DA Form 1 – Development application details

Approved form (version 1.1 effective 22 JUNE 2018) made under section 282 of the Planning Act 2016.

This form **must** be used to make a development application **involving code assessment or impact assessment**, except when applying for development involving building work.

For a development application involving **building work only**, use *DA Form 2 – Building work details*.

For a development application involving **building work associated with any other type of assessable development** (i.e. material change of use, operational work or reconfiguring a lot), use this form (*DA Form 1*) and parts 4 to 6 of *DA Form 2 – Building work details*.

Unless stated otherwise, all parts of this form **must** be completed in full and all required supporting information **must** accompany the development application.

One or more additional pages may be attached as a schedule to this development application if there is insufficient space on the form to include all the necessary information.

This form and any other form relevant to the development application must be used to make a development application relating to strategic port land and Brisbane core port land under the *Transport Infrastructure Act 1994*, and airport land under the *Airport Assets (Restructuring and Disposal) Act 2008*. For the purpose of assessing a development application relating to strategic port land and Brisbane core port land, any reference to a planning scheme is taken to mean a land use plan for the strategic port land, Brisbane port land use plan for Brisbane core port land, or a land use plan for airport land.

Note: All terms used in this form have the meaning given under the Planning Act 2016, the Planning Regulation 2017, or the Development Assessment Rules (DA Rules).

PART 1 – APPLICANT DETAILS

4	
1) Applicant details	
Applicant name(s) (individual or company full name)	BENJAMIN EDMONDS
Contact name (only applicable for companies)	
Postal address (P.O. Box or street address)	P-O. BOX 831 PORT DOUGLAS
Suburb	P.O. BOX 831 PORT DOUGLAS
State	Q
Postcode	4877
Country	
Contact number	40985150 adminpdegnacertion. w
Email address (non-mandatory)	adminodognacert-com. en
Mobile number (non-mandatory)	, ~ ~ 3
Fax number (non-mandatory)	
Applicant's reference number(s) (if applicable)	

2) Owner's consent		
2.1) Is written consent of the owner required for this development application?		.\
Yes – the written consent of the owner(s) is attached to this development application No – proceed to 3)	attach	eel)

PART 2 – LOCATION DETAILS

3) Location of the premises (complete 3.1) or 3.2), and 3.3) as applicable) Note: Provide details below and attach a site plan for any or all premises part of the development application. For further information, see <u>DA</u>

│ ☑ No							

PART 5 – REFERRAL DETAILS

17) Do any aspects of the proposed development require referral for any referral requirements? Note: A development application will require referral if prescribed by the Planning Regulation 2017.
No, there are no referral requirements relevant to any development aspects identified in this development application – proceed to Part 6
Matters requiring referral to the Chief Executive of the Planning Regulation 2017:
☐ Clearing native vegetation
Contaminated land (unexploded ordnance)
Environmentally relevant activities (ERA) (only if the ERA have not been devolved to a local government)
Fisheries – aquaculture
Fisheries – declared fish habitat area
Fisheries – marine plants
☐ Fisheries – waterway barrier works ☐ Hazardous chemical facilities
Queensland heritage place (on or near a Queensland heritage place)
☐ Infrastructure – designated premises
☐ Infrastructure – state transport infrastructure
☐ Infrastructure – state transport corridors and future state transport corridors
☐ Infrastructure – state-controlled transport tunnels and future state-controlled transport tunnels
Infrastructure – near a state-controlled road intersection
On Brisbane core port land near a State transport corridor or future State transport corridor
On Brisbane core port land – ERA
On Brisbane core port land – tidal works or work in a coastal management district
☐ On Brisbane core port land – hazardous chemical facility ☐ On Brisbane core port land – taking or interfering with water
On Brisbane core port land – taking of interioring with water
☐ On Brisbane core port land - fisheries
☐ Land within Port of Brisbane's port limits
SEQ development area
☐ SEQ regional landscape and rural production area or SEQ rural living area – tourist activity or sport and recreation activity
☐ SEQ regional landscape and rural production area or SEQ rural living area – community activity
SEQ regional landscape and rural production area or SEQ rural living area – indoor recreation
☐ SEQ regional landscape and rural production area or SEQ rural living area – urban activity
SEQ regional landscape and rural production area or SEQ rural living area – combined use
Tidal works or works in a coastal management district
Reconfiguring a lot in a coastal management district or for a canal
Erosion prone area in a coastal management district
☐ Urban design ☐ Water-related development – taking or interfering with water
Water-related development – removing quarry material (from a watercourse or lake)
Water-related development – referable dams
☐ Water-related development – construction of new levees or modification of existing levees (category 3 levees only)
☐ Wetland protection area
Matters requiring referral to the local government:
☐ Airport land
Environmentally relevant activities (ERA) (only if the ERA have been devolved to local government)
☐ Local heritage places

Matters requiring referral to the chief execu ☐ Electricity infrastructure	utive of the distribution entity	or transmission entity:			
Matters requiring referral to:					
The Chief executive of the holder of th					
• The holder of the licence, if the holder	r of the licence is an individual				
Oil and gas infrastructure					
Matters requiring referral to the Brisbane C ☐ Brisbane core port land	City Council:				
Matters requiring referral to the Minister ur					
☐ Brisbane core port land (inconsistent wit☐ Strategic port land	th Brisbane port LUP for transpo	ort reasons)			
Matters requiring referral to the relevant po	ort operator:				
☐ Land within Port of Brisbane's port limits	s (below high-water mark)				
Matters requiring referral to the Chief Exec ☐ Land within limits of another port (below		ority:			
Matters requiring referral to the Gold Coas	t Waterways Authority:				
☐ Tidal works, or work in a coastal manag		ers			
Matters requiring referral to the Queenslan	d Fire and Emergency Service	9 :			
☐ Tidal works marina (more than six vesse	el berths)				
18) Has any referral agency provided a referral response for this development application?					
 ✓ yes – referral response(s) received and listed below are attached to this development application ✓ No 					
Referral requirement	Referral agency	Date of referral response			
Identify and describe any changes made to the proposed development application that was the subject of the referral response and the development application the subject of this form, or include details in a schedule to this development application (if applicable).					
PART 6 - INFORMATION REQ	UEST				
19) Information request under Part 3 of the					
☑ I agree to receive an information request if determined necessary for this development application					
☐ I do not agree to accept an information		plication			
Note: By not agreeing to accept an information reque that this development application will be assessed	and decided based on the information p	rovided when making this development application			
and the assessment manager and any referral age	ncies relevant to the development applic	cation are not obligated under the DA Rules to			
accept any additional information provided by the applicant for the development application unless agreed to by the relevant parties • Part 3 of the DA Rules will still apply if the application is an application listed under section 11.3 of the DA Rules.					
Further advice about information requests is contained in the <u>DA Forms Guide</u> .					

PART 7 - FURTHER DETAILS

20) Are there any associated dev	elopment applications or cur	rent approvals? (e.g. a prelim	inary approval)
☐ Yes – provide details below o ☑ No	r include details in a schedule	e to this development appli	cation

Attention: Development Assessment

Dear Sir,

Re: Material Change of Use Application

Proposed Garage - 59 Snapper Island Drive, Wonga Beach

Lot 16 SP192589

GMA Certification Group have been engaged to assess an application for the construction of a garage on the abovementioned property. The property is within the Flood and Storm Tide Inundation overlay (Storm Tide Medium Hazard & Floodplain Assessment Overlay).

The garage is to be used for household storage until the dwelling plans are formalised, which will be constructed in the near future. Accordingly, the application for Material Change of Use is enclosed for Council's assessment, which includes:

- 1. DA forms 1;
- 2. Assessment against the applicable Acceptable Solutions & Outcomes of the overlay Code;
- 3. 1 x copy of plans;
- 4. Owners consent;
- 5. Owner acknowledgement regarding floor height

Assessment – Flood & storm tide hazard overlay code

The following table provides an assessment of the proposed development with regards to Performance Outcomes of the flood & storm tide hazard overlay code.

Flood and storm tide hazards overlay code							
Performance Outcomes	Acceptable Outcomes	Comment					
For assessable and self ass	sessable development						
For assessable and self assep PO1 Development is located and designed to: ensure the safety of all persons; minimise damage to the development and contents of buildings; provide suitable amenity; minimise disruption to residents, recovery time, and rebuilding or restoration costs after inundation events	For dwelling houses, AO1.2 Development within the Flood and Storm Tide hazards overlay maps (excluding the Flood plain assessment sub-category) is designed to provide immunity to the Defined Inundation Event as outlined within Table 8.2.4.3.b plus a freeboard of 300mm. AO1.3 New buildings are: (a) not located within the overlay area; (b) located on the highest part of the site to minimise entrance of flood waters; (c) provided with clear and direct pedestrian and vehicle evacuation routes off	The garage is to be constructed within a developed area of Wonga Beach and will therefore have a similar floor level to existing outbuildings and dwellings in the vicinity. The current ground level where the garage is to be constructed is approximately 3.2m AHD. Therefore, the finished floor level of the dwelling will be approximately 3.4m AHD. It is considered the proposed finished floor level of 3.40m AHD will provide an acceptable level of flood immunity consistent with other outbuildings in the vicinity.					
PO3 Development siting and layout responds to flooding potential and maintains personal safety	the site. AO1.4 In non urban areas, buildings and infrastructure are set back 50 metres from natural riparian corridors to maintain their natural function of reducing velocity of floodwaters. For Material change of use AO3.1 New buildings are: (d) not located within the overlay area; (e) located on the highest part of the site to minimise entrance of flood waters;	The proposed garage will be located on the highest part of the site so as to minimize the entrance of flood waters. To the owner's knowledge the property has not been inundated previously. Therefore, the proposed floor level is above any perceived flooding potential					

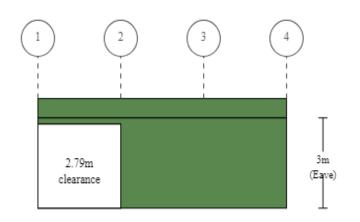

(f) provided with clear and other than that projected out to 80 direct pedestrian and vears. vehicle evacuation routes off Should flooding be envisaged from a the site. Or cyclonic event, there are early mandatory evacuation periods for which AO3.2 The development residents can evacuate the site, should incorporates an area on site this be necessary. that is at least 300mm above the highest known flood inundation level with sufficient space to accommodate the likely population of the development safely for a relatively short time until flash flooding subsides or people can be evacuated. or AO3.3 Where involving an extension to an existing NA dwelling house that is situated below DFE /Storm tide, the maximum size of the extension does not exceed 70m2 gross floor area. AO3.1 The design and layout of buildings used for NA residential purposes minimise risk from flooding by providing: (a) parking and other low intensive, non-habitable uses at ground level; PO6 A06.1 No manufacture or storage of hazardous Development avoids the Materials manufactured or or noxious materials is proposed. release of hazardous stored on site are not materials into hazardous or noxious, or floodwaters. comprise materials that may cause a detrimental effect on the environment if discharged in a flood event; or AO6.2 If a DFE level is adopted, structures used for the manufacture or storage of hazardous materials

Attention:

Development Assessment

Dear Sir,

Re:

Proposed Garage - 59 Snapper Island Drive, Wonga Beach

Lot 16 SP192589

I refer to the application for Material Change of Use to be submitted to Council for the abovementioned allotment.

The existing ground level in the location of the proposed garage is approximately 3.2m AHD. Accordingly, the floor level of the garage will be 3.4m AHD.

As the owner of the property, I acknowledge the risks associated with flooding and believe the proposed floor level of the subject garage will adequately provide for an acceptable level of flood immunity.

Regards,

Ben Edmonds
