1. The application was properly lodged to the Douglas Shire Council on the 8 April 2019 under section 51 of the *Planning Act 2016*;

C. Evidence or other material on which findings were based:

2. Council undertook an assessment in accordance with the provisions of section 60 of the *Planning Act 2016*; and

 - a. Subject to amended assessment manager's conditions the development satisfactorily meets the State Planning Policy considerations and the 2018 Douglas Shire Council Planning Scheme requirements sufficient for the assessment of the applications against section 60 of the *Planning Act 2016*.

b. In regards to Section 63(iii)(e) of the *Planning Act 2016*:

Benchmark reference	Reasons for the approval despite non-compliance with benchmark
<p><i>Rural Residential Zone Code</i></p> <p>PO2 Buildings and structures are setback to maintain the rural residential character of the area and achieve separation from buildings on adjoining properties.</p>	<p>Setback to unnamed road</p> <p>The adjacent unnamed road serves only three other properties. While the setback of 6m does not meet the AO1, the building is sufficiently setback to comply with the respective PO2.</p>
<p>PO2 Buildings and structures Development is located and designed to:</p> <p>ensure the safety of all persons;</p> <p>minimise damage to the property and content of buildings;</p>	<p>There is no known flood study for this site or for the other older developed area of Wonga Beach. The floodplain mapping is a general overlay. The land was originally developed to a level of approximately 3.75 m AHD – 4m AHD. The proposed shed is to be constructed on an area of 4m AHD. It is generally considered that land in a coast floodplain area should achieve a minimum floor height of 3.7 m AHD, including a 300 mm freeboard. The applicant has advised the finished floor level will be 4.1m AHD.</p>
<p>provide suitable amenity;</p> <p>Minimise disruption to residents, recovery time, and rebuilding or restoration costs after inundation events.</p> <p>Note – For assessable development within the flood plain assessment sub-category, a flood study by a suitably qualified professional is required to identify compliance with the intent of the acceptable outcome.</p>	<p>The owners have advised that they are prepared to raise the building pad to approximately 3.45 m AHD with a finished floor level at 3.70 m AHD. This is considered satisfactory and a condition of the approval reflects these heights.</p>

12. Rights of appeal

The rights of applicants to make representations and the rights to appeal to a tribunal or the Planning and Environment Court against decisions about a development application are set out in Chapter 6, Part 1 of the *Planning Act 2016*. For particular applications, there may also be a right to make an application for a declaration by a tribunal (see Chapter 6, Part 2 of the *Planning Act 2016*).

Schedule 2 is an extract from the *Planning Act 2016* that sets down the applicant's right to make representations and appeal rights.

SCHEDULE 2 – *PLANNING ACT 2016* - EXTRACTS ON MAKING REPRESENTATIONS AND ON APPEAL RIGHTS

Planning Act 2016 Making Representations

Planning Act 2016
Chapter 3 Development assessment

[s 74]

- (a) any part of the building work must be assessed against, or having regard to, a matter that is not a building assessment provision; and
- (b) none of the referral agencies are required to assess the application against, or having regard to, the matter.
- (5) A development permit given by the private certifier for the building work does not authorise the carrying out of the part requiring assessment against, or having regard to, the matter, unless a relevant preliminary approval is in effect for the part.
- (6) In this section—
relevant preliminary approval means a preliminary approval given under the old Act by an entity other than a private certifier.

Division 2 Changing development approvals

Subdivision 1 Changes during appeal period

74 What this subdivision is about

- (1) This subdivision is about changing a development approval before the applicant's appeal period for the approval ends.
- (2) This subdivision also applies to an approval of a change application, other than a change application for a minor change to a development approval.
- (3) For subsection (2), sections 75 and 76 apply—
 - (a) as if a reference in section 75 to a development approval were a reference to an approval of a change application; and
 - (b) as if a reference in the sections to the assessment manager were a reference to the responsible entity; and

- (c) as if a reference in section 76 to a development application were a reference to a change application; and
- (d) as if the reference in section 76(3)(b) to section 63(2) and (3) were a reference to section 83(4); and
- (e) with any other necessary changes.

75 Making change representations

- (1) The applicant may make representations (*change representations*) to the assessment manager, during the applicant's appeal period for the development approval, about changing—
 - (a) a matter in the development approval, other than—
 - (i) a matter stated because of a referral agency's response; or
 - (ii) a development condition imposed under a direction made by the Minister under chapter 3, part 6, division 2; or
 - (b) if the development approval is a deemed approval—the standard conditions taken to be included in the deemed approval under section 64(8)(c).
- (2) If the applicant needs more time to make the change representations, the applicant may, during the applicant's appeal period for the approval, suspend the appeal period by a notice given to the assessment manager.
- (3) Only 1 notice may be given.
- (4) If a notice is given, the appeal period is suspended—
 - (a) if the change representations are not made within a period of 20 business days after the notice is given to the assessment manager—until the end of that period; or
 - (b) if the change representations are made within 20 business days after the notice is given to the assessment manager, until—

- (i) the applicant withdraws the notice, by giving another notice to the assessment manager; or
 - (ii) the applicant receives notice that the assessment manager does not agree with the change representations; or
 - (iii) the end of 20 business days after the change representations are made, or a longer period agreed in writing between the applicant and the assessment manager.
- (5) However, if the assessment manager gives the applicant a negotiated decision notice, the appeal period starts again on the day after the negotiated decision notice is given.

76 Deciding change representations

- (1) The assessment manager must assess the change representations against and having regard to the matters that must be considered when assessing a development application, to the extent those matters are relevant.
- (2) The assessment manager must, within 5 business days after deciding the change representations, give a decision notice to—
 - (a) the applicant; and
 - (b) if the assessment manager agrees with any of the change representations—
 - (i) each principal submitter; and
 - (ii) each referral agency; and
 - (iii) if the assessment manager is not a local government and the development is in a local government area—the relevant local government; and
 - (iv) if the assessment manager is a chosen assessment manager—the prescribed assessment manager; and
 - (v) another person prescribed by regulation.

- (3) A decision notice (a *negotiated decision notice*) that states the assessment manager agrees with a change representation must—
 - (a) state the nature of the change agreed to; and
 - (b) comply with section 63(2) and (3).
- (4) A negotiated decision notice replaces the decision notice for the development application.
- (5) Only 1 negotiated decision notice may be given.
- (6) If a negotiated decision notice is given to an applicant, a local government may give a replacement infrastructure charges notice to the applicant.

Subdivision 2 Changes after appeal period

This subdivision is about changing a development approval, other than the currency period, after all appeal periods in relation to the approval end.

78 Making change application

 - (b) the P&E Court, if—
 - (i) the change application is for a minor change; and
 - (ii) the development approval was given because of an order of the court; and

- (2) The person is taken to have engaged in the representative's conduct, unless the person proves the person could not have prevented the conduct by exercising reasonable diligence.
