Chief Executive Officer Douglas Shire Council PO Box 723 Mossman, QLD, 4873

Attention: Rebecca Taranto

Dear Rebecca.

Council's Ref: MCUC 2023_5336/1 – Proposed Dwelling House on Land at 21 Murphy St, Port Douglas – Change to Application to Include Bridge Link on 19 Murphy St

Further to recent correspondence and discussion with Council's Planner, Rebecca Taranto, on behalf of the Applicant, Anthony Hall, we seek to amend the Material Change of Use Development Application lodged with Council and currently in the Decision Stage, to include the section of the Bridge Link proposed between 19 and 21 Murphy Street.

The Bridge Link will provide ease of access between the living space proposed as part of the Dwelling House on 21 Murphy Street and the living space of the Dwelling House that exists on 19 Murphy Street. The Bridge Link structure will be constructed on each lot so that each part of the Bridge Link abuts the other part of the Bridge Link and each part of the Bridge Link will be constructed so that each part of the Bridge Link structure is not dependant of the other part of the Bridge Link for structural support.

The Bridge Link proposed between 19 and 21 Murphy Street comprised part of the proposed development since inception and its purpose, consequential design considerations and technical building approval considerations were discussed at pre-lodgement consultation where Council indicated its support for the Dwelling House proposed on 21 Murphy Street, including the Bridge Link proposal.

Given Council has been aware of the Bridge Link proposal since pre-lodgement consultation and the change to the Application does not vary the original intent of the proposed development, it is expected that the change will be deemed minor in nature and not delay the final assessment of the Application, as has been indicated by Council.

In addition to the detail provided above, to facilitate Council's consideration of the proposed change, we provide the following;

- 1) A copy of the amended DA Form 1 and the consent of the owner of 19 Murphy Street (refer to **Attachment A**); and
- 2) Ground Floor Plan and Elevation Plan detail, prepared by Architecture By Us, which include the part of the Bridge Link proposed on 19 Murphy Street and highlight the changes to the Plan detail already submitted to Council (refer to **Attachment B**).

It is anticipated that Council has adequate detail to finalise its assessment of the proposed development and it would be appreciated if a draft copy of the conditions to be imposed on the Approval be forwarded for consideration.

Should you seek to discuss any aspect of the proposed development and/or seek further information to facilitate your assessment, do not hesitate to contact the undersigned.

Yours sincerely, for RPS AAP Consulting Pty Ltd

DA Form 1 – Development application details

Approved form (version 1.3 effective 28 September 2020) made under section 282 of the Planning Act 2016.

This form **must** be used to make a development application **involving code assessment or impact assessment**, except when applying for development involving only building work.

For a development application involving **building work only**, use *DA Form 2 – Building work details*.

For a development application involving **building work associated with any other type of assessable development** (i.e. material change of use, operational work or reconfiguring a lot), use this form (*DA Form 1*) and parts 4 to 6 of *DA Form 2 – Building work details*.

Unless stated otherwise, all parts of this form **must** be completed in full and all required supporting information **must** accompany the development application.

One or more additional pages may be attached as a schedule to this development application if there is insufficient space on the form to include all the necessary information.

This form and any other form relevant to the development application must be used to make a development application relating to strategic port land and Brisbane core port land under the *Transport Infrastructure Act 1994*, and airport land under the *Airport Assets (Restructuring and Disposal) Act 2008*. For the purpose of assessing a development application relating to strategic port land and Brisbane core port land, any reference to a planning scheme is taken to mean a land use plan for the strategic port land, Brisbane port land use plan for Brisbane core port land, or a land use plan for airport land.

Note: All terms used in this form have the meaning given under the Planning Act 2016, the Planning Regulation 2017, or the Development Assessment Rules (DA Rules).
