Douglas Shire Council
PO Box 723
MOSSMAN QLD 4873

Dear Sir/Madam,

MCU application and Referral Agency Application for a Dwelling located at 20-22 Oak Street, Oak Beach QLD 4877 (25 and 26 O9511)

Please find our MCU and referral agency application and report which demonstrates compliance with the relevant performance requirements of Douglas Shire Planning Scheme and the Queensland Development Code for a proposed Dwelling and Garage located at 20-22 Oak Street, Oak Beach QLD 4877 (Lot25 and 26 O9511)

The subject property is located within the Low-Density Residential Zone under the Douglas Shire Planning Scheme. Within this zone, building work is self-assessable development, provided the development meets all the acceptable outcomes of the self-assessable criteria of the relevant Codes. As such, an assessment against the relevant acceptable outcomes has revealed two departures from the acceptable outcomes. Given the departures, the building work is deemed code assessable development requiring compliance with the applicable performance requirements.

The referral agency application portion is in relation to the non-compliance issues with the QDC MP1.2:-

- Acceptable front boundary setbacks

Please note, the subject allotments (Lot 25 and 26 O9511) are currently undergoing an amalgamation to accommodate the proposed building work.

Please find below our code assessment of the building work which demonstrates compliance with the applicable performance criteria.

If you have any queries or require any additional information, please do not hesitate to contact Ryan Wagemaker on 07 4222 9888

Yours faithfully,

The Building Approval Company

6.2.6 Low density residential zone code

6.2.6.1 Criteria for assessment

Performance outcomes	Acceptable outcomes	Applicant response
For self-assessable and assessable development		
PO1 The height of all buildings and structures must be in keeping with the residential character of the area.	AO1 Buildings and structures are not more than 8.5 metres and two storeys in height. Note – Height is inclusive of roof height.	Does not comply with AO1 Complies with PO1 The proposed dwelling is two storey and has a maximum height of 9.5m above ground level. The majority of the upper storey roof is below the 8.5m height other than the raised roof section of 7.5 x 5.5m in area that is architectural design feature of the building. There are multiple examples of existing two storey dwellings within Oak Street that are not dissimilar to that of the proposed. It is therefore considered that the proposed building is in keeping with the existing residential character of the immediate area.

9.3.8 Dwelling house code

PO1 Secondary dwellings: <ul style="list-style-type: none"> (a) are subordinate, small-scaled dwellings; (b) contribute to a safe and pleasant living environment; (c) are established on appropriate sized lots; (d) do not cause adverse impacts on adjoining properties. 	AO1 The secondary dwelling: <ul style="list-style-type: none"> (a) has a total gross floor area of not more than 80m², excluding a single carport or garage; (b) is occupied by 1 or more members of the same household as the dwelling house. 	Not Applicable There is no secondary dwelling proposed as part of this development.
PO2 Resident's vehicles are accommodated on- site	AO2 Development provides a minimum number of on-site car parking spaces comprising: <ul style="list-style-type: none"> (a) 2 car parking spaces which may be in tandem for the dwelling house; (b) 1 car parking space for any secondary dwelling on the same site. 	Complies with AO2 The proposed development includes a garage that would provide accommodation for two residents vehicles.
PO3 Development is of a bulk and scale that: <ul style="list-style-type: none"> (a) is consistent with and complements the built form and front boundary setbacks prevailing in the street and local area; (b) does not create an overbearing development for adjoining dwelling houses and their private open space; (c) does not impact on the amenity and privacy of residents in adjoining dwelling 	AO3 Development meets the acceptable outcome for building height in the applicable Zone code associated with the site.	Does not comply with AO3 Complies with PO3 <ul style="list-style-type: none"> a) The proposed dwelling is two storey and has a maximum height of 9.5m above ground level. Queensland Development Code

Siting dispensation for front boundary

How far is the proposed structure to be constructed from the front boundary line of the allotment? Measurement is from the outermost projections of the structure (i.e. edge of eaves) to the front boundary line.

The portion of the proposed building work that requires approval under the Performance Criteria of the QDC MP1.2 is the section of the garage front outermost projection located 4.7m in lieu of the required 6m allowable front setback.

PERFORMANCE CRITERIA AS STATED IN QUEENSLAND DEVELOPMENT CODE – MP 1.2

P1 – The location of a building or structure facilitated an acceptable streetscape, appropriate for -

a **The bulk of the building or structure; and
i.e. how much of the structure is encroaching into the front boundary setback, is it the majority of the structure or only a small portion?**

The proposed garage will be a single storey structure that will include a 3.15m high front OMP that will be finished 4.7m from the road boundary line. The proposed garage will occupy 6.2m of the 40m road boundary (once amalgamated).

b **The road boundary set-backs of the neighbouring buildings or structure; and
i.e. explain how the proposed encroachment will not be out of character with the neighbouring buildings or structures.
Note - the road boundary is the front boundary line of the allotment NOT the road.**

The existing built form along Oak Street currently includes single and two storey dwellings and ancillary structures with varying front boundary setbacks. There are several notable front setback encroachments in close proximity to the subject allotment. These include:-

- 25 Oak Street – Gate house on front boundary and double garage setback approximately 3.5m from road boundary
- 27 Oak Street – Double garage setback approximately 3.8m from road boundary
- 29 Oak Street – Double garage setback approximately 0.2m from the road boundary and dwelling setback approximately 5m

As demonstrated, the existing built form along Oak Street is inclusive of numerous front boundary setback reductions, many of which appear to be constructed over the past few years. The above examples are considered to present a bulk and presence to the street that exceeds the proposed garage.

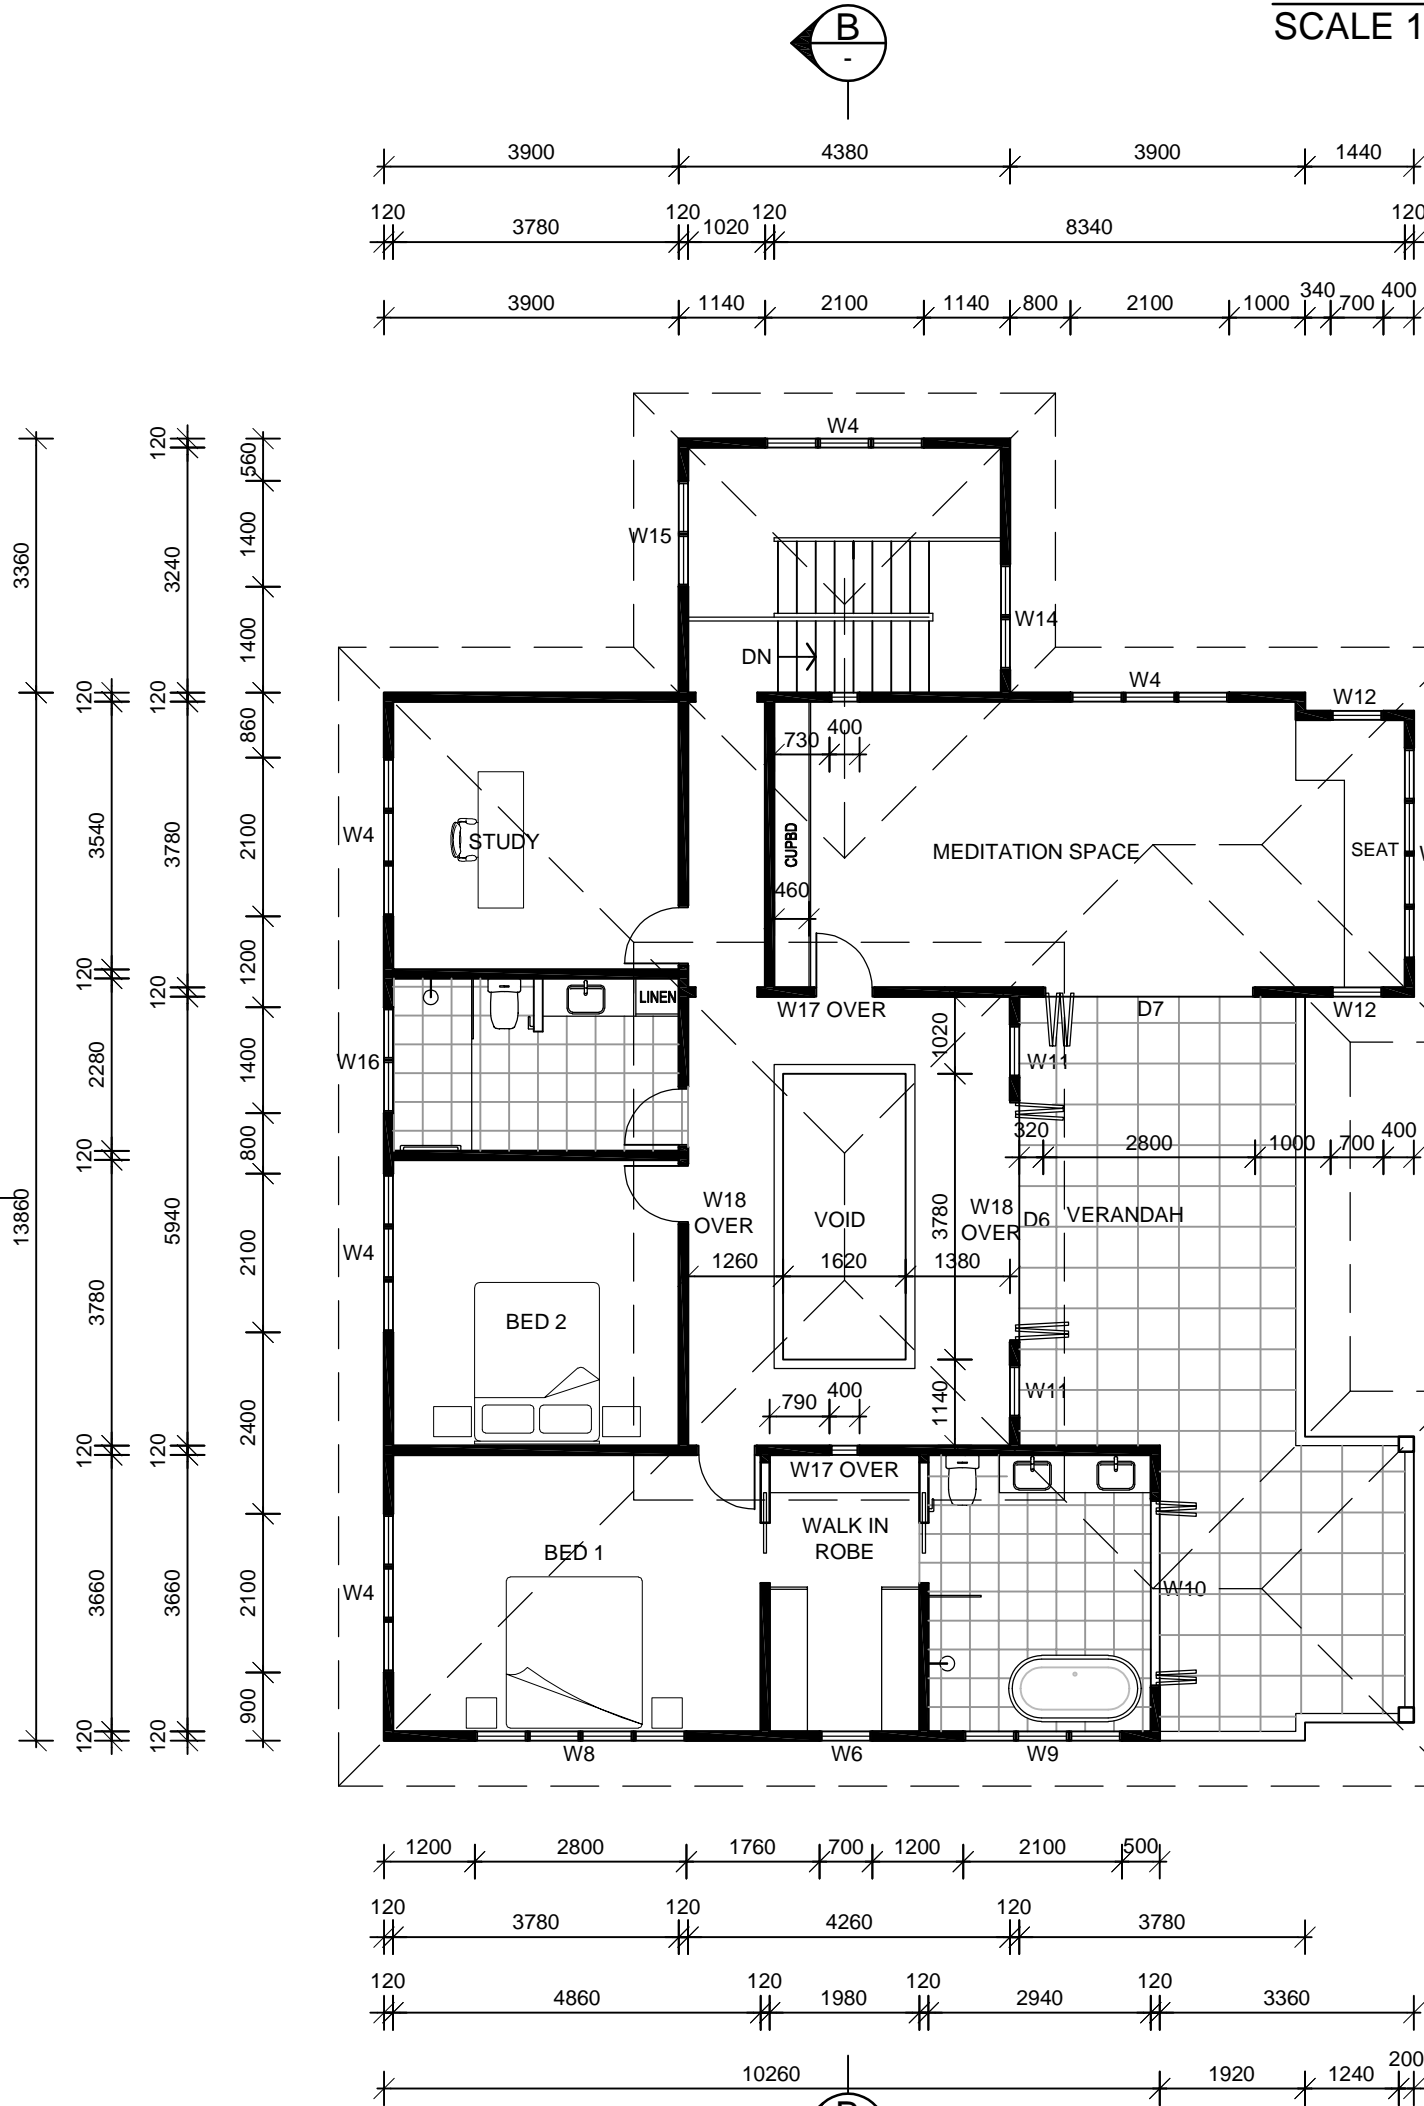

Given the numerous front setback reductions present along Oak Street, it is clear the desired streetscape character for the area is accepting of front boundary encroachments. As the proposed is in keeping with the current street scape pattern and the bulk presented is considered to be less than the examples provided, the proposed setback reduction will appropriately maintain the desired streetscape character for the area.

c **The outlook and views of neighbouring residents; and
i.e. explain why the proposed encroachment will not affect the outlook and views on neighbouring allotments.**

	<p>The neighbouring dwelling is two storey and positioned approximately 4.5m from the shared boundary with the subject allotment. The entire ground floor of this neighbouring dwelling appears to be occupied by vehicle storage, with the upper floor including a large verandah that faces the coast (east). Additionally, the side boundary appears to be occupied by mature vegetation that limits sightlines to the subject allotment.</p> <p>The proposed garage will be single storey and positioned approximately 6m from the neighbouring dwelling. Given the ground floor of the neighbouring dwelling is non-habitable and the proposed single storey garage is located north wards, the proposed front boundary setback reduction will not adversely affect the outlook and views from the neighbouring dwelling.</p>
d	<p>Nuisance and safety to the public. <i>i.e. will the structure block or restrict the visibility of vehicles or pedestrians from those vehicles backing out of carports or garages?</i></p> <p>As mentioned above, there are numerous garages on Oak Street that include front setback reductions of up to 3m. Given the proposed garage will be positioned 4.7m from the road boundary and provided with open space either side, drivers reversing will have ample space to gather safe sightlines to both directions of the street before entering.</p> <p>Furthermore, as there are several structures already constructed up to the Oak Street road boundary line, the proposed garage will not adversely project into the visibility of drivers navigating the area.</p> <p>Given the proposed garage will maintain a front setback that is similar to many structures along Oak Street, the proposed will not cause an adverse nuisance in the area and the current level of public safety will be appropriately maintained.</p>

DA Form 1 – Development application details

Approved form (version 1.3 effective 28 September 2020) made under section 282 of the Planning Act 2016.

This form **must** be used to make a development application **involving code assessment or impact assessment**, except when applying for development involving only building work.

For a development application involving **building work only**, use *DA Form 2 – Building work details*.

For a development application involving **building work associated with any other type of assessable development (i.e. material change of use, operational work or reconfiguring a lot)**, use this form (*DA Form 1*) and parts 4 to 6 of *DA Form 2 – Building work details*.

Unless stated otherwise, all parts of this form **must** be completed in full and all required supporting information **must** accompany the development application.

One or more additional pages may be attached as a schedule to this development application if there is insufficient space on the form to include all the necessary information.

This form and any other form relevant to the development application must be used to make a development application relating to strategic port land and Brisbane core port land under the *Transport Infrastructure Act 1994*, and airport land under the *Airport Assets (Restructuring and Disposal) Act 2008*. For the purpose of assessing a development application relating to strategic port land and Brisbane core port land, any reference to a planning scheme is taken to mean a land use plan for the strategic port land, Brisbane port land use plan for Brisbane core port land, or a land use plan for airport land.

Note: All terms used in this form have the meaning given under the Planning Act 2016, the Planning Regulation 2017, or the Development Assessment Rules (DA Rules).

Section 2 – Further development details

7) Does the proposed development application involve any of the following?

Material change of use	<input checked="" type="checkbox"/> Yes – complete division 1 if assessable against a local planning instrument
Reconfiguring a lot	<input type="checkbox"/> Yes – complete division 2
Operational work	<input type="checkbox"/> Yes – complete division 3
Building work	<input checked="" type="checkbox"/> Yes – complete <i>DA Form 2 – Building work details</i>

Division 1 – Material change of use

Note: This division is only required to be completed if any part of the development application involves a material change of use assessable against a local planning instrument.

8.1) Describe the proposed material change of use

Provide a general description of the proposed use	Provide the planning scheme definition (include each definition in a new row)	Number of dwelling units (if applicable)	Gross floor area (m ²) (if applicable)
Dwelling, Garage, Swimming Pool and Pool Fence	Dwelling		511m ²

8.2) Does the proposed use involve the use of existing buildings on the premises?

- ☐ Yes
- ☒ No

Division 2 – Reconfiguring a lot

Note: This division is only required to be completed if any part of the development application involves reconfiguring a lot.

9.1) What is the total number of existing lots making up the premises?

9.2) What is the nature of the lot reconfiguration? (tick all applicable boxes)

Referral checklist for building work

This referral checklist is required where any aspect of building work for a development application requires referral as identified in *DA Form 2 – Building work details*.

All relevant referral requirements for the development application are to be identified on this checklist. This checklist is to accompany *DA Form 2 – Building work details* for all development applications for building work that require referral.

Note: All terms used within the forms have the meaning given under the *Planning Act 2016* and the *Planning Regulation 2017*.

1) Referral requirements relevant to any building work identified on *Form 2 – Building work*

Note: The *Planning Regulation 2017* will determine if referral is required for a development application.

Matters requiring referral to the **Chief Executive of the Planning Act 2016**:

- ☐ Premises seaward of coastal building line
- ☐ Declared fish-habitat area
- ☐ State transport corridor
- ☐ Future state transport corridor
- ☐ Queensland heritage place

Matters requiring referral to the **local government**:

- ☐ Particular class 1 and 10 buildings and structures involving possible amenity and aesthetic impacts
- ☐ Particular buildings for residential purposes
- ☒ Design and siting
- ☐ Fire safety in particular budget accommodation building
- ☐ Higher risk personal appearance services
- ☐ Building work for residential services
- ☐ Building work for removal or rebuilding
- ☐ Building work for particular class 1 buildings relating to material change of use
- ☐ Temporary accommodation buildings
- ☐ Building work relating to end of trip facilities for Queensland Development Code, part 4.1
- ☐ Building work for class 1 building on premises with on-site wastewater management system
- ☐ Flood-hazard area
- ☐ Local heritage place

Matters requiring referral to the **Queensland Fire and Emergency Service**:

- ☐ Fire safety system – special fire services required or alternative solution proposed
- ☐ Fire safety system – budget accommodation buildings
- ☐ Fire safety system – residential care building
- ☐ Water-based fire safety installations
- ☐ Fire safety – farm buildings

Matters requiring referral to the **Safe Food Production QLD**:

- ☐ Retail meat premises

Matters requiring referral to the **Chief Health Officer under the Hospital and Health Boards Act 2011**:

- ☐ Private health facilities

Matters requiring referral to the **chief executive of the Pastoral Workers' Accommodation Act 1980**:

- ☐ Pastoral workers' accommodation

Matters requiring referral to the **relevant service provider**:

- ☐ Building work over or near relevant infrastructure relating to Queensland Development Code, part 1.4

DA Form 2 – Building work details

Approved form (version 1.2 effective 7 February 2020) made under Section 282 of the Planning Act 2016.

This form **must** be used to make a development application **involving building work**.

For a development application involving **building work only**, use this form (DA Form 2) only. The DA Forms Guide provides advice about how to complete this form.

For a development application involving **building work associated and any other type of assessable development** (i.e. material change of use, operational work or reconfiguring a lot), use *DA Form 1 – Development application details* and parts 4 to 6 of this form (DA Form 2).

Unless stated otherwise, all parts of this form **must** be completed in full and all required supporting information **must** accompany the development application.

One or more additional pages may be attached as a schedule to this development application if there is insufficient space on the form to include all the necessary information.

This form and any other form relevant to the development application must be used to make a development application relating to strategic port land and Brisbane core port land under the *Transport Infrastructure Act 1994*, and airport land under the *Airport Assets (Restructuring and Disposal) Act 2008*. For the purpose of assessing a development application relating to strategic port land and Brisbane core port land, any reference to a planning scheme is taken to mean a land use plan for the strategic port land, Brisbane port land use plan for Brisbane core port land, or a land use plan for airport land.

Note: All terms used in this form have the meaning given under the Planning Act 2016, the Planning Regulation 2017, or the Development Assessment Rules (DA Rules).
