

DA Form 2 – Building work details

Approved form (version 1.2 effective 7 February 2020) made under Section 282 of the Planning Act 2016.

This form **must** be used to make a development application **involving building work**.

For a development application involving **building work only**, use this form (DA Form 2) only. The DA Forms Guide provides advice about how to complete this form.

For a development application involving **building work associated and any other type of assessable development** (i.e. material change of use, operational work or reconfiguring a lot), use *DA Form 1 – Development application details* and parts 4 to 6 of this form (DA Form 2).

Unless stated otherwise, all parts of this form **must** be completed in full and all required supporting information **must** accompany the development application.

One or more additional pages may be attached as a schedule to this development application if there is insufficient space on the form to include all the necessary information.

This form and any other form relevant to the development application must be used to make a development application relating to strategic port land and Brisbane core port land under the *Transport Infrastructure Act 1994*, and airport land under the *Airport Assets (Restructuring and Disposal) Act 2008*. For the purpose of assessing a development application relating to strategic port land and Brisbane core port land, any reference to a planning scheme is taken to mean a land use plan for the strategic port land, Brisbane port land use plan for Brisbane core port land, or a land use plan for airport land.

Note: All terms used in this form have the meaning given under the Planning Act 2016, the Planning Regulation 2017, or the Development Assessment Rules (DA Rules).

PART 1 – APPLICANT DETAILS

1) Applicant details	
Applicant name(s) (individual or company full name)	Mareeba Sheds & Gas C/- Emergent Building Approvals
Contact name (only applicable for companies)	Beau Thonton
Postal address (PO Box or street address)	PO Box 2784
Suburb	Mareeba
State	QLD
Postcode	4880
Country	Australia
Contact number	04191723238
Email address (non-mandatory)	beau@emergentba.com.au
Mobile number (non-mandatory)	
Fax number (non-mandatory)	
Applicant's reference number(s) (if applicable)	

PART 2 – LOCATION DETAILS

2) Location of the premises (complete 2.1 and 2.2 if applicable)	
Note: Provide details below and attach a site plan for any or all premises part of the development application. For further information, see DA Forms Guide: Relevant plans .	
2.1) Street address and lot on plan	
<input checked="" type="checkbox"/> Street address AND lot on plan (all lots must be listed), or	
<input type="checkbox"/> Street address AND lot on plan for an adjoining or adjacent property of the premises (appropriate for development in water but adjoining or adjacent to land e.g. jetty, pontoon. All lots must be listed).	

Unit No.	Street No.	Street Name and Type	Suburb
	1	Mountain View Drive	Shannonvale
Postcode	Lot No.	Plan Type and Number (e.g. RP, SP)	Local Government Area(s)
4873	7	RP 748130	DSC

2.2) Additional premises

- ☐ Additional premises are relevant to this development application and the details of these premises have been attached in a schedule to this development application
- ☒ Not required

3) Are there any existing easements over the premises?

Note: Easement uses vary throughout Queensland and are to be identified correctly and accurately. For further information on easements and how they may affect the proposed development, see the [DA Forms Guide](#)

- ☐ Yes – All easement locations, types and dimensions are included in plans submitted with this development application
- ☒ No

PART 3 – FURTHER DETAILS

4) Is the application only for building work assessable against the building assessment provisions?

- ☐ Yes – proceed to 8)
- ☒ No

5) Identify the assessment manager(s) who will be assessing this development application

Douglas Shire Council

6) Has the local government agreed to apply a superseded planning scheme for this development application?

- ☐ Yes – a copy of the decision notice is attached to this development application
- ☐ The local government is taken to have agreed to the superseded planning scheme request – relevant documents attached
- ☒ No

7) Information request under Part 3 of the DA Rules

- ☒ I agree to receive an information request if determined necessary for this development application
- ☐ I do not agree to accept an information request for this development application

Note: By not agreeing to accept an information request I, the applicant, acknowledge:

- that this development application will be assessed and decided based on the information provided when making this development application and the assessment manager and any referral agencies relevant to the development application are not obligated under the DA Rules to accept any additional information provided by the applicant for the development application unless agreed to by the relevant parties.
- Part 3 of the DA Rules will still apply if the application is an application listed under section 11.3 of the DA Rules.

Further advice about information requests is contained in the [DA Forms Guide](#).

8) Are there any associated development applications or current approvals?

- ☒ Yes – provide details below or include details in a schedule to this development application
- ☐ No

List of approval/development application	Reference	Date	Assessment manager
<input type="checkbox"/> Approval <input checked="" type="checkbox"/> Development application	23000049	08/03/23	Emergent Building Approvals
<input type="checkbox"/> Approval <input type="checkbox"/> Development application			

9) Has the portable long service leave levy been paid?

- ☐ Yes – a copy of the receipted QLeave form is attached to this development application
- ☐ No – I, the applicant will provide evidence that the portable long service leave levy has been paid before the assessment manager decides the development application. I acknowledge that the assessment manager may give a development approval only if I provide evidence that the portable long service leave levy has been paid
- ☒ Not applicable (e.g. building and construction work is less than \$150,000 excluding GST)

Amount paid	Date paid (dd/mm/yy)	QLeave levy number (A, B or E)
\$		

10) Is this development application in response to a show cause notice or required as a result of an enforcement notice?

- ☐ Yes – show cause or enforcement notice is attached
- ☒ No

11) Identify any of the following further legislative requirements that apply to any aspect of this development application

- ☐ The proposed development is on a place entered in the **Queensland Heritage Register** or in a local government's **Local Heritage Register**. See the guidance provided at www.des.qld.gov.au about the requirements in relation to the development of a Queensland heritage place

Name of the heritage place:		Place ID:	
-----------------------------	--	-----------	--

PART 4 – REFERRAL DETAILS

12) Does this development application include any building work aspects that have any referral requirements?

- ☐ Yes – the *Referral checklist for building work* is attached to this development application
- ☒ No – proceed to Part 5

13) Has any referral agency provided a referral response for this development application?

- ☐ Yes – referral response(s) received and listed below are attached to this development application
- ☐ No

Referral requirement	Referral agency	Date referral response

Identify and describe any changes made to the proposed development application that was the subject of the referral response and this development application, or include details in a schedule to this development application (if applicable)

PART 5 – BUILDING WORK DETAILS

14) Owner's details

- ☐ Tick if the applicant is also the owner and proceed to 15). Otherwise, provide the following information.

Name(s) (individual or company full name)	Carl & Odette Shuetrim
Contact name (applicable for companies)	
Postal address (P.O. Box or street address)	Po Box 634
Suburb	Mossman
State	QLD

Postcode	4873
Country	Australia
Contact number	0474 725 489
Email address <i>(non-mandatory)</i>	shuetrim@hotmail.com
Mobile number <i>(non-mandatory)</i>	
Fax number <i>(non-mandatory)</i>	

15) Builder's details

☐ Tick if a builder has not yet been engaged to undertake the work and proceed to 16). Otherwise provide the following information.

Name(s) <i>(individual or company full name)</i>	MDF Industries Pty Ltd T/As Mareeba Sheds & Gas
Contact name <i>(applicable for companies)</i>	Michael Fuller
QBCC licence or owner – builder number	1268102
Postal address <i>(P.O. Box or street address)</i>	Po Box 166
Suburb	Mareeba
State	QLD
Postcode	4880
Contact number	0740925442
Email address <i>(non-mandatory)</i>	mick@mareebasheds.com.au
Mobile number <i>(non-mandatory)</i>	0418 791 096
Fax number <i>(non-mandatory)</i>	

16) Provide details about the proposed building work

What type of approval is being sought?

- ☒ Development permit
☐ Preliminary approval

b) What is the level of assessment?

- ☒ Code assessment
☐ Impact assessment *(requires public notification)*

c) Nature of the proposed building work (tick all applicable boxes)

- | | |
|---|--|
| <input checked="" type="checkbox"/> New building or structure | <input type="checkbox"/> Repairs, alterations or additions |
| <input type="checkbox"/> Change of building classification <i>(involving building work)</i> | <input type="checkbox"/> Swimming pool and/or pool fence |
| <input type="checkbox"/> Demolition | <input type="checkbox"/> Relocation or removal |

d) Provide a description of the work below or in an attached schedule.

New shed

e) Proposed construction materials

External walls	<input type="checkbox"/> Double brick	<input checked="" type="checkbox"/> Steel	<input type="checkbox"/> Curtain glass
	<input type="checkbox"/> Brick veneer	<input type="checkbox"/> Timber	<input type="checkbox"/> Aluminium
	<input type="checkbox"/> Stone/concrete	<input type="checkbox"/> Fibre cement	<input type="checkbox"/> Other
Frame	<input type="checkbox"/> Timber	<input checked="" type="checkbox"/> Steel	<input type="checkbox"/> Aluminium
	<input type="checkbox"/> Other		
Floor	<input checked="" type="checkbox"/> Concrete	<input type="checkbox"/> Timber	<input type="checkbox"/> Other
Roof covering	<input type="checkbox"/> Slate/concrete	<input type="checkbox"/> Tiles	<input type="checkbox"/> Fibre cement
	<input type="checkbox"/> Aluminium	<input checked="" type="checkbox"/> Steel	<input type="checkbox"/> Other

f) Existing building use/classification? *(if applicable)*

g) New building use/classification? (if applicable)
10a
h) Relevant plans Note: Relevant plans are required to be submitted for all aspects of this development application. For further information, see DA Forms Guide: Relevant plans .
<input checked="" type="checkbox"/> Relevant plans of the proposed works are attached to the development application

17) What is the monetary value of the proposed building work?
\$32710.00

18) Has Queensland Home Warranty Scheme Insurance been paid?		
<input checked="" type="checkbox"/> Yes – provide details below		
<input type="checkbox"/> No		
Amount paid	Date paid (dd/mm/yy)	Reference number
\$421.75	03/03/23	014553892

PART 6 – CHECKLIST AND APPLICANT DECLARATION

19) Development application checklist	
The relevant parts of <i>Form 2 – Building work details</i> have been completed	<input checked="" type="checkbox"/> Yes
This development application includes a material change of use, reconfiguring a lot or operational work and is accompanied by a completed <i>Form 1 – Development application details</i>	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> Not applicable
Relevant plans of the development are attached to this development application Note: Relevant plans are required to be submitted for all aspects of this development application. For further information, see DA Forms Guide: Relevant plans .	<input checked="" type="checkbox"/> Yes
The portable long service leave levy for QLeave has been paid, or will be paid before a development permit is issued (see 9)	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> Not applicable

20) Applicant declaration
<input checked="" type="checkbox"/> By making this development application, I declare that all information in this development application is true and correct
<input checked="" type="checkbox"/> Where an email address is provided in Part 1 of this form, I consent to receive future electronic communications from the assessment manager and any referral agency for the development application where written information is required or permitted pursuant to sections 11 and 12 of the <i>Electronic Transactions Act 2001</i>
Note: It is unlawful to intentionally provide false or misleading information.
<p>Privacy – Personal information collected in this form will be used by the assessment manager and/or chosen assessment manager, any referral agency and/or building certifier (including any professional advisers which may be engaged by those entities) while processing, assessing and deciding the development application. All information relating to this development application may be available for inspection and purchase, and/or published on the assessment manager's and/or referral agency's website. Personal information will not be disclosed for a purpose unrelated to the <i>Planning Act 2016</i>, <i>Planning Regulation 2017</i> and the DA Rules except where:</p> <ul style="list-style-type: none"> such disclosure is in accordance with the provisions about public access to documents contained in the <i>Planning Act 2016</i> and the <i>Planning Regulation 2017</i>, and the access rules made under the <i>Planning Act 2016</i> and <i>Planning Regulation 2017</i>; or required by other legislation (including the <i>Right to Information Act 2009</i>); or otherwise required by law. <p>This information may be stored in relevant databases. The information collected will be retained as required by the <i>Public Records Act 2002</i>.</p>

PART 7 – FOR COMPLETION BY THE ASSESSMENT MANAGER – FOR OFFICE USE ONLY

Date received: Reference numbers:

For completion by the building certifier		
Classification(s) of approved building work		
Name	QBCC Certification Licence number	QBCC Insurance receipt number

Notification of engagement of alternative assessment manager	
Prescribed assessment manager	
Name of chosen assessment manager	
Date chosen assessment manager engaged	
Contact number of chosen assessment manager	
Relevant licence number(s) of chosen assessment manager	

Additional information required by the local government				
Confirm proposed construction materials:				
External walls	<input type="checkbox"/> Double brick	<input type="checkbox"/> Steel	<input type="checkbox"/> Curtain glass	
	<input type="checkbox"/> Brick veneer	<input type="checkbox"/> Timber	<input type="checkbox"/> Aluminium	
	<input type="checkbox"/> Stone/concrete	<input type="checkbox"/> Fibre cement	<input type="checkbox"/> Other	
Frame	<input type="checkbox"/> Timber	<input type="checkbox"/> Steel	<input type="checkbox"/> Aluminium	
	<input type="checkbox"/> Other			
Floor	<input type="checkbox"/> Concrete	<input type="checkbox"/> Timber	<input type="checkbox"/> Other	
Roof covering	<input type="checkbox"/> Slate/concrete	<input type="checkbox"/> Tiles	<input type="checkbox"/> Fibre cement	
	<input type="checkbox"/> Aluminium	<input type="checkbox"/> Steel	<input type="checkbox"/> Other

**APPLICATION FOR BUILDING WORK ASSESSABLE AGAINST THE
DOUGLAS SHIRE COUNCIL PLANNING SCHEME 2018
1 MOUNTAIN VIEW DRIVE, SHANNONVALE, QLD 4873**

BWAPS ASSESSMENT

Background:

The applicant has engaged the services of Emergent Building Approvals to lodge a code assessable application for a Building Work assessed against the Planning Scheme to Douglas Shire Council on their behalf.

The site is located within the Environmental management zone and building work is categorised as assessable development under Table 5.6.d of the section 5 with the following assessment benchmarks.

Table 1.1 Code Applicability

Assessment Criteria	Applicability
Environmental management zone code	Yes
Bushfire hazard overlay code	Yes
Hillslopes overlay code	Yes
Natural areas overlay code	Yes
Potential landslide hazard overlay code	Yes
Access, parking and servicing code	N/A for <u>Building work</u> not associated with an MCU as per 9.4.1.1.
Filling and excavation code	N/A for <u>Building work</u> regulated under the BA 1975 as per 9.4.4.1.
Infrastructure works code	N/A for <u>Building work</u> not associated with an MCU as per 9.4.1.1.

The following report will address all criteria of the above codes for accepted and assessable development to demonstrate compliance with the performance outcomes.

Assessment

<i>Performance outcomes</i>	<i>Acceptable Outcomes</i>	<i>Applicant response</i>
Environmental management zone code		
For accepted and assessable development		
PO1 The height of all buildings and structures is in keeping with the natural characteristics of the site. Buildings and structures are low-rise and not unduly visible from external sites.	AO1.1 Buildings and structures are not more than 8.5 metres and two storeys in height. Note – Height is inclusive of the roof height. AO1.2 Buildings have a roof height not less than 2 metres.	Complies
PO2 Buildings and structures are set back to: (a) maintain the natural character of the area; (b) achieve separation from neighbouring buildings and from road frontages.	AO2 Buildings and structures are set back not less than: (a) 40 metres from the frontage of a state controlled road; (b) 25 metres from the frontage to Cape Tribulation Road; (c) 6 metres from any other road; (d) 6 metres from the side and rear boundaries of the site.	Complies
For assessable development		
PO3 Development is consistent with the purpose of the Environmental management zone and protects the zone from the intrusion of inconsistent uses.	AO3 Inconsistent uses as identified in Table 6.2.4.3.b are not established in the Environmental management zone.	Complies
PO4 The site coverage of all buildings and structures and associated services do not	AO4 No acceptable outcomes are prescribed.	The proposed shed will not be visible from the road or surrounding development and adjacent to the existing Dwelling with minimal increase to the overall building footprint for the site.

<p>have an adverse effect on the environmental or scenic values of the site.</p>		
<p>PO5 Development is located, designed, operated and managed to respond to the characteristics, features and constraints of the site and its surrounds. Note - Planning scheme policy – Site assessments provides guidance on identifying the characteristics, features and constraints of a site and its surrounds.</p>	<p>AO5.1 Buildings, structures and associated access, infrastructure and private open space are sited: (a) within areas of the site which are already cleared; or (b) within areas of the site which are environmentally degraded; (c) to minimise additional vegetation clearing.</p> <p>AO5.2 Buildings and structures and associated infrastructure are not located on slopes greater than 1 in 6 (16.6%) or on a ridgeline.</p>	<p>The proposed shed will be replacing an existing structure on an existing cleared/benched site with no additional earthworks required.</p> 

		
<p>PO6 Buildings and structures are responsive to steep slope through innovative construction techniques so as to:</p> <ul style="list-style-type: none"> (a) maintain the geotechnical stability of slopes; (b) minimise cut and/or fill; (c) minimise the overall height of development. 	<p>AO6.1 Where development on land steeper than 1 in 6 (16.6%) cannot be avoided, development follows the natural contours of the land and single plane concrete slab on-ground methods of construction are not utilised.</p> <p>AO6.2 Access and vehicle manoeuvring and parking areas are constructed and maintained to:</p>	<p>Existing benched site.</p>

	(a) minimise erosion; (b) minimise cut and fill; (c) follow the natural contours of the site.	
PO7 The exterior finishes of buildings and structures are consistent with the surrounding natural environment.	AO7 The exterior finishes and colours of buildings and structures are non-reflective and are moderately dark to darker shades of grey, green, blue and brown or the development is not visible external to the site.	External colours will be Colourbond – Monument in keeping with AO7.
PO8 Development does not adversely affect the amenity of the zone and adjoining land uses in terms of traffic, noise, dust, odour, lighting or other physical or environmental impacts.	AO8 No acceptable outcomes are prescribed.	The non-habitable structure will have no impact on adjoining enmity.
PO9 The density of development ensures that the environmental and scenic amenity values of the site and surrounding area are not adversely affected.	AO9 The maximum residential density is one dwelling house per lot.	NA
PO10 Lot reconfiguration results in no additional lots. Note - Boundary realignments to resolve encroachments and lot amalgamation are considered appropriate.	AO10 No acceptable outcomes are prescribed.	NA
Performance outcomes	Acceptable outcomes	Applicant response
Bushfire hazard overlay code		
For accepted and assessable development		
Compatible development		
PO1	AO1	

A vulnerable use is not established or materially intensified within a bushfire hazard area (bushfire prone area) unless there is an overriding need or other exceptional circumstances. Note - See the end of this code for examples of vulnerable uses.	Vulnerable uses are not established or expanded. Note – Where, following site inspection and consultation with Council, it is clear that the mapping is in error in identifying a premises as being subject to a medium, high, very high bushfire hazard or potential impact buffer sub-category, Council may supply a letter exempting the need for a Bushfire Management Plan. Note – Where the assessment manager has not previously approved a Bushfire Management Plan (either by condition of a previous development approval), the development proponent will be expected to prepare such a plan. Note – Planning scheme policy SC6.9 - Natural hazards, provides a guide to the preparation of a Bushfire Management Plan.	The class 10a structure will no be required to comply with AS 3959.
PO2 Emergency services and uses providing community support services are able to function effectively during and immediately after a bushfire hazard event.	AO2 Emergency Services and uses providing community support services are not located in a bushfire hazard sub-category and have direct access to low hazard evacuation routes.	NA
PO3 Development involving hazardous materials manufactured or stored in bulk is not located in bushfire hazard sub-category.	AO3 The manufacture or storage of hazardous material in bulk does not occur within bushfire hazard sub-category.	NA
Performance outcomes	Acceptable outcomes	Applicant response
Hillslopes overlay code		
For accepted and assessable development		
PO1 The landscape character and visual amenity quality of hillslopes areas is retained to protect the scenic backdrop to the region.	AO1.1 Development is located on parts of the site that are not within the Hillslopes constraint subcategory as shown on the	The structure will not be visible from surrounding development and will comply with AO2.7.

	Hillslopes overlay Maps contained in schedule 2.	
For assessable development		
PO2 The landscape character and visual amenity quality of hillslopes areas is retained to protect the scenic backdrop to the region.	AO2.1 Development does not occur on land with a gradient in excess of 1 in 6 (16.6%) or AO2.2 Where development on land steeper than 1 in 6 (16.6%) cannot be avoided, development follows the natural contours of the site. AO2.3 Access ways and driveways are: (a) constructed with surface materials that blend with the surrounding environment; (b) landscaped with dense planting to minimise the visual impact of the construction; (c) provided with erosion control measures immediately after construction. AO2.4 The clearing or disturbance of vegetation is limited to clearing and disturbance that: (a) is necessary for the construction of driveways; (b) is necessary to contain the proposed development; (c) minimises canopy clearing or disturbance; (d) minimises riparian clearing or disturbance. AO2.5	Development will occur on an existing benched site with no further earthworks or clearing necessary.

	<p>On land with slopes greater than 1 in 6 (16.6%) or greater, alternative construction methods to concrete slab on ground are utilised (i.e. split level or post and beam constructed buildings that minimise modification to the natural terrain of the land).</p> <p>AO2.6 Development does not alter the sky line.</p> <p>AO2.7 Buildings and structures: (a) are finished predominantly in the following exterior colours or surfaces: (i) moderately dark to darker shades of olive green, brown, green, blue, or charcoal; or (ii) moderately dark to darker wood stains that blend with the colour and hues of the surrounding vegetation and landscape; (b) are not finished in the following exterior colours or surfaces: (i) pastel or terracotta colours, reds, yellows, shades of white or beige, or other bright colours that do not blend with the surrounding vegetation and landscape; (ii) reflective surfaces.</p> <p>AO2.8 Exterior colour schemes limit the use of white or other light colours to exterior trim and highlighting of architectural features</p>	
--	--	--

	<p>AO2.9 Areas between the first floor (including outdoor deck areas) and ground level are screened from view.</p> <p>AO2.10 Recreational or ornamental features (including tennis courts, ponds or swimming pools) do not occur on land: (a) with a gradient of 1 in 6 (16.6%) or more; (b) are designed to be sited and respond to the natural constraints of the land and require minimal earthworks.</p>	
<p>PO3 Excavation or filling does not have an adverse impact on the amenity, safety, stability or function of the site or adjoining premises through: (a) loss of privacy; (b) loss of access to sunlight; (c) intrusion of visual or overbearing impacts; (d) complex engineering solutions.</p>	<p>AO3 Excavation or fill: (a) is not more than 1.2 metres in height for each batter or retaining wall; (b) is setback a minimum of 2 metres from property boundaries; (c) is stepped with a minimum 2 metre wide berm to incorporate landscaping in accordance with Planning scheme policy SC6.7 – Landscaping; (d) does not exceed a maximum of 3 batters and 3 berms (i.e. not greater than 3.6 metres in height) on any one lot.</p>	No earthworks necessary.
Performance outcomes	Acceptable outcomes	Applicant response
Natural areas overlay code		
For accepted and assessable development		

Protection of matters of environmental significance		
PO1 Development protects matters of environmental significance.	AO1.1 Development avoids significant impact on the relevant environmental values. or AO1.2 A report is prepared by an appropriately qualified person demonstrating to the satisfaction of the assessment manager, that the development site does not contain any matters of state and local environmental significance. or AO1.3 Development is located, designed and operated to mitigate significant impacts on environmental values. For example, a report certified by an appropriately qualified person demonstrating to the satisfaction of the assessment manager, how the proposed development mitigates impacts, including on water quality, hydrology and biological processes.	No clearing required and replacing an existing shed with similar use.
Management of impacts on matters of environmental significance		
PO2 Development is located, designed and constructed to avoid significant impacts on matters of environmental significance.	AO2 The design and layout of development minimises adverse impacts on ecologically important areas by: (a) focusing development in cleared areas to protect existing habitat; (b) utilising design to consolidate density and preserve existing habitat and native vegetation; (c) aligning new property boundaries to maintain ecologically important areas;	No clearing required and replacing an existing shed with similar use.

	<p>(d) ensuring that alterations to natural landforms, hydrology and drainage patterns on the development site do not negatively affect ecologically important areas;</p> <p>(e) ensuring that significant fauna habitats are protected in their environmental context; and</p> <p>(f) incorporating measures that allow for the safe movement of fauna through the site.</p>	
<p>PO3</p> <p>An adequate buffer to areas of state environmental significance is provided and maintained.</p>	<p>AO3.1</p> <p>A buffer for an area of state environmental significance (Wetland protection area) has a minimum width of:</p> <p>(a) 100 metres where the area is located outside Urban areas; or</p> <p>(b) 50 metres where the area is located within a Urban areas. or</p> <p>AO3.2</p> <p>A buffer for an area of state environmental significance is applied and maintained, the width of which is supported by an evaluation of environmental values, including the function and threats to matters of environmental significance.</p>	NA
<p>PO4</p> <p>Wetland and wetland buffer areas are maintained, protected and restored. Note – Wetland buffer areas are identified in AO3.1.</p>	<p>AO4.1</p> <p>Native vegetation within wetlands and wetland buffer areas is retained.</p> <p>AO4.2</p>	NA

	Degraded sections of wetlands and wetland buffer areas are revegetated with endemic native plants in patterns and densities which emulate the relevant regional ecosystem.	
PO5 Development avoids the introduction of nonnative pest species (plant or animal), that pose a risk to ecological integrity.	AO5.1 Development avoids the introduction of non-native pest species. AO5.2 The threat of existing pest species is controlled by adopting pest management practices for long-term ecological integrity.	NA
Ecological connectivity		
PO6 Development protects and enhances ecological connectivity and/or habitat extent.	AO6.1 Development retains native vegetation in areas large enough to maintain ecological values, functions and processes and AO6.2 Development within an ecological corridor rehabilitates native vegetation. and AO6.3 Development within a conservation corridor mitigates adverse impacts on native fauna, feeding, nesting, breeding and roosting sites and native fauna movements.	Complies
PO7	AO7.1 Development avoids shading of vegetation by setting back buildings by a distance	The size and scale of the proposed shed is relatively small and will have minimal impacts on the environmental significance of adjoining native vegetation.

Development minimises disturbance to matters of state environmental significance (including existing ecological corridors).	equivalent to the height of the native vegetation. and A07.2 Development does not encroach within 10 metres of existing riparian vegetation and watercourses.	
Waterways in a non-urban area		
PO9 Development is set back from waterways to protect and maintain: (a) water quality; (b) hydrological functions; (c) ecological processes; (d) biodiversity values; (e) riparian and in-stream habitat values and connectivity; (f) in-stream migration.	A09 Development does not occur on that part of the site affected by a waterway corridor. Note – Waterway corridors are identified within Table 8.2.7.3.b.	NA
Performance outcomes	Acceptable outcomes	Applicant response
Potential landslide hazard overlay code		
For accepted and assessable development		
PO1 The siting and design of development does not involve complex engineering solutions and does not create or increase the potential landslide hazard risk to the site or adjoining premises through: (a) building design; (b) increased slope; (c) removal of vegetation; (d) stability of soil; (e) earthworks; (f) alteration of existing ground water or surface water paths; (g) waste disposal areas.	A01.1 Development is located on that part of the site not affected by the Potential landslide hazard overlay. Or A01.2 Development is on an existing stable, benched site and requires no further earthworks A01.3 A competent person certifies that:	Complies with A01.2.

	<p>(a) the stability of the site, including associated buildings and infrastructure, will be maintained during the course of the development and will remain stable for the life of the development;</p> <p>(b) development of the site will not increase the risk of landslide hazard activity on other land, including land above the site;</p> <p>(c) the site is not subject to the risk of landslide activity on other land;</p> <p>(d) any measures identified in a site-specific geotechnical report for stabilising the site or development have been fully implemented;</p> <p>(e) development does not concentrate existing ground water and surface water paths;</p> <p>(f) development does not incorporate on-site waste water disposal.</p> <p>Note – Planning scheme policy SC6.9 – Natural hazards provides guidance on preparing a site specific geo-technical assessment. Note – Development may alter the conditions of ground water and surface water paths in accordance with a site-specific geotechnical report, but should ensure that its final disbursement is as-per pre-developed conditions. Consideration for location, velocity, volume and quality should be given.</p>	
<p>PO2</p> <p>The siting and design of necessary retaining structures does not cause an adverse visual impact on landscape character or scenic amenity quality of the area.</p>	<p>AO2</p> <p>Excavation or fill:</p> <p>(a) is not more than 1.2 metres in height for each batter or retaining wall;</p> <p>(b) is setback a minimum of 2 metres from property boundaries;</p>	<p>No earthworks necessary.</p>

	<p>(c) is stepped with a minimum 2 metre wide berm to incorporate landscaping in accordance with Planning scheme policy SC6.7 – Landscaping;</p> <p>(d) does not exceed a maximum of 3 batters and 3 berms (i.e. Not greater than 3.6 metres in height) on any one lot.</p>	
--	---	--

Summary

The above report clearly shows the proposal is compatible with the performance outcomes sought for all relevant codes. It is therefore considered acceptable that the Local Government approve the proposal as it is suitably designed to complement the area and satisfy the acceptable measure of the relevant codes.
