Extracts from the Planning Act 2016 - Making Representations During Applicant's Appeal Period

Planning Act 2016
Chapter 3 Development assessment

[s 74]

relevant preliminary approval means a preliminary approval given under the old Act by an entity other than a private certifier.

Division 2 **Changing development approvals**

Subdivision 1 **Changes during appeal period**

74 What this subdivision is about

- (1) This subdivision is about changing a development approval before the applicant's appeal period for the approval ends.
- (2) This subdivision also applies to an approval of a change application, other than a change application for a minor change to a development approval.
- (3) For subsection (2), sections 75 and 76 apply—
 - (a) as if a reference in section 75 to a development approval were a reference to an approval of a change application; and
 - (b) as if a reference in the sections to the assessment manager were a reference to the responsible entity; and
 - (c) as if a reference in section 76 to a development application were a reference to a change application; and
 - (d) as if the reference in section 76(3)(b) to section 63(2) and (3) were a reference to section 83(4); and
 - (e) with any other necessary changes.

75 Making change representations

- (1) The applicant may make representations (*change representations*) to the assessment manager, during the applicant's appeal period for the development approval, about changing—

- (a) a matter in the development approval, other than—
 - (i) a matter stated because of a referral agency's response; or
 - (ii) a development condition imposed under a direction given by the Minister under part 6, division 2; or
 - (iii) a development condition imposed under a direction given by the chief executive under section 106ZF(2); or
- (b) if the development approval is a deemed approval—the standard conditions taken to be included in the deemed approval under section 64(8)(d).

(2) If the applicant needs more time to make the change representations, the applicant may, during the applicant's appeal period for the approval, suspend the appeal period by a notice given to the assessment manager.

(3) Only 1 notice may be given.

(4) If a notice is given, the appeal period is suspended—

- (a) if the change representations are not made within a period of 20 business days after the notice is given to the assessment manager—until the end of that period; or
- (b) if the change representations are made within 20 business days after the notice is given to the assessment manager, until—
 - (i) the applicant withdraws the notice, by giving another notice to the assessment manager; or
 - (ii) the assessment manager gives the applicant the decision notice for the change representations; or
 - (iii) the end of 20 business days after the change representations are made, or a longer period agreed in writing between the applicant and the assessment manager.

(5) If the applicant makes the change representations during the appeal period without giving a notice under subsection (2),

the appeal period is suspended from the day the representations are made until—

- (a) the applicant withdraws the change representations by notice given to the assessment manager; or
- (b) the assessment manager gives the applicant the decision notice for the change representations; or
- (c) the end of 20 business days after the change representations are made, or a longer period agreed in writing between the applicant and the assessment manager.

(6) Despite subsections (4) and (5), if the decision notice mentioned in subsection (4)(b)(ii) or (5)(b) is a negotiated decision notice, the appeal period starts again on the day after the negotiated decision notice is given.

76 Deciding change representations

(1) The assessment manager must assess the change representations against and having regard to the matters that must be considered when assessing a development application, to the extent those matters are relevant.

Note—

For change representations for a development approval for development requiring social impact assessment, see also section 106ZI.

(2) The assessment manager must, within 5 business days after deciding the change representations, give a decision notice to—

- (a) the applicant; and
- (b) if the assessment manager agrees with any of the change representations—
 - (i) each principal submitter; and
 - (ii) each referral agency; and
 - (iii) if the assessment manager is not a local government and the development is in a local

government area—the relevant local government; and

- (iv) if the assessment manager is a chosen assessment manager—the prescribed assessment manager; and
- (v) another person prescribed by regulation.

- (3) A decision notice (a ***negotiated decision notice***) that states the assessment manager agrees with a change representation must—
 - (a) state the nature of the change agreed to; and
 - (b) comply with section 63(2) and (3).
- (4) A negotiated decision notice replaces the decision notice for the development application.
- (5) Only 1 negotiated decision notice may be given.
- (6) If a negotiated decision notice is given to an applicant, a local government may give a replacement infrastructure charges notice to the applicant.
