SECTION 5– Declaration

The applicant/s as named in Section 2 above, declare that the information provided in this application is true and correct and I/we consent to the making of enquiries and exchange of information with authorities of any Local, State/Territory or Commonwealth department in regard to any matters relevant to this application.

All water service and water meter installations are subject to the *Plumbing and Drainage Act 2018*, the *Water Supply (Safety and Reliability) Act 2008*, the *Plumbing and Drainage Regulation 2019* and relevant Douglas Shire Council policies.

I/We confirm I/we are authorised to make this application and give permission for Council staff to alter the water service at the above-named property. I/we agree with the following terms and conditions:

- All fees must be received in full prior to scheduling works.
- I/We understand that Council may shut off the supply of water for such period as deemed necessary for repairs, alterations or additions to the water supply system. Prior notice will be provided wherever possible.
- Site must allow clear access free of all obstructions including vegetation and building materials.
- All new water services will be installed to within 500mm of the left or right-hand boundary. Council reserves the right to vary the installation location depending on site conditions and asset locations.
- Douglas Shire Council is not responsible for the maintenance of any plumbing between the water meter and the house side of the property. Any private infrastructure remains the responsibility of the property owner. It will be my/our responsibility to engage a licensed plumber to inspect and rectify any internal pipework or internal leaks.
- I/We understand that Council may enter the land concerned to effect any necessary alterations to the water service or water meter.
- I/We grant Council permission to enter the property and undertake site inspections to complete requested works as necessary.
- Once installed, I/we understand that Council may enter the land concerned to affect any necessary alterations or repairs to the water service connection or the water meter in the future.
- In case of disconnections, I/we confirm that the requested disconnection will not affect any person occupying the premises.
