large open space reserve and is in close proximity to the Central Business District of Port Douglas.

2 Application Details

2.1 General Description

Aspects of Development Sought:	Development Permit for Material Change of Use (Multi-Unit Housing) and Reconfiguration of a Lot (1 lot into 2 lots).
Applicant:	Ms Paula Nicole Newman C/- Planning Plus PO Box 8046 CAIRNS Q 4870
Contact:	Mr Evan Yelavich Planning Plus PO Box 8046 CAIRNS QLD 4870 Ph: 0402 073 082 E: evan@planningplusqld.com.au

3 Proposal

3.1 Proposal Detail

This application seeks a Development Permit for Material Change of Use (Multi-Unit Housing) and Reconfiguration of a Lot (1 lot into 2 lots). The proposal is seeking to create two (2) dwellings (i.e. a 'Duplex'), but then place each dwelling on a separate standard format lot title.

Material Change of Use

The dwellings are proposed to comprise three (3) bedrooms and two (2) bathrooms, on a single level. **Figure 2** includes the following proposal plans:

- Site Plan (Drawing No. SK-01)
- Floor Plan (Drawing No. SK-02)
- Section (Drawing No. SK-10)
- Elevations (Drawing No. SK-11)
- Perspective

The proposed dwellings are intended to be developed to a high standard and include provisions for a high level of amenity by way of landscaping areas and recreation areas in the form of a courtyard, timber deck and pool area.

Reconfiguration of a Lot (1 into 2)

The proposal seeks to create two (2) lots of 506m², each with 10 metres of frontage to Mudlo Street.

It is noted that the proposal does not comply with the minimum lot size prescriptions under the Tourist and Residential Planning Area Code, however, the establishment of two dwellings in an integrated arrangement as proposed is consistent with the existing surrounding land use arrangements and planning scheme intentions; therefore the proposed reconfiguration is merely seen as an alternative titling arrangement to that of a building format plan with no built form implications.

4 Legislative Requirements

4.1 Sustainable Planning Act 2009 (SPA)

This section provides an overview of the legislative context of the application under the provisions of the *Sustainable Planning Act 2009*.

4.1.1 Confirmation That Development is Not Prohibited

The proposed development is not prohibited. This has been established by considering all relevant instruments which can provide prohibitions under SPA including:

- Prohibited Development defined at Schedule 1 of the Sustainable Planning Act 2009 (Section 234).

4.1.2 Assessable Development

The development proposed by this application is 'assessable development' pursuant to Schedule 3 of the Sustainable Planning Act 2009, which states that 'assessable development' includes: *development not prescribed under a regulation to be assessable development, but declared to be assessable development under any of the following that applies to the area -*

- » *the planning scheme for the area;*
- » *a temporary local planning instrument;*
- » *a temporary local planning instrument; or*
- » *a preliminary approval to which section 242 applies.*

4.1.3 Assessment Manager

The Assessment Manager for this development application is Douglas Shire Council as determined by Schedule 6 of the Sustainable Planning Regulation 2009.

4.1.4 Level of Assessment

The table below summarises the assessable development subject of this application and the relevant level of assessment for each aspect of development.

Aspect of Development	Planning Instrument that determines Level of Assessment	Level of Assessment
Development Permit for Material Change of Use ('Multi-Unit Housing') and Reconfiguring of a Lot	Douglas Shire Planning Scheme 2008	Code

There are no inconsistencies in the level of assessment between planning instruments for the proposed development, therefore this application is subject to 'code assessment'.

4.1.5 Statutory Considerations for Assessable Development

As the development is subject to 'code assessment', the relevant considerations of the Assessment Manager in making the decision pursuant to Sections 313, 324 and 326 of the Sustainable Planning Act 2009 have been assessed at Section 5 of this Planning Report.

4.1.6 Referral Agencies

A review of Schedule 7 of the Sustainable Planning Regulations 2009 indicates that no State Agency referrals are triggered by the proposed development.

4.1.7 Public Notification

This application does not require public notification as it is subject to 'code assessment'.

4.1.8 State Resources

The proposal does not involve any State Resources.

5 Statutory Planning Assessment

5.1 Overview

This section assesses the application against all relevant statutory planning provisions.

5.2 State Planning Regulatory Provisions

No State Planning Regulatory Provisions are relevant to this application.

5.3 State Planning Policy

The State Planning Policy is relevant to the assessment of this application where a state interest is not appropriately reflected in the Planning Scheme relevant to the site. 'Part E: Interim development assessment requirements' outlines the state interests and associated assessment requirements which are to be considered in relation to certain development applications. An assessment of the subject application against Part E is provided in the following.

Liveable Communities	Not applicable.
Mining and Extractive Resources	Not applicable.
Biodiversity	Not applicable.
Coastal Environment	Not applicable.
Water Quality	Not applicable.
Emissions and Hazardous Activities	Not applicable.
Natural Hazards	Not applicable.
State Transport Infrastructure	Not applicable.
Strategic Airports and Aviation Facilities	Not applicable.

5.4 Regional Plan

The Far North Queensland Regional Plan 2009-2031 identifies the subject site as being within the 'Urban Footprint'. The proposal is considered to be consistent with the intent of this land and with the broader objectives of the plan which seek to promote increased residential densities and associated infrastructure efficiencies through a compact urban form.

5.5 State Development Assessment Provisions (SDAP)

No State Development Assessment Provisions are identified as being applicable to the proposal.

5.6 Planning Scheme

Under the Douglas Shire Planning Scheme 2008, the subject site is included within the 'Tourist and Residential' Planning Area. Within this designation, the proposed Material Change of Use and Reconfiguration of a Lot are identified as being 'code-assessable' development.

5.6.1 Applicable Codes

The following codes are considered to be relevant to this development:

- Port Douglas and Environs Locality Code
- Tourist and Residential Planning Area Code;
- Multi-Unit Housing/Holiday Accommodation/Retirement Facility Code;
- Reconfiguration of a Lot Code;
- Filling and Excavation Code;
- Landscape Code;
- Vehicle Parking Access Code; and
- Sustainable Development Code.

A detailed assessment against the Douglas Shire Planning Scheme codes is included as **Annexure 3** to this report. The proposal is considered generally compliant with the relevant 'Acceptable Solutions'

and/or 'Performance Criteria' of the relevant codes. Where strict compliance with the 'Acceptable Solutions' is not achieved, comments addressing the relevant 'Performance Criteria' are provided.

6 Conclusions and Recommendations

This submission supports an application by Ms Paula Newman ('The Applicant') for a Development Permit for Material Change of Use ('Multi-Unit Housing') and Reconfiguration of a Lot (1 lot into 2 lots) on land located at 6 Mudlo Street, Port Douglas, described as Lot 915 on PTD2092.

The submission has included an assessment of the proposal against the relevant statutory planning controls at both the local and state level and included supporting information intended to address the likely concerns of Council and assessing authorities.

In summary, we submit that the proposed development is unlikely to have any significant impacts on the infrastructure, environment or community of the surrounding area that cannot be adequately controlled through the use of reasonable and relevant conditions.

We trust this information is sufficient for your purposes; however should you require any further details or clarification, please do not hesitate to contact the undersigned.

Yours Faithfully

Evan Yelavich

IDAS Forms

IDAS form 1—Application details

(Sustainable Planning Act 2009 version 4.1 effective 4 July 2014)

This form must be used for **ALL** development applications.

You **MUST** complete **ALL** questions that are stated to be a mandatory requirement unless otherwise identified on this form.

For all development applications, you must:

- complete this form (*IDAS form 1—Application details*)
- complete any other forms relevant to your application
- provide any mandatory supporting information identified on the forms as being required to accompany your application.

Attach extra pages if there is insufficient space on this form.

All terms used on this form have the meaning given in the *Sustainable Planning Act 2009* (SPA) or the Sustainable Planning Regulation 2009.

This form and any other IDAS form relevant to your application must be used for development applications relating to strategic port land and Brisbane core port land under the *Transport Infrastructure Act 1994* and airport land under the *Airport Assets (Restructuring and Disposal) Act 2008*. Whenever a planning scheme is mentioned, take it to mean land use plan for the strategic port land, Brisbane core port land or airport land.

PLEASE NOTE: This form is not required to accompany requests for compliance assessment.

This form can also be completed online using MyDAS at www.dsdip.qld.gov.au/MyDAS

Mandatory requirements

Applicant details (Note: the applicant is the person responsible for making the application and need not be the owner of the land. The applicant is responsible for ensuring the information provided on all IDAS application forms is correct. Any development permit or preliminary approval that may be issued as a consequence of this application will be issued to the applicant.)

1. What is the nature of the development proposed and what type of approval is being sought?

Table A—Aspect 1 of the application (If there are additional aspects to the application please list in Table B—Aspect 2.)

a) What is the nature of the development? (Please only tick one box.)

☒ Material change of use ☐ Reconfiguring a lot ☐ Building work ☐ Operational work

b) What is the approval type? (Please only tick one box.)

☐ Preliminary approval under s241 of SPA ☐ Preliminary approval under s241 and s242 of SPA ☒ Development permit

c) Provide a brief description of the proposal, including use definition and number of buildings or structures where applicable (e.g. six unit apartment building defined as a *multi-unit dwelling*, 30 lot residential subdivision etc.)

Material Change of Use (Multi Unit Housing)

d) What is the level of assessment? (Please only tick one box.)

☐ Impact assessment ☒ Code assessment

Table B—Aspect 2 of the application (If there are additional aspects to the application please list in Table C—Additional aspects of the application.)

a) What is the nature of development? (Please only tick one box.)

☐ Material change of use ☒ Reconfiguring a lot ☐ Building work ☐ Operational work

b) What is the approval type? (Please only tick one box.)

☐ Preliminary approval under s241 of SPA ☐ Preliminary approval under s241 and s242 of SPA ☒ Development permit

c) Provide a brief description of the proposal, including use definition and number of buildings or structures where applicable (e.g. six unit apartment building defined as a *multi-unit dwelling*, 30 lot residential subdivision etc.)

Reconfiguration of a Lot (1 into 2)

d) What is the level of assessment?

☐ Impact assessment ☒ Code assessment

Table C—Additional aspects of the application (If there are additional aspects to the application please list in a separate table on an extra page and attach to this form.)

☐ Refer attached schedule ☐ Not required

2. Location of the premises (Complete Table D and/or Table E as applicable. Identify each lot in a separate row.)

Table D—Street address and lot on plan for the premises or street address and lot on plan for the land adjoining or adjacent to the premises (Note: this table is to be used for applications involving taking or interfering with water). (Attach a separate schedule if there is insufficient space in this table.)

- ☐ Street address **and** lot on plan (All lots must be listed.)
- ☐ Street address **and** lot on plan for the land adjoining or adjacent to the premises (Appropriate for development in water but adjoining or adjacent to land, e.g. jetty, pontoon. All lots must be listed.)

Street address					Lot on plan description		Local government area (e.g. Logan, Cairns)
Lot	Unit no.	Street no.	Street name and official suburb/ locality name	Post-code	Lot no.	Plan type and plan no.	
i)		6	Mudlo Street, Port Douglas	4877	915	PTD 2092	Douglas Shire Council
ii)							
iii)							

Planning scheme details (If the premises involves multiple zones, clearly identify the relevant zone/s for each lot in a separate row in the below table. Non-mandatory)

Lot	Applicable zone / precinct	Applicable local plan / precinct	Applicable overlay/s
i)	Tourist and Residential	Port Douglas and Environs	Bushfire Hazard Overlay
ii)			Acid Sulfate Soils
iii)			

Table E—Premises coordinates (Appropriate for development in remote areas, over part of a lot or in water not adjoining or adjacent to land e.g. channel dredging in Moreton Bay.) (Attach a separate schedule if there is insufficient space in this table.)

Coordinates (Note: place each set of coordinates in a separate row)				Zone reference	Datum	Local government area (if applicable)
Easting	Northing	Latitude	Longitude			
					<input type="checkbox"/> GDA94 <input type="checkbox"/> WGS84 <input type="checkbox"/> other	

3. Total area of the premises on which the development is proposed (indicate square metres)

1,012 m²

4. Current use/s of the premises (e.g. vacant land, house, apartment building, cane farm etc.)

Vacant

5. Are there any current approvals (e.g. a preliminary approval) associated with this application? (Non-mandatory requirement)

☒ No ☐ Yes—provide details below

List of approval reference/s	Date approved (dd/mm/yy)	Date approval lapses (dd/mm/yy)

6. Is owner's consent required for this application? (Refer to notes at the end of this form for more information.)

☐ No
☒ Yes—complete either Table F, Table G or Table H as applicable

Table F

Name of owner/s of the land	
I/We, the above-mentioned owner/s of the land, consent to the making of this application.	
Signature of owner/s of the land	
Date	

Table G

Name of owner/s of the land	
<input type="checkbox"/> The owner's written consent is attached or will be provided separately to the assessment manager.	

Table H

Name of owner/s of the land	Paula Nicole Newman
<input checked="" type="checkbox"/> By making this application, I, the applicant, declare that the owner has given written consent to the making of the application.	

7. Identify if any of the following apply to the premises (Tick applicable box/es.)

- ☐ Adjacent to a water body, watercourse or aquifer (e.g. creek, river, lake, canal)—complete Table I
- ☐ On strategic port land under the *Transport Infrastructure Act 1994*—complete Table J
- ☐ In a tidal water area—complete Table K
- ☐ On Brisbane core port land under the *Transport Infrastructure Act 1994* (No table requires completion.)
- ☐ On airport land under the *Airport Assets (Restructuring and Disposal) Act 2008* (no table requires completion)
- ☐ Listed on either the Contaminated Land Register (CLR) or the Environmental Management Register (EMR) under the *Environmental Protection Act 1994* (no table requires completion)

Table I

Name of water body, watercourse or aquifer

Table J	
Lot on plan description for strategic port land	Port authority for the lot

Table K	
Name of local government for the tidal area (if applicable)	Port authority for the tidal area (if applicable)

8. Are there any existing easements on the premises? (e.g. for vehicular access, electricity, overland flow, water etc)

☒ No ☐ Yes—ensure the type, location and dimension of each easement is included in the plans submitted

9. Does the proposal include new building work or operational work on the premises? (Including any services)

☒ No ☐ Yes—ensure the nature, location and dimension of proposed works are included in plans submitted

10. Is the payment of a portable long service leave levy applicable to this application? (Refer to notes at the end of this form for more information.)

☒ No—go to question 12 ☐ Yes

11. Has the portable long service leave levy been paid? (Refer to notes at the end of this form for more information.)

☒ No
☐ Yes—complete Table L and submit with this application the yellow local government/private certifier's copy of the receipted QLeave form

Table L		
Amount paid	Date paid (dd/mm/yy)	QLeave project number (6 digit number starting with A, B, E, L or P)

12. Has the local government agreed to apply a superseded planning scheme to this application under section 96 of the *Sustainable Planning Act 2009*?

☒ No
☐ Yes—please provide details below

Name of local government	Date of written notice given by local government (dd/mm/yy)	Reference number of written notice given by local government (if applicable)

13. List below all of the forms and supporting information that accompany this application (Include all IDAS forms, checklists, mandatory supporting information etc. that will be submitted as part of this application. Note: this question does not apply for applications made online using MyDAS)

Description of attachment or title of attachment	Method of lodgement to assessment manager
Planning Report (including IDAS Forms and supporting documentation)	SmarteDA

14. Applicant's declaration

☒ By making this application, I declare that all information in this application is true and correct (Note: it is unlawful to provide false or misleading information)

Notes for completing this form

- Section 261 of the *Sustainable Planning Act 2009* prescribes when an application is a properly-made application. Note, the assessment manager has discretion to accept an application as properly made despite any non-compliance with the requirement to provide mandatory supporting information under section 260(1)(c) of the *Sustainable Planning Act 2009*

Applicant details

- Where the applicant is not a natural person, ensure the applicant entity is a real legal entity.

Question 1

- Schedule 3 of the Sustainable Planning Regulation 2009 identifies assessable development and the type of assessment. Where schedule 3 identifies assessable development as "various aspects of development" the applicant must identify each aspect of the development on Tables A, B and C respectively and as required.

Question 6

- Section 263 of the *Sustainable Planning Act 2009* sets out when the consent of the owner of the land is required for an application. Section 260(1)(e) of the *Sustainable Planning Act 2009* provides that if the owner's consent is required under section 263, then an application must contain, or be accompanied by, the written consent of the owner, or include a declaration by the applicant that the owner has given written consent to the making of the application. If a development application relates to a state resource, the application is not required to be supported by evidence of an allocation or entitlement to a state resource. However, where the state is the owner of the subject land, the written consent of the state, as landowner, may be required. Allocation or entitlement to the state resource is a separate process and will need to be obtained before development commences.

Question 7

- If the premises is listed on either the Contaminated Land Register (CLR) or the Environmental Management Register (EMR) under the *Environmental Protection Act 1994* it may be necessary to seek compliance assessment. Schedule 18 of the Sustainable Planning Regulation 2009 identifies where compliance assessment is required.

Question 11

- The *Building and Construction Industry (Portable Long Service Leave) Act 1991* prescribes when the portable long service leave levy is payable.
- The portable long service leave levy amount and other prescribed percentages and rates for calculating the levy are prescribed in the Building and Construction Industry (Portable Long Service Leave) Regulation 2002.

Question 12

- The portable long service leave levy need not be paid when the application is made, but the *Building and Construction Industry (Portable Long Service Leave) Act 1991* requires the levy to be paid before a development permit is issued.
- Building and construction industry notification and payment forms are available from any Queensland post office or agency, on request from QLeave, or can be completed on the QLeave website at www.qleave.qld.gov.au. For further information contact QLeave on 1800 803 481 or visit www.qleave.qld.gov.au.

Privacy—The information collected in this form will be used by the Department of State Development, Infrastructure and Planning (DSDIP), assessment manager, referral agency and/or building certifier in accordance with the processing and assessment of your application. Your personal details should not be disclosed for a purpose outside of the IDAS process or the provisions about public access to planning and development information in the *Sustainable Planning Act 2009*, except where required by legislation (including the *Right to Information Act 2009*) or as required by Parliament. This information may be stored in relevant databases. The information collected will be retained as required by the *Public Records Act 2002*.

IDAS form 5—Material change of use assessable against a planning scheme

(Sustainable Planning Act 2009 version 3.0 effective 1 July 2013)

This form must be used for development applications for a material change of use assessable against a planning scheme.

You **MUST** complete **ALL** questions that are stated to be a mandatory requirement unless otherwise identified on this form.

For all development applications, you must:

- complete *IDAS form 1—Application details*
- complete any other forms relevant to your application
- provide any mandatory supporting information identified on the forms as being required to accompany your application.

Attach extra pages if there is insufficient space on this form.

All terms used on this form have the meaning given in the Sustainable Planning Act 2009 (SPA) or the Sustainable Planning Regulation 2009.

This form must also be used for material change of use on strategic port land and Brisbane core port land under the *Transport Infrastructure Act 1994* and airport land under the *Airport Assets (Restructuring and Disposal) Act 2008* that requires assessment against the land use plan for that land. Whenever a planning scheme is mentioned, take it to mean land use plan for the strategic port land, Brisbane core port land or airport land.

This form can also be completed online using MyDAS at www.dsdip.qld.gov.au/MyDAS

Mandatory requirements

- 1. Describe the proposed use.** (Note: this is to provide additional detail to the information provided in question 1 of *IDAS form 1—Application details*. Attach a separate schedule if there is insufficient space in this table.)

General explanation of the proposed use	Planning scheme definition (include each definition in a new row) (non-mandatory)	No. of dwelling units (if applicable) or gross floor area (if applicable)	Days and hours of operation (if applicable)	No. of employees (if applicable)
Multi Unit Housing	Multi Unit Housing	2		

- 2. Are there any current approvals associated with the proposed material change of use?** (e.g. a preliminary approval.)

☒ No ☐ Yes—provide details below

List of approval reference/s	Date approved (dd/mm/yy)	Date approval lapses (dd/mm/yy)

3. Does the proposed use involve the following? (Tick all applicable boxes.)

The reuse of existing buildings on the premises	<input checked="" type="checkbox"/> No	<input type="checkbox"/> Yes
New building work on the premises	<input type="checkbox"/> No	<input checked="" type="checkbox"/> Yes
The reuse of existing operational work on the premises	<input checked="" type="checkbox"/> No	<input type="checkbox"/> Yes
New operational work on the premises	<input type="checkbox"/> No	<input checked="" type="checkbox"/> Yes

Mandatory supporting information

4. Confirm that the following mandatory supporting information accompanies this application

Mandatory supporting information	Confirmation of lodgement	Method of lodgement
All applications		
<p>A site plan drawn to an appropriate scale (1:100, 1:200 or 1:500 are recommended scales) which shows the following:</p> <ul style="list-style-type: none"> the location and site area of the land to which the application relates (<i>relevant land</i>) the north point the boundaries of the relevant land any road frontages of the relevant land, including the name of the road the location and use of any existing or proposed buildings or structures on the relevant land (note: where extensive demolition or new buildings are proposed, two separate plans [an existing site plan and proposed site plan] may be appropriate) any existing or proposed easements on the relevant land and their function the location and use of buildings on land adjoining the relevant land all vehicle access points and any existing or proposed car parking areas on the relevant land. Car parking spaces for persons with disabilities and any service vehicle access and parking should be clearly marked for any new building on the relevant land, the location of refuse storage the location of any proposed retaining walls on the relevant land and their height the location of any proposed landscaping on the relevant land the location of any stormwater detention on the relevant land. 	<input checked="" type="checkbox"/> Confirmed	
A statement about how the proposed development addresses the local government's planning scheme and any other planning instruments or documents relevant to the application.	<input checked="" type="checkbox"/> Confirmed	
A statement about the intensity and scale of the proposed use (e.g. number of visitors, number of seats, capacity of storage area etc.).	<input checked="" type="checkbox"/> Confirmed	
<p>Information that states:</p> <ul style="list-style-type: none"> the existing or proposed floor area, site cover, maximum number of storeys and maximum height above natural ground level for existing or new buildings (e.g. information regarding existing buildings but not being reused) the existing or proposed number of on-site car parking bays, type of vehicle cross-over (for non-residential uses) and vehicular servicing arrangement (for non-residential uses). 	<input checked="" type="checkbox"/> Confirmed <input type="checkbox"/> Not applicable	

A statement addressing the relevant part(s) of the State Development Assessment Provisions (SDAP).	<input type="checkbox"/> Confirmed <input checked="" type="checkbox"/> Not applicable	
When the application involves the reuse of existing buildings		
Plans showing the size, location, existing floor area, existing site cover, existing maximum number of storeys and existing maximum height above natural ground level of the buildings to be reused.	<input type="checkbox"/> Confirmed <input checked="" type="checkbox"/> Not applicable	
When the application involves new building work (including extensions)		
Floor plans drawn to an appropriate scale (1:50, 1:100 or 1:200 are recommended scales) which show the following: <ul style="list-style-type: none"> the north point the intended use of each area on the floor plan (for commercial, industrial or mixed use developments only) the room layout (for residential development only) with all rooms clearly labelled the existing and the proposed built form (for extensions only) the gross floor area of each proposed floor area. 	<input checked="" type="checkbox"/> Confirmed	
Elevations drawn to an appropriate scale (1:100, 1:200 or 1:500 are recommended scales) which show plans of all building elevations and facades, clearly labelled to identify orientation (e.g. north elevation)	<input checked="" type="checkbox"/> Confirmed	
Plans showing the size, location, proposed site cover, proposed maximum number of storeys, and proposed maximum height above natural ground level of the proposed new building work.	<input checked="" type="checkbox"/> Confirmed <input type="checkbox"/> Not applicable	
When the application involves reuse of other existing work		
Plans showing the nature, location, number of on-site car parking bays, existing area of landscaping, existing type of vehicular cross-over (non-residential uses), and existing type of vehicular servicing arrangement (non-residential uses) of the work to be reused.	<input type="checkbox"/> Confirmed <input checked="" type="checkbox"/> Not applicable	
When the application involves new operational work		
Plans showing the nature, location, number of new on-site car parking bays, proposed area of new landscaping, proposed type of new vehicle cross-over (non-residential uses), proposed maximum new vehicular servicing arrangement (non-residential uses) of the proposed new operational work.	<input checked="" type="checkbox"/> Confirmed <input type="checkbox"/> Not applicable

IDAS form 5—Material change of use assessable
against a planning scheme
Version 3.0—1 July 2013

IDAS form 7—Reconfiguring a lot

(Sustainable Planning Act 2009 version 3.1 effective 1 October 2014)

This form must be used for development applications or requests for compliance assessment for reconfiguring a lot.

You **MUST** complete **ALL** questions that are stated to be a mandatory requirement unless otherwise identified on this form.

For all development applications, you must:

- complete *IDAS form 1—Application details*
- complete any other forms relevant to your application
- provide any mandatory supporting information identified on the forms as being required to accompany your application.

For requests for compliance assessment, you must:

- complete IDAS form 32—Compliance assessment
- Provide any mandatory supporting information identified on the forms as being required to accompany your request

Attach extra pages if there is insufficient space on this form.

All terms used on this form have the meaning given in the *Sustainable Planning Act 2009* (SPA) or the Sustainable Planning Regulation 2009.

This form can also be completed online using MyDAS at www.dsdip.qld.gov.au/MyDAS

Mandatory requirements

1. What is the total number of existing lots making up the premises?

1

2. What is the nature of the lot reconfiguration? (Tick all applicable boxes.)

- ☒ subdivision—complete questions 3–6 and 11
- ☐ boundary realignment—complete questions 8, 9 and 11
- ☐ creating an easement giving access to a lot from a constructed road—complete questions 10 and 11
- ☐ dividing land into parts by agreement—please provide details below and complete questions 7 and 11

3. Within the subdivision, what is the number of additional lots being created and their intended final use?

Intended final use of new lots	Residential	Commercial	Industrial	Other—specify
Number of additional lots created	1	0	0	0

4. What type of approval is being sought for the subdivision?

- ☒ Development permit
- ☐ Preliminary approval
- ☐ Compliance permit

5. Are there any current approvals associated with this subdivision application or request?
(E.g. material change of use.)

☒ No ☐ Yes—provide details below

List of approval reference/s	Date approved (dd/mm/yy)	Date approval lapses (dd/mm/yy)

6. Does the proposal involve multiple stages?

☒ No—complete Table A ☐ Yes—complete Table B

Table A

- a) What is the total length of any new road to be constructed? (metres)
- b) What is the total area of land to be contributed for community purposes? (square metres)
- c) Does the proposal involve the construction of a canal or artificial waterway?
☒ No ☐ Yes
- d) Does the proposal involve operational work for the building of a retaining wall?
☒ No ☐ Yes

0

0

Table B—complete a new Table B for every stage if the application involves more than one stage

- a) What is the proposed estate name? (if known and if applicable)
- b) What stage in the development does this table refer to?
- c) If a development permit is being sought for this stage, will the development permit result in additional residential lots?
☐ No ☐ Yes—specify the total number
- d) What is the total area of land for this stage? (square metres)
- e) What is the total length of any new road to be constructed at this stage? (metres)
- f) What is the total area of land to be contributed for community purposes at this stage? (square metres)
- g) Does the proposal involve the construction of a canal or artificial waterway?
☐ No ☐ Yes
- h) Does the proposal involve operational work for the building of a retaining wall?
☐ No ☐ Yes

7. Lease/agreement details—how many parts are being created and what is their intended final use?

Intended final use of new parts	Residential	Commercial	Industrial	Other—specify
Number of additional parts created				

8. What are the current and proposed dimensions following the boundary realignment for each lot forming the premises?

Current lot			Proposed lot		
Lot plan description	Area (square metres)	Length of road frontage	Lot number	Area (square metres)	Length of road frontage

9. What is the reason for the boundary realignment?

--

10. What are the dimensions and nature of the proposed easement? (If there are more than two easements proposed please list in a separate table on an extra page and attach to this form.)

Width (m)	Length (m)	Purpose of the easement (e.g. pedestrian access)?	What land is benefitted by the easement?

Mandatory supporting information

11. Confirm that the following mandatory supporting information accompanies this application or request

Mandatory supporting information	Confirmation of lodgement	Method of lodgement
All applications and requests for reconfiguring a lot		
<p>Site plans drawn to an appropriate scale (1:100, 1:200 or 1:500 are the recommended scales) which show the following:</p> <ul style="list-style-type: none"> the location and site area of the land to which the application or request relates (relevant land) the north point the boundaries of the relevant land any road frontages of the relevant land, including the name of the road the contours and natural ground levels of the relevant land the location of any existing buildings or structures on the relevant land the allotment layout showing existing lots, any proposed lots (including the dimensions of those lots), existing or proposed road reserves, building envelopes and existing or proposed open space (note: numbering is required for all lots) any drainage features over the relevant land, including any watercourse, creek, dam, waterhole or spring and any land subject to a flood with an annual exceedance probability of 1% any existing or proposed easements on the relevant land and their function all existing and proposed roads and access points on the relevant land any existing or proposed car parking areas on the relevant land the location of any proposed retaining walls on the relevant land and their height the location of any stormwater detention on the relevant land the location and dimension of any land dedicated for community 	<input checked="" type="checkbox"/> Confirmed	

purposes <ul style="list-style-type: none"> the final intended use of any new lots. 		
For a development application – A statement about how the proposed development addresses the local government's planning scheme and any other planning documents relevant to the application. For a request for compliance assessment – A statement about how the proposed development addresses the matters or things against which the request must be assessed.	<input checked="" type="checkbox"/> Confirmed	
A statement addressing the relevant part(s) of the State Development Assessment Provisions (SDAP).	<input type="checkbox"/> Confirmed <input checked="" type="checkbox"/> Not applicable	

Notes for completing this form

- For supporting information requirements for requests for compliance assessment, please refer to the relevant matters for which compliance assessment will be carried out against. To avoid an action notice, it is recommended that you provide as much of the mandatory information listed in this form as possible.

Privacy—Please refer to your assessment manager, referral agency and/or building certifier for further details on the use of information recorded in this form.

Code Assessment – Douglas Shire Planning Scheme 2008

PERFORMANCE CRITERIA	ACCEPTABLE SOLUTIONS	SOLUTION ¹	COMMENTS	COUNCIL USE ONLY
Elements of the Code				
General Requirements				
P1 Buildings and structures complement the height and surrounding development. AND Buildings are limited to two storeys. OR In the High Scale locations depicted on the Locality Plan, development of three storeys is appropriate	A1.1 In the Planning Areas (and parts thereof) listed below the maximum height of buildings/structures is 6.5 metres. In addition, the roof (including any ancillary roof features) does not exceed a maximum height of 3.5 metres above the intersection of the pitching part of the roof and the wall of the building: <ul style="list-style-type: none"> • Residential 1. • Industry. • Conservation. • Community and Recreational Facilities. • Residential 2. • Tourist and Residential (Medium Scale). • Commercial (Medium Scale outside the Tourist Centre). • Commercial (High Scale outside the Tourist Centre). • Commercial (High Scale within the Tourist Centre and on the high side of Macrossan Street) – in this instance there is no specified number of storeys, however the maximum height prevails. OR In the Planning Areas (parts thereof) listed below the maximum height of buildings/structures is 10 metres and 3 storeys. In addition, the roof (including any ancillary roof features) does not exceed a maximum height of 3.5 metres above the intersection of the pitching part of the roof and the wall of the building: <ul style="list-style-type: none"> • Tourist and Residential (High Scale). Commercial (High Scale within the Tourist Centre and on the low side of Macrossan Street through to Warner Street).	✓	The proposal complies. The site is located within the Tourist and Residential Planning Area (High Scale – Elsewhere) Plot ratio.	

Solution: ✓ = Acceptable Solution
 A/S = Alternative Solution
 N/A = Not applicable to this proposal

Annexure 3

PERFORMANCE CRITERIA	ACCEPTABLE SOLUTIONS	SOLUTION ¹	COMMENTS	COUNCIL USE ONLY
P2 Development is connected to available urban services.	A2.1 Development is connected to available urban services by underground connections, wherever possible.	✓	Proposal complies or is capable of complying.	
	AND/OR Contributions are paid when applicable in accordance with the requirements of the Planning Scheme Policy No 11 – Water Supply and Sewerage Headworks and Works External Contributions.	✓	Proposal is capable of complying.	
P3 Landscaping of development sites complements the existing tropical seaside resort town character of Port Douglas and creates a dominant tropical vegetation streetscape.	A3.1 Landscaping of a development site complies with Planning Scheme Policy No 7 – Landscaping with particular emphasis on appropriate species for Port Douglas.	✓	Proposal is capable of complying.	
P4 Development sites are provided with efficient and safe vehicle access and manoeuvring areas on site and to the site, to an acceptable standard for the Locality.	A4.1 All roads, driveways and manoeuvring areas on site and adjacent to the site are designed and maintained to comply with the specifications set out in the Planning Scheme Policy No 6 – FNQROC Development Manual.	✓	Proposal complies.	

Solution: ✓ = Acceptable Solution
 A/S = Alternative Solution
 N/A = Not applicable to this proposal

Annexure 3

PERFORMANCE CRITERIA		ACCEPTABLE SOLUTIONS	SOLUTION ¹	COMMENTS	COUNCIL USE ONLY
Tourist Centre					
P5	Development in the Tourist Centre enhances the distinct tropical resort town character and identity of Port Douglas and encourages pedestrian activity at street level including shade protection across the entire footpath for the length of the building.	A5.1 Development is built up to the street frontage/s at ground level and incorporates a light frame awning a minimum of 3 metres wide for the length of the street frontage/s. OR If a development includes an outdoor dining area at ground/footpath level, the dining area has a maximum setback of 6 metres and the required awning is still maintained along the length of the street frontage/s.	N/A	Not applicable.	
P6	Development in the Tourist Centre is predominantly commercial in nature with any tourist accommodation having a secondary focus and not located on the street-level frontage.	A6.1 Commercial development established at ground level and a maximum of one level above ground with any residential tourist development establishing on levels above ground or on ground level but not on the street frontage, in any mixed use development.	N/A	Not applicable.	

Solution: ✓ = Acceptable Solution
 A/S = Alternative Solution
 N/A = Not applicable to this proposal

Annexure 3

PERFORMANCE CRITERIA	ACCEPTABLE SOLUTIONS	SOLUTION ¹	COMMENTS	COUNCIL USE ONLY
P7 Development in the Tourist Centre is of a height and scale which complements the village character of the town and remains subservient to the natural environment and the backdrop of Flagstaff Hill in particular.	A7.1 The achievement of the maximum building/structure height specified in A1.1 relies on compliance with Acceptable Solutions A7.2, A7.3, A7.4 and A8.1 below.	N/A	Not applicable.	
	A7.2 Development has a maximum length of unbroken building façade of 20 metres and a maximum extent of overall development in the same style/design along the street frontages of 40 metres.	N/A	Not applicable.	
	A7.3 Any break in the building façade varies the alignment by a 1 metre minimum deviation.	N/A	Not applicable.	
	A7.4 A minimum of three of the following building design elements detailed below are incorporated to break the extended façade of a development: <ul style="list-style-type: none"> • A change in roof profile. • A change in parapet coping. • A change in awning design. • A horizontal or vertical change in the wall plane. • A change in the exterior finishes and exterior colours of the development. Planning Scheme Policy No 2 – Building Design and Architectural Elements should be referred to for demonstrating compliance with elements listed above.	N/A	Not applicable.	
	A7.5 Any building which does not comply with A7.2, A7.3 and A7.4 above is limited to one storey and/or 4.5 metres in height.	N/A	Not applicable.	

Solution: ✓ = Acceptable Solution
 A/S = Alternative Solution
 N/A = Not applicable to this proposal

Annexure 3

PERFORMANCE CRITERIA	ACCEPTABLE SOLUTIONS	SOLUTION ¹	COMMENTS	COUNCIL USE ONLY
<p>P8 Development in the Tourist Centre is climate-responsive, contributes positively to the character of the Locality, is complementary in scale to surrounding development and does not exceed a base plot ratio of 0.5:1 and a maximum plot ratio of 1:1.</p> <p>AND</p> <p>Will not achieve the maximum plot ratio specified above unless the development incorporates building design features and architectural elements detailed in Planning Scheme Policy No 2 – Building Design and Architectural Elements (and referred to in the Acceptable Solutions).</p>	<p>A8.1 Development incorporates the following design features and corresponding plot ratio bonuses [in brackets]:</p> <ul style="list-style-type: none"> • Appropriate roof form and roofing materials [10% plot ratio bonus]. • Appropriate fenestration in combination with roof form [5% plot ratio bonus]. • Appropriate window openings with window awnings, screens or eaves shading 80% of the window opening – refer Planning Scheme Policy No 2 – Building Design and Architecture Elements [15% plot ratio bonus]. • Minimum of 700mm eaves [15% plot ratio bonus]. • Orientation of the building to address the street/s [5% plot ratio bonus]. • Sheltered pedestrian access by enclosed covered common area walkway of 1.5 metres in width from the car parking area/s to the development [5% plot ratio bonus]. • Inclusion of windows and balconies to the street façade of the building [10% plot ratio bonus]. • Provision of lattices, battens or privacy screens [5% of plot ratio bonus]. <p>The overall length of a building does not exceed 30 metres and the overall length of any continuous wall does not exceed 15 metres [10% plot ratio bonus].</p>	<p>N/A</p>	<p>Not applicable.</p>	

Solution: ✓ = Acceptable Solution
 A/S = Alternative Solution
 N/A = Not applicable to this proposal

Annexure 3

PERFORMANCE CRITERIA	ACCEPTABLE SOLUTIONS	SOLUTION ¹	COMMENTS	COUNCIL USE ONLY
P9 Car parking generated by: (a) The commercial component of development is fully or partly accommodated on the site of the development, depending on the availability of alternative public car parking nearby with any balance to be paid in lieu of providing on-site car parking for commercial development in accordance with Planning Scheme Policy No 3 – Car Parking Contributions. The residential component of any mixed use development is provided on the site for the full allocation for units and visitor parking and is held in a common pool for common use.	A9.1 In respect to P9, a minimum of 30% of the car parking requirements for the commercial component of development is provided on the site of a development fronting Grant, Macrossan, Owen or Wharf Street, with 100% on-site provision applying for a commercial component along other streets in the Tourist Centre. AND Any balance is paid in lieu of providing on-site car parking for commercial development in accordance with Planning Scheme Policy No 3 – Car Parking Contributions.	N/A	Not applicable.	
P10 The use of on-site public car parking in the Tourist Centre is maximised.	A10.1 On site car parking available for public use in the Tourist Centre is clearly sign-posted at the site frontage. A10.2 Signage for car parking for public use is to be a standard blue and white sign with a directional arrow unless otherwise specified. A10.3 Boom gates, pay machines or other regulatory devices to control access to public car parking areas are not constructed/erected.	N/A N/A N/A	Not applicable. Not applicable. Not applicable.	
P11 Car parking and access in the Tourist Centre: (a) Does not dominate street frontages, especially along streets with high pedestrian traffic and pedestrian oriented development. (b) Facilitates pedestrian connectivity. Is safe and convenient.	A11.1 In respect of P11(a) along Grant, Macrossan, Owen and Wharf Streets, on-site car parking and access is minimised, and where possible, shared access driveways and access easements are to be provided to limit the number of vehicles crossing.	N/A	Not applicable.	

Solution: ✓ = Acceptable Solution
 A/S = Alternative Solution
 N/A = Not applicable to this proposal

Annexure 3

PERFORMANCE CRITERIA	ACCEPTABLE SOLUTIONS	SOLUTION ¹	COMMENTS	COUNCIL USE ONLY
P12 Residents in residential accommodation located within the Tourist Centre are protected from noise intrusion associated with night time activities, bars and nightclubs.	A12.1 No Acceptable Solution. (Information that Council may request to demonstrate compliance with the Performance Criteria is outlined in Planning Scheme Policy No 10 – Reports and Information Council May Request, for code and impact assessable development).	N/A	Not applicable.	
P13 Safe and convenient pedestrian linkages are promoted in the Tourist Centre.	A13.1 One centrally located pedestrian access is provided via a sheltered walkway/arcade from Macrossan Street to Warner Street between Grant Street and Owen Street.	N/A	Not applicable.	

Solution: ✓ = Acceptable Solution
 A/S = Alternative Solution
 N/A = Not applicable to this proposal

Annexure 3

PERFORMANCE CRITERIA	ACCEPTABLE SOLUTIONS	SOLUTION ¹	COMMENTS	COUNCIL USE ONLY
Local Centres				
P14 Local Centres outside the Tourist Centre service the surrounding residential area and do not adversely impact on the viability of the Tourist Centre.	A14.1 The Net Lettable Area of each of the existing Local Centres does not exceed 300m ² and is apportioned equally between the total number of lots which comprise the Local Centre.	N/A	Not applicable.	
	A14.2 Any proposed new Local Centre with a maximum Net Lettable Area of 500m ² , only establishes when an identifiable population of 1000 persons is located more than 2km from any existing Local Centre or the Tourist Centre.	N/A	Not applicable.	
	A14.3 Any new Local Centre is located at a "gateway" location to a residential area, which best serves the surrounding residential area.	N/A	Not applicable.	
Residential Development Outside Tourist Area				
P15 Existing residential housing estates are protected from incursion by higher density residential uses.	A15.1 Multi-unit housing does not establish in the residential estate of Solander and the areas in Reef Park estate included in Residential 1 Planning Area.	N/A	Not applicable.	

Solution: ✓ = Acceptable Solution
 A/S = Alternative Solution
 N/A = Not applicable to this proposal

Annexure 3

PERFORMANCE CRITERIA	ACCEPTABLE SOLUTIONS	SOLUTION ¹	COMMENTS	COUNCIL USE ONLY
P16 Residential development, other than a house, is climate-responsive, contributes positively to the character of the Locality, is complementary in scale to surrounding development and does not exceed the identified plot ratio designated on the Locality Map/s (that is): <ul style="list-style-type: none"> Land designated High Scale has a base plot ratio of 0.5:1 and a maximum plot ratio of 0.8:1. Land designated Medium Scale has a base plot ratio of 0.3:1 and a maximum plot ratio of 0.45:1. <p style="text-align: center;">OR</p> <ul style="list-style-type: none"> Land designated Low Scale has a base plot ratio of 0.25:1 and a maximum plot ratio of 0.35:1. <p style="text-align: center;">AND</p> <p>Will not achieve the maximum plot ratio specified above unless the development incorporates building design features and architectural elements detailed in Planning Scheme Policy No 2 – Building Design and Architectural Elements (and referred to in the Acceptable Solutions).</p>	A16.1 Development incorporates the following design features and corresponding plot ratio bonuses [in brackets]: <ul style="list-style-type: none"> Appropriate roof form and roofing material [1-% plot ratio bonus]. Appropriate fenestration in combination with roof form [5% plot ratio bonus]. Appropriate window openings with window awnings, screens or eaves shading 80% of the window opening – refer Planning Scheme Policy No 2 – Building Design and Architecture Elements [15% plot ratio bonus]. Minimum of 700mm eaves [15% plot ratio bonus]. Orientation of the building to address the street/s [5% plot ratio bonus]. Sheltered pedestrian access by enclosed covered common area walkway of 1.2 metres in width from the car parking area/s to the development [5% plot ratio bonus]. Inclusion of windows and balconies to the street façade of the building [10% plot ratio bonus]. Provision of lattice, battens or privacy screens [5% of plot ratio bonus]. <p>The overall length of a building does not exceed 30 metres and the overall length of any continuous wall does not exceed 15 metres [10% plot ratio bonus].</p>	✓	Proposal complies. Plot ratio is less than 0.5:1 and includes several bonus plot ratio features.	
P17 The site coverage of any residential or tourist development does not result in a built form that is bulky or visually obtrusive.	A17.1 The site coverage of any residential or tourist development, other than a house, is limited to: <ul style="list-style-type: none"> 45% at ground level. 40% at first floor level. 35% at second floor level, if applicable. 	✓	Proposal complies if excluding courtyard (coverage = 44.8%). Inclusion of roofed portion of courtyard would result in slight non-compliance, however given that the proposal is single level, this is not considered to result in a bulky or visually obtrusive structure.	

Solution: ✓ = Acceptable Solution
 A/S = Alternative Solution
 N/A = Not applicable to this proposal

Annexure 3

PERFORMANCE CRITERIA	ACCEPTABLE SOLUTIONS	SOLUTION ¹	COMMENTS	COUNCIL USE ONLY
P18 Tourist development provides a range of services and facilities for the recreational convenience of in-house guests	A18.1 Tourist development provides a range of recreational facilities and small scale commercial services such as restaurant/bars, shop/boutique, and tour booking office, for the enjoyment of in-house guests.	N/A	Not applicable.	
Other Development				
P19 Industrial development is limited to Service Industry and is located in existing or identified Industrial areas and is of a scale and intensity of development which is acceptable in the Locality.	A19.1 Service Industry development is located in the identified Industrial areas of: <ul style="list-style-type: none"> Special Management Area 3 – Service Industry Precincts (Craiglie). Special Management Area 4 – Service Industry Precincts (Mahogany Street).	N/A	Not applicable.	
Community Facilities				
P20 Community facilities are provided to service the local community and visitors in convenient and accessible locations.	A20.1 Community facilities are conveniently located within or near the Tourist Centre and in close proximity to existing community facilities to service the needs of local residents and visitors. A20.2 Public car parking areas are provided within or in close proximity to the Tourist Centre, existing community facilities, sporting/recreation grounds and Four Mile Beach.	N/A	Not applicable.	
Protection of Scenic Amenities				
P21 The views and vistas of Four Mile Beach from the intersection of Davidson Street and Macrossan Street to the beach front are maintained.	A21.1 Any development in Macrossan Street between Davidson Street and the beach front, outside the Tourist Centre, is designed with Macrossan Street as the main street frontage and the buildings are setback 6 metres from the main street frontage.	N/A	Not applicable.	

Solution: ✓ = Acceptable Solution
 A/S = Alternative Solution
 N/A = Not applicable to this proposal

Annexure 3

PERFORMANCE CRITERIA	ACCEPTABLE SOLUTIONS	SOLUTION ¹	COMMENTS	COUNCIL USE ONLY
P22 Development does not adversely impact on areas of sensitive natural vegetation, foreshore areas, watercourses and areas of tidal inundation which contribute the Scenic Amenity and natural values of the Locality.	No Acceptable Solution. (Information that the Council may request to demonstrate compliance with the Performance Criteria is outlined in Planning Scheme Policy No 10 – Reports and Information the Council May Request, for code and impact assessable development).	N/A	Not applicable.	
Special Management Areas – Special Management Area 1 – Flagstaff Hill				
P23 Flagstaff Hill is protected from inappropriate development to protect the Hill as an important natural landmark feature of Port Douglas and as a vegetated backdrop to the Tourist Centre.	A23.1 Only houses on large allotments are developed in Special Management Area 1 – Flagstaff Hill.	N/A	Not applicable.	

Solution: ✓ = Acceptable Solution
 A/S = Alternative Solution
 N/A = Not applicable to this proposal

Annexure 3

PERFORMANCE CRITERIA	ACCEPTABLE SOLUTIONS	SOLUTION ¹	COMMENTS	COUNCIL USE ONLY
P24 All development on Flagstaff Hill is designed to minimise the visibility of the development and to ensure development is subservient to the natural landscape and topography of the site including through: (a) Building design which minimises excavation and fillings. (b) Buildings being designed to step down the site and incorporate foundations and footings on piers or poles. (c) Buildings being visually unobtrusive and incorporating exterior finishes and muted colours which are non reflective and complement the colours of the surrounding vegetation and view shed. Protection of views from public viewing points.	No Acceptable Solution.	N/A	Not applicable.	
Special Management Areas – Special Management Area 2 – Residential Growth Area				
P25 The Residential Growth Area is development taking account of the opportunities and constraints and existing topographic and man made features of the whole of the site, and in particular, that part of the site identified as Investigation Zone (vegetation and flooding).	A25.1 No Acceptable Solution. (Information that the Council may request to demonstrate compliance with the Performance Criteria is outlined in Planning Scheme Policy No 10 – Reports and Information the Council May Request, for code and impact assessable development).	N/A	Not applicable.	
P26 Any reconfiguration layout ensures that access to the State-Controlled Road is minimised.	A26.1 Vehicle access to the Captain Cook Highway is limited to one access point via Andreasson Road with internal vehicular connectivity provided throughout the Residential Growth Area, if development occurs in stages.	N/A	Not applicable.	

Solution: ✓ = Acceptable Solution
 A/S = Alternative Solution
 N/A = Not applicable to this proposal

Annexure 3

		The Site has a minimum Road Frontage of 25 metres.	✓	Proposal complies.

Solution: ✓ = Acceptable Solution
 A/S = Alternative Solution
 N/A = Not applicable to this proposal

Annexure 3

PERFORMANCE CRITERIA	ACCEPTABLE SOLUTIONS	SOLUTION ¹	COMMENTS	COUNCIL USE ONLY
P2 The building bulk is reduced through effective design and materials.	A2.1 The overall length of any Building does not exceed 30 metres.	A/S	Total building length = 38.2m. Initially, it is noted that the site is surrounded by buildings which exceed this overall length, and as the proposal is single level, this minor non-compliance will not result in an excessively bulky building for the locality. In addition to this, it is noted that the roof of the structure is broken by an opening over the courtyard, significantly reducing the appearance of building bulk.	
	A2.2 The length of any continuous wall plane does not exceed 15 metres.	A/S	Total continuous wall plane length = 38.2m. Again, given the single level nature of the proposal and the break in the roof structure over the courtyard, this non-compliance is not expected to create excessive building bulk for the locality. Fencing and landscaping of side boundaries will further act to screen the side walls from neighbouring properties.	
	A2.3 Building bulk is reduced by balconies, patios, recesses and variations in exterior building materials and colours.	✓	Proposal complies. Further variation of building finishes will be detailed at the building approval stage.	
	A2.4 Elevations provide visual interest through building elements, exterior colours, textures and materials. AND Buildings are designed in accordance with the requirements of the Planning Scheme Policy No 2 – Building Design and Architectural Elements.	✓ ✓	Proposal complies. Further variation of building finishes will be detailed at the building approval stage. Proposal complies.	
P3 The development addresses the Main Street Frontage to facilitate casual surveillance and to enhance the amenity of the streetscape.	A3.1 The Building has balconies, windows or patios that face the Main Street Frontage, and remain unenclosed.	A/S	Proposal provides adequate sense of address to the road frontage by way of formal pedestrian entries.	
	A3.2 Perimeter fencing to any street Frontage complies with any specific fencing requirements detailed in the relevant Planning Area Code.	✓	Proposal is capable of complying.
