ADVICE

1. This approval, granted under the provisions of the *Sustainable Planning Act 2009*, shall lapse four (4) years from the day the approval takes effect in accordance with the provisions of sections 339 and 341 of the *Sustainable Planning Act 2009*.
2. All building site managers must take all action necessary to ensure building materials and / or machinery on construction sites are secured immediately following the first cyclone watch and that relevant emergency telephone contacts are provided to Council officers, prior to commencement of works.
3. This approval does not negate the requirement for compliance with all other relevant Local Laws and other statutory requirements.
4. Road and Site Grading Master Plan

Any future development of Lot 1000 will require a Road and Site Grading Master plan to be undertaken for the entire site to a preliminary level. Stages contained in Stage 4 (A, B, C and D) and as amended by the conditions of the approval set the road alignments and geometry for future road connectivity within the estate. In order for any potential future development layouts of Lot 1000 to be accepted, the master plan will need to demonstrate that the proposed ultimate layout provides sufficient opportunities for efficient drainage through the site. ~~In order for Stage 4 layouts to be accepted, the master plan will need to demonstrate that the proposed ultimate layout provides sufficient opportunities for efficient drainage through the site.~~

Council notes that the road layout appears to follow the contours indicating limited longitudinal fall along the road. Provision of preliminary road grading together with the drainage study will need to demonstrate that layout is responsive to the topography and does not impose excessive stormwater infrastructure requirements.

5. Drainage

Future development of Lot 1000 will require the submission of a Drainage Study and master plan.

6. Infrastructure Charges Notice

A charge levied for the supply of trunk infrastructure is payable to Council towards the provision of trunk infrastructure in accordance with the Adopted Infrastructure Charges Notice, a copy of which is attached for reference purposes only. The original Adopted Infrastructure Charges Notice will be provided under cover of a separate letter.

The amount in the Adopted Infrastructure Charges Notice has been calculated according to Council's Adopted Infrastructure Charges Resolution.

Please note that this Decision Notice and the Adopted Infrastructure Charges Notice are stand-alone documents. The *Sustainable Planning Act 2009* confers rights to make representations and appeals in relation to a Decision Notice and an Adopted Infrastructure Charges Notice separately.
