TO THE DOUGLAS SHIRE MAYER
AND COUNCILLORS

DEAR SIRS, MADAM,

I AM WRITING TO YOU
about the change of Designation of the
property on 35-39 PORT ST. LOT 11 on SP273000
from Marine to Aviation purposes.
The Aviation purposes being to build two
HELICOPTER PADS.
This place is too close to a very built up
area of PORT DOUGLAS. We have BACK PACKERS
RESORT, NUMEROUS units and town houses and
Motels, not to forget the PORT SEA RESORT and
Many others. These are all within the noise
area of TAKE OFF AND LANDING OF HELICOPTERS.
Noise TRAVELS I can remember the HOVERCRAFT
when it used to go down to Cairns, you could
hear that quite clearly here and that was stopped.

2

PORT is too small to have Helicopters right in town disturbing the hospitality workers who are on shifts and all the Tourists staying in the area.

Also think of the poor Yachties on their boats moored along the Estuary.

GREAT FOR THEM.

I wish to strongly object to the proposal to change the DESIGNATION ~~to~~ to AVIATION and have a HELIPORT at the end of my street.

Yours Sincerely
J. R. Lowdell.
