

Council's Free Waste & Recycling Education Program

Douglas Shire Council offers waste and recycling education sessions to all primary schools in Douglas Shire. These interactive sessions provide an overview of how waste and recycling is managed in Douglas. They include discussion on where our waste and recycling goes, how we can reduce the amount of waste which ends up in landfill and how to recycle correctly. Sessions can be tailored to focus on any waste related topics which are being discussed in the classroom and will run for approx. 45 mins – 1 hour. Sessions are best suited to smaller groups, such as one class at a time (approx. 30 children) or other groups within the school such as the SRC or school leaders.

To book a waste education session please complete and return this form to enquiries@douglas.qld.gov.au. To complete this form electronically, please download a copy on to your computer, enter and save your details and attach in the reply email.

If you require further information on the waste education program or assistance with lessons relating to waste and recycling please contact the Waste Education Officer Douglas Shire Council on enquiries@douglas.qld.gov.au or phone 4099 9444.
