DA Form 1 – Development application details

Approved form (version 1.3 effective 28 September 2020) made under section 282 of the Planning Act 2016.

This form must be used to make a development application involving code assessment or impact assessment, except when applying for development involving only building work.

For a development application involving building work only, use DA Form 2 - Building work details.

For a development application involving building work associated with any other type of assessable development (i.e. material change of use, operational work or reconfiguring a lot), use this form (DA Form 1) and parts 4 to 6 of DA Form 2 - Building work details.

Unless stated otherwise, all parts of this form must be completed in full and all required supporting information must accompany the development application.

One or more additional pages may be attached as a schedule to this development application if there is insufficient space on the form to include all the necessary information.

This form and any other form relevant to the development application must be used to make a development application relating to strategic port land and Brisbane core port land under the Transport Infrastructure Act 1994, and airport land under the Airport Assets (Restructuring and Disposal) Act 2008. For the purpose of assessing a development application relating to strategic port land and Brisbane core port land, any reference to a planning scheme is taken to mean a land use plan for the strategic port land, Brisbane port land use plan for Brisbane core port land, or a land use plan for airport land.

Note: All terms used in this form have the meaning given under the Planning Act 2016, the Planning Regulation 2017, or the Development Assessment Rules (DA Rules).

1) Applicant details Applicant name(s) (individual or company full name) Carie & Rory Kelliher /C BAKER BUILDING Contact name (only applicable for companies) CERTIFICATION Postal address (P.O. Box or street address) 36 Reynolds Rd AARON SWEENEY Suburb Oak Beach State QLD aaron@bakerbuildingcert.com.au Postcode 4877 Country AUSTRALIA Contact number 0488 782 302 Email address (non-mandatory) carie iscott@hotmail.co Kel401@bigpond.com Mobile number (non-mandatory) 0415 724

PART 1 – APPLICANT DETAILS

2) Owner's consent

Fax number (non-mandatory)

Applicant's reference number(s) (if applicable)

2.1) Is written consent of the owner required for this development application?

Yes – the written consent of the owner(s) is attached to this development application

DA Form 2 – Building work details Approved form (version 1.2 effective 7 February 2020) made under Section 282 of the Planning Act 2016.

This form must be used to make a development application involving building work.

For a development application involving **building work only**, use this form (*DA Form 2*) only. The DA Forms Guide provides advice about how to complete this form.

For a development application involving **building work associated and any other type of assessable development** (i.e. material change of use, operational work or reconfiguring a lot), use *DA Form 1 – Development application details* **and** parts 4 to 6 of this form (*DA Form 2*).

Unless stated otherwise, all parts of this form **must** be completed in full and all required supporting information **must** accompany the development application.

One or more additional pages may be attached as a schedule to this development application if there is insufficient space on the form to include all the necessary information.

This form and any other form relevant to the development application must be used to make a development application relating to strategic port land and Brisbane core port land under the *Transport Infrastructure Act 1994*, and airport land under the *Airport Assets (Restructuring and Disposal) Act 2008.* For the purpose of assessing a development application relating to strategic port land and Brisbane core port land, any reference to a planning scheme is taken to mean a land use plan for the strategic port land, Brisbane port land use plan for Brisbane core port land, or a land use plan for airport land.

Note: All terms used in this form have the meaning given under the Planning Act 2016, the Planning Regulation 2017, or the Development Assessment Rules (DA Rules).

25th September 2023

Douglas Shire Council PO Box 359 CAIRNS Q 4870

Attention: Building Section

Dear Sir/Madam,

Re: Proposed shed at Lot 27 / RP 804355 - 36 Reynolds Road, Oak Beach

Baker Building Certification has been engaged to assess an application for the construction of a new shed on the abovementioned allotment. A preliminary assessment of the proposal has indicated that the shed will be sited within the front and side boundary setbacks (approximately 6m from the front boundary and 4m from the left side boundary from the outermost projection).

Siting layout request for: A shed to be sited 6m at the closest point from the front boundary and 4m from the side boundary. This is an encroachment of 5.5m into the side boundary setback requirements as required by the Rural Residential zone code of the Douglas Shire Planning Scheme.

Applicant: Carie & Rory Kelliher/C Baker Building Certification

The decision on a preliminary approval for the above siting layout request under the performance criteria may be given, considering that parts of the shed do not meet the deemed to satisfy provisions of the rural residential zone code of the Douglas Shire Planning Scheme.

The intent is to site the proposed shed closer to the front and left side boundary on the allotment while maintaining the compliant setback from all other boundaries. Setbacks must be considered against the set criteria mentioned in the performance criteria. Consequently, this request is made for approval of such a siting layout.

CONSIDERATION OF PERFORMANCE CRITERIA

PO2 - Buildings and structures are setback to maintain the rural residential character of the area and achieve separation from buildings on adjoining properties.

The proposed shed will not affect the existing rural character of the area as the shed will be densely screened by the existing vegetation on the side boundary.

The location of the shed within 4m of the side boundary is required as this is where its most accessible to the existing driveway on site, also the building pad in this location is clear, flat and level, in effect requiring no excavation and fill. The shed is densely screen from view of the neighbouring dwelling occupants from existing vegetation on site that will remain. The shed is also proposed 6m from the front boundary for the same reason, other structures in the area and along Reynolds Road are within the rural res setbacks, some as close as 3m from the front boundary, in effect the location of the shed maintains the rural residential character of the area and achieves adequate separation from buildings on adjoining properties.

m: 0448 377 172 a: Po Box 1083, Tolga 4882

Recommendation

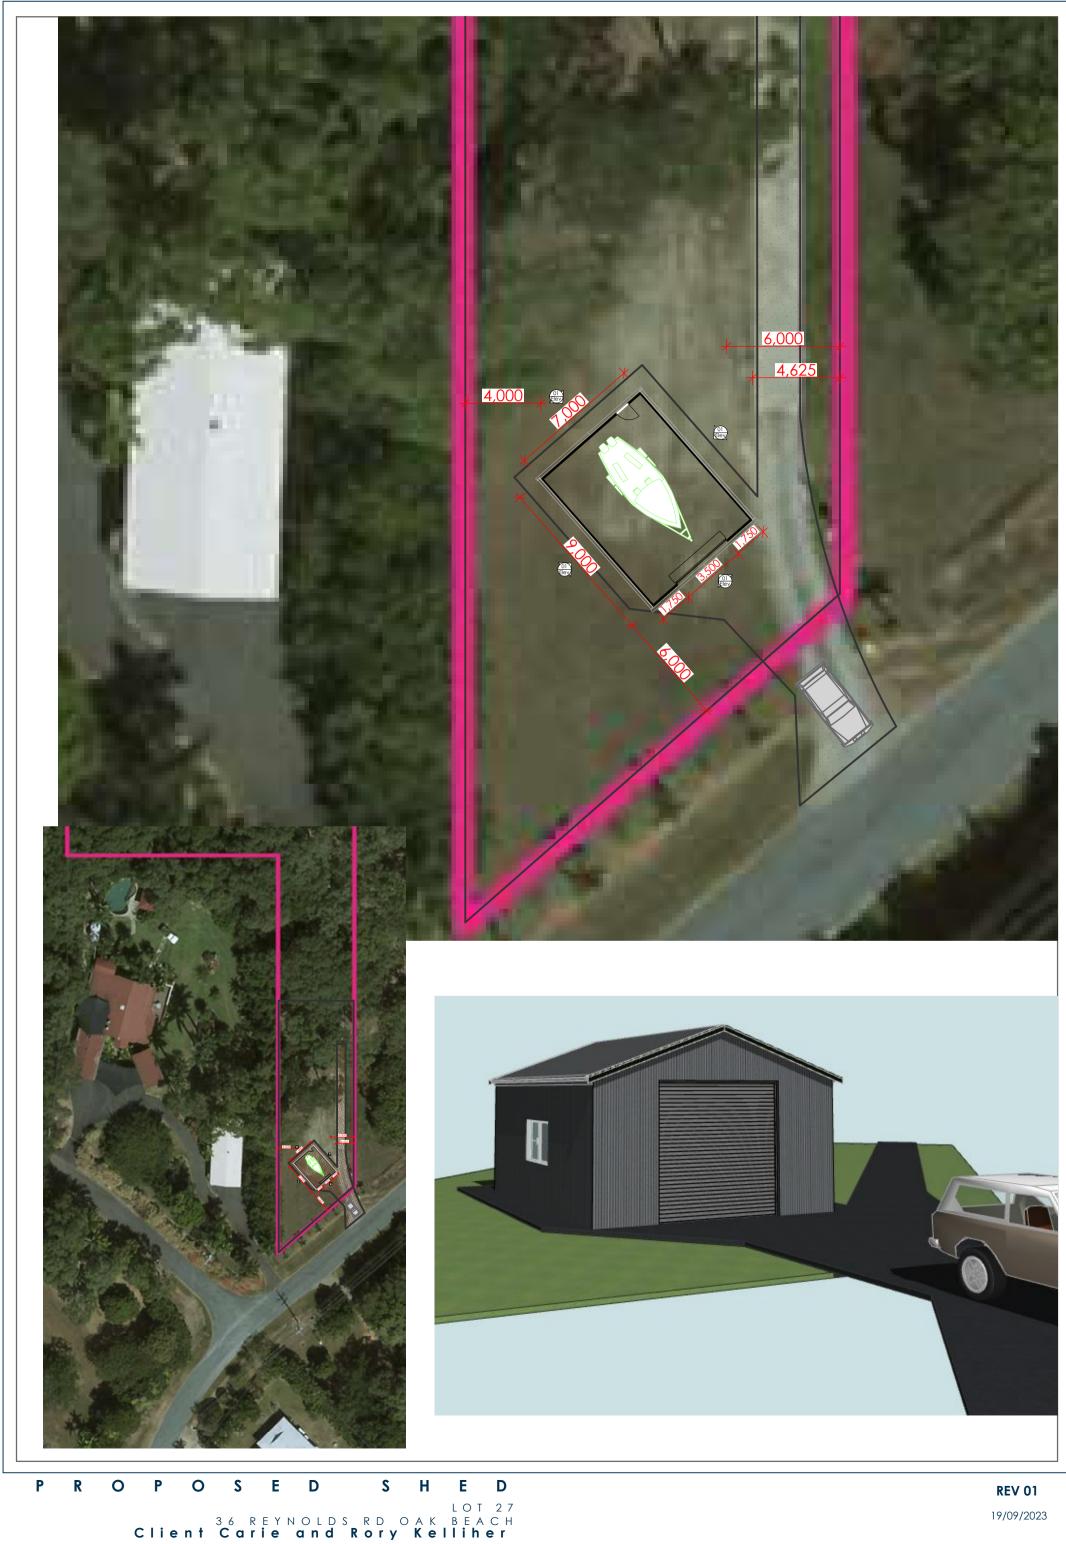

The proposed generally appears to satisfy the performance criteria of the rural residential zone code, it could be considered acceptable to approve the request for the proposed shed at 36 Reynolds Road within the front and side boundary setback requirements.

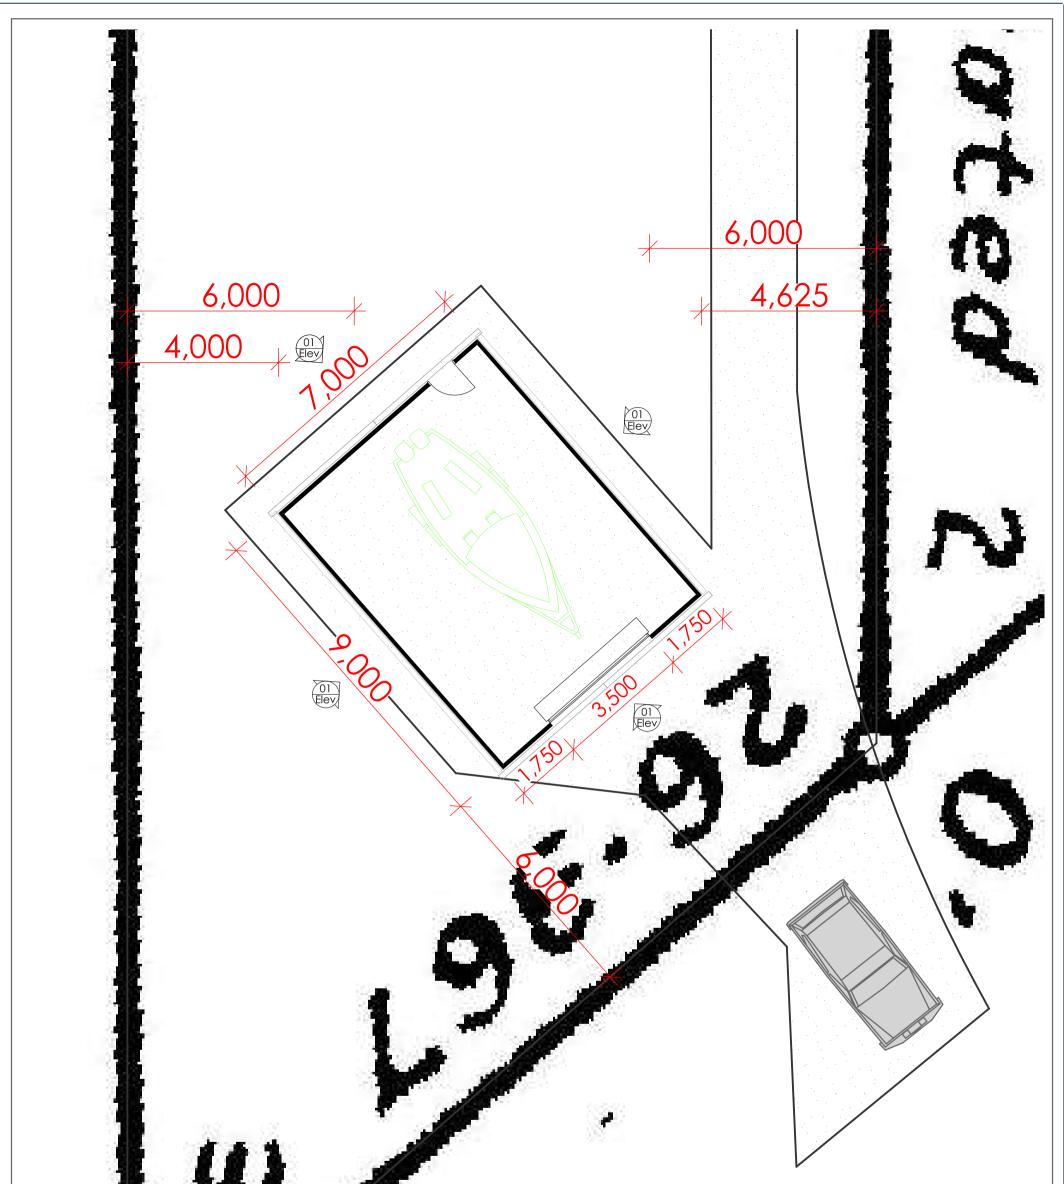

Should you have any further queries please do not hesitate to contact the Officer involved Aaron Sweeney on 0437127724 or aaron@bakerbuildingcert.com.au

Yours faithfully.

Prepared by Aaron Sweeney A1215391
