## Reasons for Decision

1. The reasons for this decision are:
  - a. Sections 60, 62 and 63 of the *Planning Act 2016*;
  - b. to ensure the development satisfies the benchmarks of the 2018 Douglas Shire Planning Scheme Version 1.0; and
  - c. to ensure compliance with the *Planning Act 2016*.
2. Findings on material questions of fact:
  - a. the development application was properly lodged to the Douglas Shire Council 27/02/2023 under section 51 of the *Planning Act 2016* and Part 1 of the *Development Assessment Rules*;
  - b. the development application contained information from the applicant which Council reviewed together with Council's own assessment against the 2017 State Planning Policy and the 2018 Douglas Shire Planning Scheme Version 1.0 in making its assessment manager decision.
3. Evidence or other material on which findings were based:
  - a. the development triggered assessable development under the Assessment Table associated with the Low Density Residential Zone Code;
  - b. Council undertook an assessment in accordance with the provisions of sections 60, 62 and 63 of the *Planning Act 2016*; and
  - c. the applicant's reasons have been considered and the following findings are made:
    - i. Subject to conditions, the development satisfactorily meets the Planning Scheme benchmarks, in particular the development does not place excessive demand on the water supply associated with residential dwellings, the use does not create a danger by housing excessive amounts of LPG at the site and the use does not affect the amenity of the area by bringing non-resident workers to the site. The suite of conditions imposed on the development approval adequately regulate these concerns.

## Division 2 Changing development approvals

### Subdivision 1 Changes during appeal period

#### 74 What this subdivision is about

- (1) This subdivision is about changing a development approval before the applicant's appeal period for the approval ends.
- (2) This subdivision also applies to an approval of a change application, other than a change application for a minor change to a development approval.
- (3) For subsection (2), sections 75 and 76 apply—
  - (a) as if a reference in section 75 to a development approval were a reference to an approval of a change application; and
  - (b) as if a reference in the sections to the assessment manager were a reference to the responsible entity; and
  - (c) as if a reference in section 76 to a development application were a reference to a change application; and
  - (d) as if the reference in section 76(3)(b) to section 63(2) and (3) were a reference to section 83(4); and
  - (e) with any other necessary changes.

#### 75 Making change representations

- (1) The applicant may make representations (*change representations*) to the assessment manager, during the applicant's appeal period for the development approval, about changing—
  - (a) a matter in the development approval, other than—
    - (i) a matter stated because of a referral agency's response; or

- 
- (ii) a development condition imposed under a direction made by the Minister under chapter 3, part 6, division 2; or
  - (b) if the development approval is a deemed approval—the standard conditions taken to be included in the deemed approval under section 64(8)(c).
- (2) If the applicant needs more time to make the change representations, the applicant may, during the applicant's appeal period for the approval, suspend the appeal period by a notice given to the assessment manager.
- (3) Only 1 notice may be given.
- (4) If a notice is given, the appeal period is suspended—
- (a) if the change representations are not made within a period of 20 business days after the notice is given to the assessment manager—until the end of that period; or
  - (b) if the change representations are made within 20 business days after the notice is given to the assessment manager, until—
    - (i) the applicant withdraws the notice, by giving another notice to the assessment manager; or
    - (ii) the applicant receives notice that the assessment manager does not agree with the change representations; or
    - (iii) the end of 20 business days after the change representations are made, or a longer period agreed in writing between the applicant and the assessment manager.
- (5) However, if the assessment manager gives the applicant a negotiated decision notice, the appeal period starts again on the day after the negotiated decision notice is given.

## **76 Deciding change representations**

- (1) The assessment manager must assess the change representations against and having regard to the matters that

- must be considered when assessing a development application, to the extent those matters are relevant.
- (2) The assessment manager must, within 5 business days after deciding the change representations, give a decision notice to—
    - (a) the applicant; and
    - (b) if the assessment manager agrees with any of the change representations—
      - (i) each principal submitter; and
      - (ii) each referral agency; and
      - (iii) if the assessment manager is not a local government and the development is in a local government area—the relevant local government; and
      - (iv) if the assessment manager is a chosen assessment manager—the prescribed assessment manager; and
      - (v) another person prescribed by regulation.
  - (3) A decision notice (a *negotiated decision notice*) that states the assessment manager agrees with a change representation must—
    - (a) state the nature of the change agreed to; and
    - (b) comply with section 63(2) and (3).
  - (4) A negotiated decision notice replaces the decision notice for the development application.
  - (5) Only 1 negotiated decision notice may be given.
  - (6) If a negotiated decision notice is given to an applicant, a local government may give a replacement infrastructure charges notice to the applicant.
