Ref: Notes supporting our Development Application to remove ten trees on our property at 4 Seabrook Avenue, Port Douglas.

As per the attached sketch we are applying to remove ten trees from our property at 4 Seabrook Avenue, Port Douglas. Each tree is numbered in the sketch and the table below outlines the reasons for their removal. Trees in the sketch which are not numbered are not part of this application and will remain.

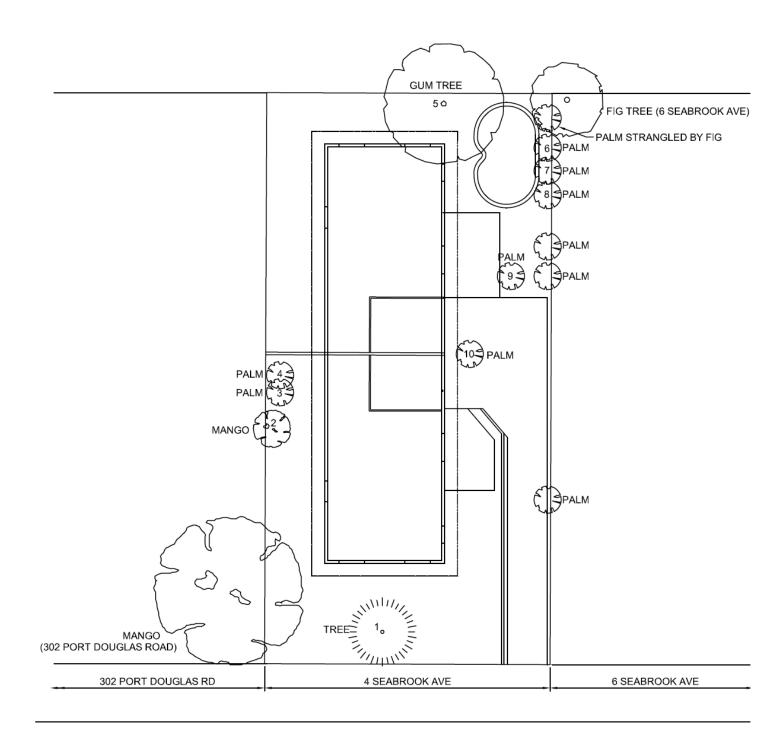

Tree No.	Photo	Proposed Vegetation Damage	Reasons
1	Tree 1.jpg	Removal	The branches are interfering with the overhead powerline to the property (Vegetation Management Code AO1.8). The roots are interfering with the building foundation and drainage.
2	Tree 2-3-4.jpg	Removal	The roots are interfering with the boundary wall and the branches are overhanging the boundary.
3 & 4	Tree 2-3-4.jpg	Removal	The roots are interfering with the boundary wall and the branches are overhanging the boundary.
5	Tree 5a.jpg Tree 5b.jpg	Removal	The trunk is within 3 metres of the building and pool. The limbs are overhanging the roof and are out of balance due to removal of limb overhanging boundary by rear neighbour. Roots are interfering with drainage, pool filtration equipment and the council sewer line.
6, 7 & 8	Tree 6-7-8.jpg	Removal	The roots are interfering with the pool structure and the overflow drain for the pool. Seed and frond litter fall into the pool resulting in increased cleaning and pool chemical costs as well as increased wear and tear on the pool filtration equipment.
9	Tree 9.jpg	Removal	The trunk is within 3 metres of the building and interfering with the concrete slab of the patio and drainage.
10	Tree 10.jpg	Removal	The trunk is within 3 metres of the building and interfering with the concrete slab and drainage from the downpipe.

We have issue with the "Acceptable Outcomes" available to us in the Vegetation management code section of the Douglas Planning Scheme in that there is no reference to the fact that the trees are causing nuisance to ours and the neighbours' properties. Following removal of the nominated trees we will be landscaping and replanting with suitable vegetation which provides visual amenity but does not cause nuisance or damage to property.

If council require any further information regarding our application, please feel free to contact us and we will endeavour to provide it as soon as possible.

Yours Faithfully

David Bruce and Jayne Phillips

DA Form 1 – Development application details

Approved form (version 1.3 effective 28 September 2020) made under section 282 of the Planning Act 2016.

This form **must** be used to make a development application **involving code assessment or impact assessment**, except when applying for development involving only building work.

For a development application involving **building work only**, use *DA Form 2 – Building work details*.

For a development application involving **building work associated with any other type of assessable development** (i.e. material change of use, operational work or reconfiguring a lot), use this form (*DA Form 1*) and parts 4 to 6 of *DA Form 2 – Building work details*.

Unless stated otherwise, all parts of this form **must** be completed in full and all required supporting information **must** accompany the development application.

One or more additional pages may be attached as a schedule to this development application if there is insufficient space on the form to include all the necessary information.

This form and any other form relevant to the development application must be used to make a development application relating to strategic port land and Brisbane core port land under the *Transport Infrastructure Act 1994*, and airport land under the *Airport Assets (Restructuring and Disposal) Act 2008*. For the purpose of assessing a development application relating to strategic port land and Brisbane core port land, any reference to a planning scheme is taken to mean a land use plan for the strategic port land, Brisbane port land use plan for Brisbane core port land, or a land use plan for airport land.

Note: All terms used in this form have the meaning given under the Planning Act 2016, the Planning Regulation 2017, or the Development Assessment Rules (DA Rules).
