Dear Mark and Sandra

Reference is made to the request for owners consent required to accompany the development application for material change of use of an area of Toll Gate Road, Oak Beach adjoining Lot 140 on Crown Plan SR454 and described by drawing as Lot A on Drawing CNS 15/002 for the purpose of allowing low impact residential and conservation use of the area.

The department hereby gives owner's consent to the above development application for material change of use of an area of Toll Gate Road, Oak Beach adjoining Lot 140 on Crown Plan SR454 and described by drawing as Lot A on Drawing CNS 15/002 for the purpose of allowing low impact residential and conservation use of the area.

Although owners consent for the development application has been provided, the grant, issue or final approval of the freehold incorporating the additional area is still subject to any approvals required under the *Land Act 1994*.

Further, you will only be able to occupy or undertake works on the land

- once the Department's offer of freehold incorporating the additional area has been finalised and any necessary approvals under the Land Act have been obtained and that freehold is in place; and
- if and when the development application has been approved by the assessment manager, and in accordance with the conditions of that approval.

The inclusion of the area of closed road to your existing freehold lot is proceeding under the provisions of the *Land Act 1994* and not the *Planning Act 2016*. It is not required for owners consent to be given for reconfiguration of a lot in this circumstance.

A copy of this letter is to be attached to your DA Form 1 as the required evidence of owners consent.

You will also need to comply with all other legislative and regulatory requirements which may also include approvals that are not part of the assessment of the development application under the *Planning Act 2016* e.g. a marine park permit if in a marine park.

Further, please note that the above consent will expire on **7 September 2018**. Should the development application not be lodged with the assessment manager prior to this date, you will be required again to lodge the DA Form 1 and any attachments with this Department with a further request for owners consent - any further request will need to be reconsidered by the Department.

It is also advised that any land use activities must comply with the *Aboriginal Cultural Heritage Act 2003* or the *Torres Strait Islander Heritage Act 2003*.

Finally, owner's consent is required under the *Planning Act 2016* to enable the application to be considered properly made for lodging with the assessment manager and is a completely separate process to assessment of the application under the *Planning Act 2016*.

Accordingly, the State may act at a later date as assessment manager or referral agency in the assessment of the development application - providing owners consent will not influence any role the State may have in this development assessment.

If you wish to discuss this matter please contact Graeme Geisler on (07) 4741 1657.

All future correspondence relative to this matter is to be referred to the contact Officer at the address below or by email to Townsville.SLAMS@dnrme.qld.gov.au. Any hard copy correspondence received will be electronically scanned and filed. For this reason, it is recommended that any attached plans, sketches or maps be no larger than A3-sized.

Please quote reference number 2018/001934 in any future correspondence.

Yours sincerely

Deanna Holder
Senior Land Officer
A duly authorised delegate of the Minister
under the current Land Act (Ministerial) Delegation
