Re: House DA at 86 George Road, Forest Creek, Qld (Ref: MCUI 1139/2015 (792462) & BA 20194640)
Request for DA extension

Dear Sir,

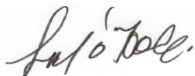

I refer to our telephone conversations on the 16th Dec 2020 and to your advice that the end date of the current House DA for this property (i.e. 16/09/2020) has been extended (Due to the Queensland Government directive resulting from the Covid 19 Pandemic) by a further 6 months to Mid – March 2021.

It is intended to commence construction of the House & New Vehicle bridge (DA under separate cover) in early 2021, after the rainy seasons has ended and it is probable that these constructions will not be completed before the 16/03/2021.

Therefore, it is requested that the House DA to extended by a further 4 years to enable the house construction to be completed.

I understand that that the DSC fee for processing of the House DA extension will be \$331.00 and await your advice on the DSC bank details to pay this fee via electronic bank transfer.

Yours Faithfully,

LD O'Toole.
