CEO Douglas Shire Council 'PO Box 723 Mossman QLD 4873

To whom it may concern,

Application for development permit for reconfiguration of a lot (boundary realignment) over land located at Kingston Road, Whyanbeel, formally described as Lots 10 and 11 on SP155089

We, Tina Louise Alderson and Mathew John Schiesser (the applicants and owners of Lot 11 SP155089), are applying for a development approval for a Reconfiguration of a Lot to realign the boundary between Lots 10 and 11 on SP155089 as per the application and supporting attachments.

In support of the application, please find attached:

- Attachment 1 Development Application Form
- Attachment 2 Signed Owners consent in respect of Lot 10 SP155089
- Attachment 3 Certificate of Title Lot 11 SP155089
- Attachment 4 Plans a. to scale and b. free-drawn on screen
- Attachment 5 Copy of 2018 Douglas Shire Council Planning Scheme Property Reports that relate to the subject land
- Attachment 6 Response to the Planning scheme

The proposed boundary realignment is very minor in nature and moves the boundaries on two sides of Lot 11
\$P155089 to the new fence location as installed by neighbour Jim Scott. It does not impact on outcomes of the rural zone.

Please forward invoice to tinaalderson@bigbond.com.

Should there be any gueries please contact Tina on 0472 808 538

Kind regards

Tina Alderson

Mathew Schiesser

Attachment 1

DA Form 1 – Development application details

Approved form (version 1.3 effective 28 September 2020) made under section 282 of the Planning Act 2016.

This form **must** be used to make a development application **involving code assessment or impact assessment**, except when applying for development involving only building work.

For a development application involving **building work only**, use *DA Form 2 – Building work details*.

For a development application involving building work associated with any other type of assessable development (i.e. material change of use, operational work or reconfiguring a lot), use this form (DA Form 1) and parts 4 to 6 of DA Form 2 – Building work details.

Unless stated otherwise, all parts of this form **must** be completed in full and all required supporting information **must** accompany the development application.

One or more additional pages may be attached as a schedule to this development application if there is insufficient space on the form to include all the necessary information.

This form and any other form relevant to the development application must be used to make a development application relating to strategic port land and Brisbane core port land under the *Transport Infrastructure Act 1994*, and airport land under the *Airport Assets (Restructuring and Disposal) Act 2008*. For the purpose of assessing a development application relating to strategic port land and Brisbane core port land, any reference to a planning scheme is taken to mean a land use plan for the strategic port land, Brisbane port land use plan for Brisbane core port land, or a land use plan for airport land.

Note: All terms used in this form have the meaning given under the Planning Act 2016, the Planning Regulation 2017, or the Development Assessment Rules (DA Rules).

PART 1 – APPLICANT DETAILS

| 1) Applicant details | |
|---|--|
| Applicant name(s) (individual or company full name) | Tina Louise Alderson and Mathew John Schiesser |
| Contact name (only applicable for companies) | |
| Postal address (P.O. Box or street address) | PO Box 1337 |
| Suburb | Mossman |
| State | QLD |
| Postcode | 4873 |
| Country | Australia |
| Contact number | 0472 808 538 |
| Email address (non-mandatory) | tinaalderson@bigpond.com |
| Mobile number (non-mandatory) | |
| Fax number (non-mandatory) | |
| Applicant's reference number(s) (if applicable) | |

2) Owner's consent

2.1) Is written consent of the owner required for this development application?

x Yes – the written consent of the owner(s) is attached to this development application No – proceed to 3)

Matters requiring referral to the Chief Executive of the *Planning Act 2016*:

| Clearing native vegetation |
|---|
| Contaminated land (unexploded ordnance) |
| Environmentally relevant activities (ERA) (only if the ERA has not been devolved to a local government) |
| Fisheries – aquaculture |
| Fisheries – declared fish habitat area |
| Fisheries – marine plants |
| Fisheries – waterway barrier works |
| Hazardous chemical facilities |
| Heritage places – Queensland heritage place (on or near a Queensland heritage place) |
| ☐ Infrastructure-related referrals – designated premises |
| ☐ Infrastructure-related referrals – state transport infrastructure |
| Infrastructure-related referrals – State transport corridor and future State transport corridor |
| Infrastructure-related referrals – State-controlled transport tunnels and future state-controlled transport tunnels |
| Infrastructure-related referrals – near a state-controlled road intersection |
| ☐ Koala habitat in SEQ region – interfering with koala habitat in koala habitat areas outside koala priority areas |
| Koala habitat in SEQ region – key resource areas |
| Ports – Brisbane core port land – near a State transport corridor or future State transport corridor |
| Ports – Brisbane core port land – environmentally relevant activity (ERA) |
| Ports – Brisbane core port land – tidal works or work in a coastal management district |
| Ports – Brisbane core port land – hazardous chemical facility |
| Ports – Brisbane core port land – taking or interfering with water |
| Ports – Brisbane core port land – referable dams |
| Ports – Brisbane core port land – fisheries |
| Ports – Land within Port of Brisbane's port limits (below high-water mark) |
| SEQ development area |
| SEQ regional landscape and rural production area or SEQ rural living area – tourist activity or sport and recreation activity |
| ☐ SEQ regional landscape and rural production area or SEQ rural living area – community activity |
| ☐ SEQ regional landscape and rural production area or SEQ rural living area – indoor recreation |
| ☐ SEQ regional landscape and rural production area or SEQ rural living area – urban activity |
| ☐ SEQ regional landscape and rural production area or SEQ rural living area – combined use |
| ☐ Tidal works or works in a coastal management district |
| Reconfiguring a lot in a coastal management district or for a canal |
| Erosion prone area in a coastal management district |
| ☐ Urban design |
| ☐ Water-related development – taking or interfering with water |
| Water-related development – removing quarry material (from a watercourse or lake) |
| Water-related development – referable dams |
| Water-related development –levees (category 3 levees only) |
| Wetland protection area |
| Matters requiring referral to the local government: |
| ☐ Airport land |
| Environmentally relevant activities (ERA) (only if the ERA has been devolved to local government) |
| ☐ Heritage places – Local heritage places |
| Matters requiring referral to the Chief Executive of the distribution entity or transmission entity: |
| ☐ Infrastructure-related referrals – Electricity infrastructure |
| Matters requiring referral to: |
| The Chief Executive of the holder of the licence, if not an individual |
| The holder of the licence, if the holder of the licence is an individual |
| ☐ Infrastructure-related referrals – Oil and gas infrastructure |
| Matters requiring referral to the Brisbane City Council: |

| Supporting information addressing any applicable assessment benchmarks is with the development application Note: This is a mandatory requirement and includes any relevant templates under question 23, a planning report and any technical reports required by the relevant categorising instruments (e.g. local government planning schemes, State Planning Policy, State Development Assessment Provisions). For further information, see DAForms Guide: Planning Report Template . | x Yes |
| Relevant plans of the development are attached to this development application Note : Relevant plans are required to be submitted for all aspects of this development application. For further information, see <u>DA Forms Guide</u> : Relevant plans. | x Yes |
| The portable long service leave levy for QLeave has been paid, or will be paid before a development permit is issued (see 21) | Yes x Not applicable |

25) Applicant declaration

- x By making this development application, I declare that all information in this development application is true and correct
- x Where an email address is provided in Part 1 of this form, I consent to receive future electronic communications from the assessment manager and any referral agency for the development application where written information is required or permitted pursuant to sections 11 and 12 of the *Electronic Transactions Act 2001*

Note: It is unlawful to intentionally provide false or misleading information.

Privacy – Personal information collected in this form will be used by the assessment manager and/or chosen assessment manager, any relevant referral agency and/or building certifier (including any professional advisers which may be engaged by those entities) while processing, assessing and deciding the development application. All information relating to this development application may be available for inspection and purchase, and/or published on the assessment manager's and/or referral agency's website.

Personal information will not be disclosed for a purpose unrelated to the *Planning Act 2016*, Planning Regulation 2017 and the DA Rules except where:

- such disclosure is in accordance with the provisions about public access to documents contained in the Planning
 Act 2016 and the Planning Regulation 2017, and the access rules made under the Planning Act 2016 and
 Planning Regulation 2017; or
- required by other legislation (including the Right to Information Act 2009); or
- otherwise required by law.

This information may be stored in relevant databases. The information collected will be retained as required by the *Public Records Act 2002.*

14 Kingston Road WHYANBEEL

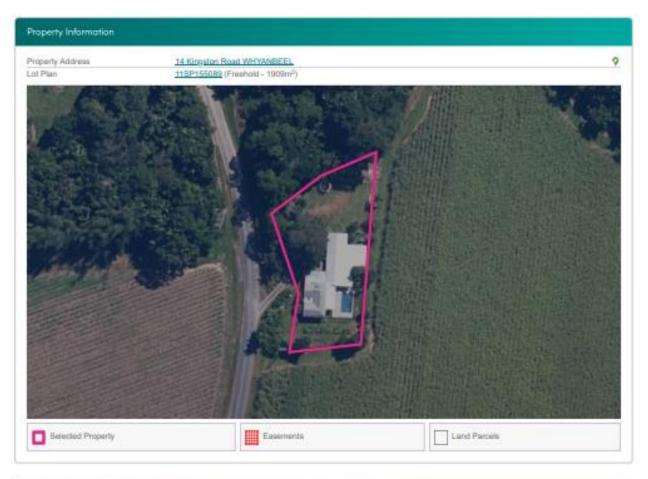

Produced: 29/08/2022

2018 Douglas Shire Council Planning Scheme Property Report

The following report has been automatically generated to provide a general indication of development related information applying to the premise.

For more information and to determine if the mapping layers are applicable, refer to the 2018 Douglas Shire Council Planning Scheme. This report is not intended to replace the need for carrying out a detailed assessment of Council and State controls or the need to seek your own professional advice on any town planning instrument, local law or other controls that may impact on the existing or intended use of the premise mentioned in this report. For further information please contact Council by phone: 07 4099 9444 or 1800 005 318 or email anguines@douglas.old.gov.ac.

Visit Council's website to apply for an official property search or certificate, or contact the <u>Department of Natural Resources</u>. Mines and Energy to undertake a title search to ascertain how easements may affect a premise.

2018 Douglas Shire Council Planning Scheme Property Report

The following report has been automatically generated to provide a general indication of development related information applying to the premise.

For more information and to determine if the mapping layers are applicable, refer to the 2018 Douglas Shire Council Planning Scheme. This report is not intended to replace the need for carrying out a detailed assessment of Council and State controls or the need to seek your own professional advice on any town planning instrument, local law or other controls that may impact on the existing or intended use of the premise mentioned in this report. For further information please contact Council by phone: 07 4099 9444 or 1800 026 318 or email enquiries@douglas.pid.gov.au.

Visit Council's website to apply for an official property search or certificate, or contact the Department of Natural Resources, Mines and Energy to undertake a title search to ascertain how easements may affect a premise.

Attachment 6

9.4.7 Reconfiguring a lot code

9.4.7.1 Application

- (1) This code applies to assessing reconfiguring a lot if:
 - (a) assessable development where the code is an applicable code identified in the assessment criteria column of a table of assessment;
 - (b) impact assessable development, to the extent relevant.
- (2) When using this code, reference should be made to Part 5.

9.4.7.2 Purpose

- (1) The purpose of the Reconfiguring a lot code is to regulate development for reconfiguring a lot.
- (2) The purpose of the code will be achieved through the following overall outcomes:
 - development results in a well-designed pattern of streets supporting walkable communities;
 - (b) lots have sufficient areas, dimensions and shapes to be suitable for their intend use taking into account environmental features and site constraints;
 - road networks provide connectivity that is integrated with adjoining existing or planned development while also catering for the safe and efficient access for pedestrians, cyclists and for public transport;
 - (d) lots are arranged to front all streets and parkland such that development enhances personal safety, traffic safety, property safety and security; and contributes to streetscape and open space quality;
 - development does not diminish environmental and scenic values, and where relevant, maintains and enhances public access and use of natural areas, rivers, dams, creeks and the foreshore, in a way that protects natural resources;
 - (f) people and property are not placed at risk from natural hazards;
 - (g) a range of functional parkland, including local and district parks, major areas of parkland with a region-wide focus and open space links are available for the use and enjoyment of residents and visitors to the region;
 - (h) the appropriate standard of infrastructure is provided.

6.2.10 Rural zone code

6.2.10.1 Application

- This code applies to assessing development in the Rural zone.
- (2) When using this code, reference should be made to Part 5.

6.2.10.2 Purpose

- (1) The purpose of the Rural zone code is to provide for:
 - (a) provide for rural uses including cropping, intensive horticulture, intensive animal industries, animal husbandry, animal keeping and other primary production activities;
 - (b) provide opportunities for non-rural uses, such as ancillary tourism activities that are compatible with agriculture, the environmental features, and landscape character of the rural area where the uses do not compromise the long-term use of the land for rural purposes:
 - (c) protect or manage significant natural resources and processes to maintain the capacity for primary production.
- (2) The local government purpose of the code is to:
 - (a) implement the policy direction set in the Strategic Framework, in particular:
 - Theme 2: Environment and landscape values, Element 3.5.5 Scenic amenity.
 - (ii) Theme 3 : Natural resource management, Element 3.6.2 Land and catchment management, Element 3.6.3 Primary production, forestry and fisheries, Element 3.6.4 – Resource extraction.
 - (iii) Theme 5 Economy, Element 3.8.2 Economic growth and diversification, Element 3.8.4 – Primary production.
 - (iv) Theme 6: Infrastructure and transport, Element 3.9.4 Transport.
 - recognise the primacy of rural production, in particular sugar cultivation, and other farming practices in rural areas;
 - (c) provide protection to areas of ecological significance and scenic amenity significance where present.
- (3) The purpose of the code will be achieved through the following overall outcomes:
 - (a) Areas for use for primary production are conserved and fragmentation is avoided.
 - (b) Development embraces sustainable land management practices and contributes to the amenity and landscape of the area.
 - (c) Adverse impacts of land use, both on-site and on adjoining areas, are avoided and any unavoidable impacts are minimised through location, design, operation and management.
 - (d) Areas of remnant and riparian vegetation are retained or rehabilitated.

|--|---|---|
| PO3 Buildings/structures are designed to maintain the rural character of the area. | AO3 White and shining metallic finishes are avoided on external surfaces of buildings | No new building works in the proposed realignment |
| For assessable development | 1.004 | |
| PO4 The establishment of uses is consistent with the outcomes sought for the Rural zone and protects the zone from the intrusion of inconsistent uses. | AO4 Uses identified in Table 6.2.10.3.b are not established in the Rural zone. | Very minor change in amount of former cane, now grazing, land |
| PO5 Uses and other development include those that: (a) promote rural activities such as agriculture, rural enterprises and small scale industries that serve rural activities; or (b) promote low impact tourist | AO5 No acceptable outcomes are prescribed | Very minor change in amount of former cane, now grazing, land |
| activities based on the appreciation of the rural character, landscape and rural activities; or | | n/a |
| (c) are compatible with rural activities. | | Compatible with rural activities |
| PO6 Existing native vegetation along watercourses and in, or adjacent to areas of environmental value, or areas of remnant vegetation of value is protected. | AO6 No acceptable outcomes are prescribed | No requirements to clear or damage any vegetation |
| PO7 The minimum lot size is 40 hectares, unless (a) the lot reconfiguration results in no additional lots (e.g. amalgamation, boundary realignments to resolve encroachments); or (b) the reconfiguration is limited to one additional lot to accommodate: (i) Telecommunications facility; (ii) Utility installation. | AO7 No acceptable outcomes are prescribed | Not applicable |

Table 6.2.10.3.b - Inconsistent uses within the Rural zone.

| Inco | neie | 47-17-1 | апе | ae |
|------|------|---------|-----|----|

- Adult store
- Bar
- Brothel
- Car wash
- Child care centre
- Club
- Community care centre
- Community residence
- Detention facility,
- Dual occupancy
- Dwelling unit
- Food and drink outlet
- Hardware and trade supplies
- Health care services
- · High impact industry

- Hotel
- Indoor sport and recreation
- · Low impact industry
- Medium impact industry
- Multiple dwelling
- Nightclub entertainment facility
- Non-resident workforce accommodation
- Office
- Outdoor sales
- Parking station
- Permanent plantation
- Port services
- Relocatable home park
- Renewable energy facility, being a wind farm

- Residential care facility
- Resort complex
- Retirement facility
- Rooming accommodation
- Sales office
- Service station
- Shop
- Shopping centre
- Short-term accommodation
- Showroom
- Special industry
- Theatre
- Warehouse

Note – This table does not imply that all other uses not listed in the table are automatically consistent uses within the zone. Assessable development must still demonstrate consistency through the assessment process.

8.2 Overlay codes

8.2.1 Acid sulfate soils overlay code

8.2.1.1 Application

- (1) This code applies to assessing a material change of use, reconfiguring a lot, operational work or building work within the Acid sulfate soils overlay, if:
 - (a) self-assessable or assessable development where the code is identified as being applicable in the Assessment criteria for the Overlay Codes contained in the Levels of Assessment Tables in section 5.6;
 - (b) impact assessable development.
- (2) Land in the Acid sulphate soils overlay is identified on the Acid sulfate soils overlay map in Schedule 2 and includes the following sub-categories:
 - (a) Land at or below the 5m AHD sub-category;
 - (b) Land above the 5m AHD and below the 20m AHD sub-category.
- (3) When using this code, reference should be made to Part 5.

8.2.1.2 Purpose

- (1) The purpose of the acid sulfate soils overlay code is to:
 - (a) implement the policy direction in the Strategic Framework, in particular:
 - Theme 2: Environment and landscape values, Element 3.5.4 Coastal zones.
 - (ii) Theme 3: Natural resource management, Element 3.6.2 land and catchment management, Element 3.6.3 Primary production, forestry and fisheries.
- (2) enable an assessment of whether development is suitable on land within the Acid sulfate soils overlay sub-categories.
- (2) The purpose of the code will be achieved through the following overall outcomes:
 - (a) Development ensures that the release of any acid and associated metal contaminant is avoided by not disturbing acid sulfate soils when excavating, removing soil or extracting ground water or filling land;
 - (b) Development ensures that disturbed acid sulfate soils, or drainage waters, are treated and, if required, on-going management practices are adopted that minimise the potential for environmental harm from acid sulfate soil and protect corrodible assets from acid sulfate soil.

No excavation or filling will be occurring as part of the proposed boundary realignment.

8.2.4 Flood and storm tide hazard overlay code

8.2.4.1 Application

- (1) This code applies to assessing a material change of use, reconfiguring a lot, operational work or building work within the Flood and storm tide hazard overlay, if:
 - self assessable or assessable development where the code is identified as being applicable in the Assessment criteria for the Overlay Codes contained in the Levels of Assessment Tables in section 5.6;
 - (b) impact assessable development.
- (2) Land in the Flood and storm tide hazard overlay is identified on the Flood and storm tide hazard overlay map in Schedule 2 and includes the:
 - (a) Storm tide high hazard sub-category;
 - (b) Storm tide medium hazard sub-category;
 - (c) Flood plain assessment sub-category;
 - (d) 100 ARI Mossman, Port Douglas and Daintree Township Flood Studies sub-category.
- (3) When using this code, reference should be made to Part 5.

Note - The Flood and storm tide hazards overlay maps contained in Schedule 2 identify areas (Flood and storm tide inundation areas) where flood and storm tide inundation modelling has been undertaken by the Council. Other areas not identified by the Flood and inundation hazards overlay maps contained in Schedule 2 may also be subject to the defined flood event or defined storm tide event.

8.2.4.2 Purpose

- (1) The purpose of the Flood and storm tide hazard overlay code is to:
 - (a) implement the policy direction in the Strategic Framework, in particular:
 - Theme 1 Settlement pattern: Element 3.4.7 Mitigation of hazards;
 - (ii) Theme 6 Infrastructure and transport: Element 3.9.2 Energy.
 - enable an assessment of whether development is suitable on land within the Flood and storm tide hazard sub-categories.
- (2) The purpose of the code will be achieved through the following overall outcomes:
 - development siting, layout and access responds to the risk of the natural hazard and minimises risk to personal safety;
 - development achieves an acceptable or tolerable risk level, based on a fit for purpose risk assessment;
 - the development is resilient to natural hazard events by ensuring siting and design accounts for the potential risks of natural hazards to property;
 - the development supports, and does not unduly burden disaster management response or recovery capacity and capabilities;
 - the development directly, indirectly and cumulatively avoids an unacceptable increase in severity of the natural hazards and does not significantly increase the potential for damage on site or to other properties;
 - (f) the development avoids the release of hazardous materials as a result of a natural hazard event:
 - (g) natural processes and the protective function of landforms and/or vegetation are maintained in natural hazard areas;
 - (h) community infrastructure is located and designed to maintain the required level of functionality during and immediately after a hazard event.

No new building works in the proposed realignment as such the criteria are not applicable.

8.2.10 Transport network overlay code

8.2.10.1 Application

- This code applies to assessing a material change of use, reconfiguring a lot, operational work or building work within the Transport network overlay; if:
 - self-assessable or assessable development where the code is identified as being applicable in the Assessment criteria for the Overlay Codes contained in the Levels of Assessment Tables in section 5.6;
 - impact assessable development. (b)
- Land within the Transport network overlay is identified on the Transport network (Road Hierarchy) overlay map and the Transport network (Pedestrian and Cycle) overlay map in Schedule 2 and includes the following sub-categories:
 - Transport network (Road Hierarchy) overlay sub-categories:
 - State controlled road sub-category;
 - (ii) Sub-arterial road sub-category;
 - (iii) Collector road sub-category;(iv) Access road sub-category;

 - (v) Industrial road sub-category;

 - (vi) Major rural road sub-category;(vii) Minor rural road sub-category;
 - (viii) Unformed road sub-category;
 - (ix) Major transport corridor buffer area sub-category.
 - Transport network (Pedestrian and Cycle) overlay sub-categories:
 - Principal route;
 - (ii) Future principal route;
 - (iii) District route;
 - (iv) Neighbourhood route;
 - Strategic investigation route.
- When using this code, reference should be made to Part 5.

8.2.10.2 Purpose

- The purpose of the Transport network overlay code is to:
 - implement the policy direction of the Strategic Framework, in particular:
 - Theme 1: Settlement pattern Element 3.4.2 Urban settlement, Element 3.4.3 Activity centres;
 - Theme 6: Infrastructure and transport Element 3.9.4 Transport;
 - enable an assessment of whether development is suitable on land within the Transport
- The purpose of the code will be achieved through the following overall outcomes:
 - (a) development provides for transport infrastructure (including active transport
 - (b) development contributes to a safe and efficient transport network;
 - development supports the existing and future role and function of the transport network;
 - development does not compromise the safety and efficiency of major transport infrastructure and facilities.

Not applicable to the proposed boundary realignment.

The boundary realignment proposal involves no changes to the current layout, infrastructure, access and environment.

No proposed developments in this application.

The following codes are not applicable with the boundary realignment proposal

- 8.2.5 Hillslopes overlay code
- 8.2.9 Potential landslide hazard overlay code
- 8.2.7 Natural areas overlay code
